

# BY-GONE DAYS

## Twenty-Eight Years Ago

(From the Files of The Oregon Mist May 27, 1892.)

Mrs. S. A. Miles and daughter, Cora, of this place are visiting in Silverton.

Clerk Quick and T. C. Watts went to Clatskanie and other points down the river Wednesday.

A marriage license was issued by the county clerk Wednesday to Francis C. Thornton and Miss Minnie L. Patterson of Deer Island.

The republicans had on their ticket for election that year: For representative, Norman Merrill; sheriff, C. W. Blakesley; clerk, E. E. Quick; commissioner, Israel Spencer; county judge, Dean Blanchard; E. M. Wharton; assessor, George Mayger; surveyor, A. B. Little; school superintendent, T. J. Cleeton; coroner, B. P. Quivy.

Edgar Enyart, son of B. C. Enyart of Deer Island, met with a very painful accident last Tuesday evening while slashing by cutting four toes off his left foot.

## Twenty-Five Years Ago

(From the Files of The Oregon Mist May 31, 1895.)

A couple of gentlemen had a phonograph on exhibition for two or three days in our city. A deposit of a nickel gave one a chance to hear music ground out in good shape.—Clatskanie Notes.

James Galtens has beaten all previous records for planting potatoes. He dropped and covered thirty sacks in three hours less than two days. He has now planted about 100 bushels, and if the high water does not submerge this section Jim will have potatoes to throw at the birds.—Deer Island Notes.

Dr. Edwin Ross, who is house surgeon at St. Vincent's hospital, Portland, spent last Sunday at home, returning Monday.

## Twenty Years Ago

(From the Files of The Oregon Mist May 25, 1900.)

Judson Weed of Philomath, Benton county, was in this city a day or two this week. Mr. Weed looks as robust, anyway, as when he resided here, and reports the health of his family good.

Five daily steamers now land at St. Helens.

Wednesday night's storm was a genuine "ripper." Down at Neer City it raised havoc with things. About three-fourths of a mile of Farr Bros' flume was destroyed.

The total registration of the voters for Columbia county is given as 1583.

The Northern Pacific railroad company has reduced the local passenger fare one cent per mile from all points west of Hope and Wallace, the same to take effect July 1st.

## THANKS TO FRIENDS

I wish to thank my friends and the voters of Columbia county for the support given me in the recent primary election. Official duties so fully occupied my attention that I had not time to make any extended canvass for renomination. If re-elected I shall work for the best interest of the schools of the entire county, giving the rural schools as in the past the attention they are entitled to receive. New and strictly up-to-date rural schools are being erected throughout the county and have been for some years past, equipped with the very latest and best in everything. At the present time three modern rural school buildings are being erected in this county.

Consolidation has been successfully carried out in several parts of this county for the past ten years and will continue as fast as conditions will warrant consolidation. We need consolidation for High School purposes at Clatskanie, Rainier and St. Helens for common betterment and economic reasons. We only consolidate with schools we can secure better schools and school privileges at a reduction in costs. The taxpayer that pays the bills must be taken into consideration and given full value for his money.

Sincerely,  
J. W. ALLEN,  
County School Superintendent.

## For a Weak Stomach.

As a general rule all you need to do is to adopt a diet suited to your age and occupation and to keep your bowels regular. When you feel that you have eaten too much and when constipated, take one of Chamberlain's Tablets.

## REPORT OF WATER CLERK

| Report of the Clerk of the Water Board for the City of St. Helens, Oregon, from January 1st, 1919 to March 31st, 1920. |             |             |
|------------------------------------------------------------------------------------------------------------------------|-------------|-------------|
| Balance on hand last report.....                                                                                       | \$ 3,394.99 |             |
| Collected for water rentals.....                                                                                       | 8,575.67    |             |
| Collected on delinquent water rentals.....                                                                             | 2,290.69    |             |
| Collected water from Houlton.....                                                                                      | 1,714.89    |             |
| Collected water rental from Columbia City.....                                                                         | 1,020.00    |             |

Respectfully submitted,  
E. E. QUICK,  
Sec'y. Water Board.

## FARM POINTERS THAT POINT

Day-to-Day Hints on Big and Little Items of Program, by O. A. C. Specialists.

Poultry: Next year's profit in poultry will be determined largely by the feed and feeding now received by the young chicks. The winter egg supply will either be increased or decreased according to the care given to the young chicks.

There is no one best or essential ration. Chickens may be fed on various feeds and do well, but all rations should contain the kind of ingredients necessary for growth in right proportions, whether corn or wheat, meat scrap or fish scrap or milk. The poultryman who is feeding for profit must consider the question of prices and the availability of feeds.

Farm Management: Facts and figures on the cost of production must be produced by the farmer in order to make arguments for price regulations effective.

Dairy: Pastures will soon be getting short. A diminishing milk yield is the proof. Cut early vetch, clover or other green feed daily for the cows. It will more than pay for the labor expended.

Calves should have milk for at least six months. A small amount daily will suffice but it is important that they are fed regularly.

Bowel trouble in calves is common in hot weather. See that buckets are clean and the milk sweet and wholesome.

Plan to fill the silo with oats and vetch or clover for summer feeding, and again in the fall with corn. A continuous supply of succulent feed helps to cheapen the cost of production and in this way increase profits.

For certain results at small cost there is nothing equal to a Mist Want Ad if you have anything to sell or are in the market to buy anything.

## NOTICE TO PUBLIC

Having closed out my business in St. Helens, I take this opportunity of extending my sincere thanks to the people for their generous patronage during the years I was in business, and bespeak for my successor the same generous patronage.

During my absence in the east my business affairs will be in the hands of the Columbia County bank. Those knowing themselves to be indebted to me are requested to call at the bank and make settlement without further delay. HENRY MORGUS, 211t

## Do Your Best.

Everyone should do all he can to provide for his family and in order to do this he must keep his physical system in the best condition possible. No one can reasonably hope to do much when he is half sick a good share of the time. If you are constipated, bilious or troubled with indigestion get a package of Chamberlain's Tablets and follow the plain printed directions, and you will soon be feeling alright and able to do a day's work.

## BARGAINS IN USED CARS

Four 1918 Maxwell touring cars; one 1920 Maxwell; one Buick roadster. All cars thoroughly overhauled and absolutely guaranteed to be in first class condition. One 1918 Reo Six, 7 passenger, good as new. Prices on these cars are right and will be sold on terms. One early 1920 touring and one late 1920 roadster, Maxwells, new. Flynn & Cornthwaite, St. Helens, Ore. Phone 138-J. One block east of depot.
