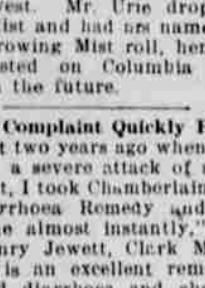
NAZIMOVA IS DANCER IN HER NEW PICTURE

Nazimova, the brilliant Russian star, in her newest production, "Stronger Than Death," is announced by the management of the Liberty theatre as the special attraction, beginning tonight, for a run of two days. The presentation of this great artiste in a great photodrama is described as a particular treat for motion picture-goers.

In "Stronger Than Death" Nazimova returns to powerful emotional roles after her clever impersonation of the chorus waif in her picturization of Maude Fulton's Morosco stage play, "The Brat."



The story is an adaptation of Charles Bryant of I. A. R. Wylie's brilliant novel of Anglo-Indian life. It is said to be replete with thrills and compelling dramatic climaxes that grow out of an abortive mutiny and massacre of the English planned by the fanatical Hindu natives

Nazimova's biggest scene is her dance on the steps of the temple—a weird dance in the moonlight which strikes awe and terror to the hearts of the blacks, and causes them to delay their uprising until the British garrison comes to the rescue of the civilian community of Gaya. Her sacrifice is rewarded by the devotion of the hermit doctor, the strong male figure in the tense drama.
