"It's difference of opinion," said Mark Twain, "that makes a horse race." It's difference of opinion—and taste—and condition—that makes the classified page a most effective solution of most human perplexities. Try a want ad for your trouble.

COOLING!!!

Kiddies and grown-ups, too, have learned that it pays to be exacting—even in ICE CREAM.

There is a difference as all have learned after taking one taste of "MT. HOOD" frozen dainties—and they will have no other.

At MASON'S Only

Modern Bread Making

Making bread in a Bedouin tent on the deserts of Asia is quite a different proposition from making bread in a modern establishment—a difference the people of this community appreciate.

Ramsey Bread

has that delicious flavor that gives it a place distinctive its own in homes where "good eating" is appreciated. The same thing is true of our pies, cakes, doughnuts and all other forms of pastry.

"NOW-A-DAYS"

says the Good Judge

A man can get a heap more satisfaction from a small chew of this class of tobacco, than he ever could get from a big chew of the old kind.

He finds it costs less, too. The good tobacco taste lasts so much longer he doesn't need to have a fresh chew nearly as often.

Any man who uses the Real Tobacco Chew will tell you that.

Put up in two styles

W-B CUT is a long fine-cut tobacco
RIGHT CUT is a short-cut tobacco

For Our Home Town

By DR. FRANK CRANE

Work for your own town.
Beautify it. Improve it. Make it attractive.

The World War and the Treaty of Peace and the Protective Tariff and all such things are important subjects; but what's the good of cleaning up the world unless you sweep your own doorstep?

The city man whose main street is dirty, sordid-looking, cluttered, uninviting, suffers much. Such a city wants to be cleaned, recreated, made a thing of beauty, so that people will come miles to see it.

The best advertisement of your business is the town you live in.

Towns get reputations, as well as men. Make your town talked of all over the State. It will thus draw people. And where the people come, there is prosperity.

It does not take money. It takes something that is scarcer. It takes cooperation.

Get together. Organize for civic improvement. Develop the civic nerve.

Kid your town of one eyesore after another. Clean up the vacant lots and plant them in gardens. Make a cluttered yard a disgrace. Make public opinion too hot for those who will not help.

It pays. It will promote law and order. It will help in the education of your children. It will draw factories and other business enterprises to your locality.

Shiftlessness, untidiness, dirt and selfishness, as shown in your streets and buildings, react upon your people.

Such things make your boys and girls grow up hating their home town.

Make your home town a children's paradise, something their memory will lovingly turn back to.

Look after your Amusements, your Parks, your Playgrounds, your Theatres, and all your other means of communal enjoyment.

Make your home town happy.
It pays.
