COUNTY OFFICIAL PAPER

Member National Editorial Association and Oregon State Editorial Association.

THE DEMOCRATIC STANDARD BEARER

Governor Cox of Ohio has been chosen as the standard bearer of the democratic party, after a long and bitter contest at the convention which was handicapped and to a certain extent dominated by the administration forces.

The Mist believes Harding will win out over Cox, but the latter's record as governor of the great state of Ohio for three terms, will, undoubtedly, be of much aid to him in his campaign, and if he makes a whirlwind campaign throughout the country while Harding conducts the "front porch" campaign, the chances for democratic success are better than the average republican guesses.

THE BAND

A good band is an essential institution in any good town, and St. Helens has a good band. With little encouragement from the home people, the band was organized and under the capable direction of Bandmaster Oleen, has become a real band, one which St. Helens and the south end of the county may well feel proud.

The merry-go-round was here for the Fourth and there were many kiddies who surrendered their dime and ONE CENT WAR TAX to ride.

CREDIT SHOULD BE GIVEN

The Fourth of July celebration is now another page in St. Helens' history, and while each citizen of the town is saying, "Well, we had a good Fourth," and while each visitor is complimenting St. Helens, it is well for us to pause and think who was responsible for the successful celebration. It took work, and a lot of it, to make out and carry out the program and some one had to do it. It was a lot of hard work to arrange the parade and for the exercises of the day.

The Economic Situation Demands Thrift... During the "come-easy, go-easy" period after the war prosperity was so prevalent that practicing right economy was not deemed absolutely essential. Columbia County Bank President SHERMAN M. MILES Cashier J. H. HUTCHINSON

The Truth Longfellow could take a worthless piece of paper and write a poem on it and make it worth \$65,000. That's Genius. There are men who can write a few words on a piece of paper and make it worth a million dollars. That's Wealth. A mechanic can take material worth \$5.00 and make it into watch springs worth one thousand dollars. That's Skill. A merchant can take an article costing seventy-five cents and sell it for one dollar. That's Business. You can get a sack of tobacco for 10 cents. That's Bull. The author of this could write a check for \$1,000,000, but it wouldn't be worth a cent. That's Tough. Patrons of the Co-Operative Store say that the company is constantly and effectively striving to give them better service. That's the Truth.
