The road on Beaver creek in Columbia and Washington counties is deteriorating on account of heavy traffic and railroad construction work, and the maintenance of a passable condition has been slighted on account of expense, but nevertheless it is of the utmost importance to keep this road in repair and so want to impress it upon the road authorities in both counties, as the numerous complaints to that effect.

The new school house on Beaver creek in Columbia county, joint district with Washington county, is completed. Incidentally the tall 200 foot flag pole which is near this school has been falsely designated as being in Washington county and much bragged about, but it is about half a mile to the Washington county line. The legislature would have to slice off another half mile or more to bring it into Washington county.

Catarrhal Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarrhal Deafness, and that is by a constitutional remedy. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing may be destroyed forever. Many cases of Deafness are caused by Catarrh, which is an inflamed condition of the Mucous Surfaces. ONE HUNDRED DOLLARS for any case of Catarrhal Deafness that cannot be cured by HALL'S CATARRH MEDICINE. All Druggists 75c. Circulars free. F. J. Cheney & Co., Toledo, Ohio.

A Banking System That Has Helped Revolutionize the Farming Business

The operations of the Federal Reserve System are especially favorable to the farmer. His borrowings to cover cost of fertilizing, planting, harvesting and carrying his crop can be rediscounted by this bank with the Federal Reserve Bank, and an abundant supply of credit at a moderate rate thus secured.

This bank realizes to the full the vital importance of the farmers' work, and is genuinely desirous of extending to the farmers of this community the benefits resulting from its membership in the Federal Reserve System.

pieces of W. Stevens, Lloyd and Floyd Bennett, sons of Ora Bennett. Several pictures were taken and the day was named "Twins' Day." The fir trees near the house furnished an ideal spot for the tables. There were twenty-one to partake of the bountiful spread. One would forget the high cost of living in looking at the supply of tasty food stuffs, pies, cakes, salads, fruits, melons and ice cream galore, etc. Such a day was enjoyed by all that it was to meet again next year. The people motored back to Sunday evening, leaving Mr. and wife to finish their vacation. They returned to their home town.
