Summer Complaint in Children

There is not anything like so many deaths from this disease now as before Chamberlain's Colic and Diarrhoea Remedy came into such general use. When this remedy is given with castor oil as directed and proper care is taken as to diet, it is safe to say that fully ninety-nine out of every hundred cases recover. Mr. W. G. Campbell of Butler, Tenn., says, "I have used Chamberlain's Colic and Diarrhoea Remedy for summer complaint in children. It is far ahead of anything I have ever used for this purpose."

Velie, The Pattern Car

BY its first reflection of the Authoritative Style ideal Velie Model 48 has become known as "The Pattern Car of 1920." Comparisons have more than justified its title. Velie popularity is the deciding tribute. The demand that has required a four-fold increase of Velie manufacturing facilities come from motorists with whom style is a consideration equal with performance. And the Velie gains their utmost enthusiasm in both respects.

Velie Style means new comforts—new luxuries—as well as distinguishing appearance. Velie performance means great reserve power—with more economy, brought about largely by an internally heated vaporizer. Six models, open and closed. Let us show you.
