J., purchased a ranch in West Scappoose and is now occupying it. The Miller brothers, Herman and Norman, bought two lots of J. L. Sparks, located east of the depot.

The potato blight which appeared in this district last year is not nearly in so much evidence as last season, the crop being in good shape.

The ever outstretched hand of death has again taken another toll from our number. Laura Farr, daughter of Mr. and Mrs. John Farr, has gone to claim the reward to which she was so justly entitled. Everyone loved Laura. In the opening bud of womanhood Laura commanded respect from all, and their esteem was manifest by the crowd that gathered on Monday to pay their last homage to her. Every resident of the district feels her passing as a personal loss and knowing that, their sympathy is more keenly expressed to her parents and the family. She died on Saturday after an illness lasting since last March when she suffered an attack of the "flu." Under constant care of the most eminent physicians that the country possesses all that medical science could do was done. The funeral was held Monday at 2 p. m. from the Evengelical church. Out of respect and that her schoolmates might pay their tribute to her the schools were dismissed and the pupils attended. Many of her friends from the St. Helens high school, of which she was a student, were present. Six of her schoolmates acted as pallbearers. Services were conducted by Rev. K. K. Clark of the Congregational church at St. Helens. The funeral arrangements were conducted by T. S. White. She was 15 years and 6 months old and her body rests in the Oddfellows' cemetery at Warren where her friends can visit and their memories revert to her many excellent virtues and character.

Mr. and Mrs. H. B. Duncan are now justly entitled to grandpa and grannie. Their son Elmer's wife presented Elmer with a fine boy baby on Sunday. Auntie Thelma and Uncle Dennis have broad smiles which light up the Duncan home over the event, while Grandpa and Grannie tread with lighter steps as they think of when Elmer came to brighten their home.

A pleasant event occurred Friday evening when the Christian Endeavor society gave a hard-time party. A goodly crowd was present. Ralph Tarbell had charge of the program which was enjoyed by the visitors.

OPPORTUNITY TO DO GOOD

Organized women of noble mind have an opportunity to do a definite, though perhaps distasteful, service to humanity by spreading the word that medical science now knows a means to cure venereal diseases. These may be conquered as completely as smallpox and yellow fever, if the patients can be induced to apply for the cure instead of hiding until it is too late, in the meantime infecting many within reach. Such activities may shock the delicacy of women of refinement, but patriotism and altruism may outweigh nicety.

Good Advice

Take Chamberlain's Tablets as soon as you have finished your supper and they will produce a gentle movement of the bowels on the following morning. They will also improve your digestion and make you feel better in every way.

CARD OF THANKS

We wish to extend thanks to our many friends for the kindness shown our little girl during her long illness and death. Also the Knights of Pythias and the Pythian Sisters and other friends for the beautiful flowers.
