# By-Gone Days

## Twenty-Eight Years Ago

(From the files of the Oregon Mist
January 8, 1892)

Mr. and Mrs. Charles English have returned from their wedding trip Mrs. English (nee Miss Bevis) was born near Portland and is a graduate of the Portland business college. She is an estimable young lady, highly respected. Mr. English was born and raised here, and is well known throughout the county. Such a union is very commendable.—Deer Island Notes.

Even twenty-nine years ago the people evidently didn't take kindly to railroads, as may be gathered from a correspondent who wrote jointly to the Mist: "We are in doubt as to whether the railroad from Goble to Astoria, if ever built, will give the relief and satisfaction to those people they so much desire and are worthy of. While their liberality is commendable, there is grave doubt as to whether this road is just what Astoria and the state of Oregon can afford. The principal seaports on the Pacific have direct transcontinental lines, save Astoria, the port above and beyond all others most deserving, backed by the best state on the coast. And now, to give ourselves away for a road which will be entirely under the control of the Northern Pacific is not a wise policy; in fact the lumber and fish now shipped to Astoria will go via Tacoma."

## Twenty Years Ago

(From the files of the Oregon Mist
January 10, 1896)

Commissioner Frakes of Scappoose was in the county seat Tuesday attending to business matters.

Harry West of Scappoose was in the city Monday and shipped one of his thoroughbred Chester White pigs to a man over on the Washington side.

The patches of graveled roads in this neighborhood are highly appreciated during this weather. Let us have more.—Vernonia Notes.

Joseph Copeland, who was presented with an ebony cane by the local Odd Fellows lodge, writes to the lodge in acknowledgement of the same as follows: "I am at a loss to know why you feel yourselves under any obligation to me. If I have shown any favor in our dealings, it was no more than the Golden Rule requires: 'Do unto others as you would have others do unto you.' I freely accept as you freely give this token of friendship. I will further say that you could not have selected anything that I prize more highly than the ebony cane properly mounted bearing the following inscription: 'Presented to Joseph Copeland by St. Helens Lodge, I. O. O. F., December 25, 1895.' Please accept sincere thanks and well wishes for the future."

The popular steamer Young American went into Portland last Tuesday with thirty passengers and a good cargo of freight. The little boat makes much better time since being given the overhauling recently, and therefore is more desirable to travel on.

### NEW FARM ACCOUNT BOOK

A new edition of the Oregon farm account book has just been issued by the O. A. C. extension service and United States department of agriculture, as simple, complete and efficient as can be made. Just what the farm did for the farmer—whether it made or lost him money, and how much—and which of the leading farm operations—livestock, dairy, crops, fruit, forest or pasture—were profitable, are only a few of the useful points developed in proper accounts. The farmer's gross and net profits, labor income, interest on investment, and other interesting items are ascertained. Copies may be had of county agents in counties carrying record projects, from banks cooperating with the college and government, or from the college extension service direct on application to O. A. C., Corvallis, and payment of actual production cost.

### HEALTH RESTORED

"My horse was in such run down condition, I thought he would die. After feeding him Dr. LeGear's Stock Powders, he is as well as ever and is now as good looking a horse as there is in this section."—J. C. Huste, Rockbridge Baths, Va.

Dr. LeGear's Stock Powders build up the body, vitality and muscular energy of your horses and mules, insure more meat with less feed, from your hogs, sheep and cattle, and help your cows produce more and richer milk.

Mr. Huste's small expenditure saved him the price of a horse. Dr. LeGear can also help you. For 25 years as a Veterinary Surgeon and Expert Poultry Breeder he has devoted himself to the compounding of remedies for ailments of stock and poultry. Whenever you have an ailment among your stock or poultry get the proper Dr. LeGear Remedy from your dealer. It must satisfy you or your money will be refunded.

### Feed The Dog First

The tramp had scaled the fence about four inches ahead of the bulldog.

"What are you doing around here, anyway?" asked the woman who had closed the dog.

"Madame," said the tramp with great dignity, "I was a-goin' to ask for something to eat, but all I now ask is that you will feed that there dog."—Dubuque American-Tribune.
