WOMAN'S PART IN MAN'S SUCCESS— Often the strongest impulse to save comes from the woman of the household.

Every man should consider himself fortunate who has a wife or mother who helps him to save money. The important part about saving is not the amount of money you set aside each week. The essential thing is the firm decision to save a definite, regular sum, no matter how small it may be. Even \$1, saved regularly each week, will make your savings grow amazingly.
