

OVER THE COUNTY

THE MIST'S NEWS STAFF

Readers of the Mist notice that news from several localities in Columbia county is regularly published in the Mist. This paper has a number of correspondents who take pride in gathering clean and newsy items for the Mist. Mrs. R. F. Niblock sends in the news from Scappoose and our readers know how well she has covered the field for the Scappoose news. It is always breezy and well written and tells of the happenings of that locality. At Warren A. L. Morris looks after the gatherings of the news of his locality. Morris is an old newspaper man and writes interesting news. Mrs. J. M. Burkhead tells the Mist readers of the local news in Bachelor Flat and her stories are always interesting. Mrs. C. H. English at Deer Island is in a position to know many of the happenings at Deer Island and she writes the news for the Mist readers. At Goble, Mrs. E. E. Mallaber is in the lookout for news and she gets it and sends it in to the Mist. At Vernonia Mrs. E. F. Messing gathers the news of that coming city and community for the Mist, and the reason we are telling you this story is to give credit to our correspondents for making the Mist the real Columbia county paper and also for the purpose of inviting you to tell any of our correspondents the little but newsy happenings you know of. Thank you.

SCAPPOOSE

Council news for the week is as follows: Saturday, April 23 is Clean-Up day. Teams will call for and dispose of all rubbish that is packed in sacks or light weight crates. Let's do it right. This is the first Clean-Up day in the history of the place. People have been in the habit of cleaning up their own lot and carrying the rubbish to vacant lots. Should you be fortunate enough to have no rubbish then help your neighbor, and get ready for the summer before the fly comes. There is no worse germ breeder than dirty cans. Mr. MacDonald was appointed to succeed Mr. Cathcart as recorder. Mr. Cathcart resigned on account of poor health. The street and sidewalk committee were empowered to go on with street improvement, to appoint an engineer to set stones marking the street level, etc.

The lumber industries have been unusually active. This will be a record month for lumber shipment to eastern points. Five cars of lumber and 2 cars of potatoes were billed Tuesday.

There will be a dance at the Novak pavilion Saturday evening.

Helen Watts passed her test before the student body at Oberlin and is now qualified for concert work.

Goldie Grewell spent the week end in Portland, the guest of the Washburne family.

The volley ball game Tuesday night was interesting. Niblock's club won from the Boyd aggregation. The score was 3 to 2.

Postmaster Grimm spent Monday in Portland. It was such an unusual event that we make a note of it.

Mrs. Getchell accompanied the Billo family to Portland last Thursday and is spending the week there.

Dr. and Mrs. Blatchford motored from Salem and spent the week end with Mrs. DeGraff. Mrs. Gullford and Mrs. Holoday accompanied them. Mr. Emmett of Hood River was a Sunday guest of her sister, Mrs. M. J. Butler.

Members of the \$1 club will give a social in the church Friday evening April 22. You are cordially invited to attend and enjoy the fine program and lunch. The ladies will tell you in rhyme how they earned their dime. Come and enjoy yourselves.

Mr. and Mrs. C. F. Cathcart left Wednesday on a motor trip to Southern Oregon. They will be absent about three weeks.

Scappoose lost one of its familiar characters when "Pike," the diminutive dog owned by James Watts was run down by a car Saturday. The little dog which had been a member of the family for sixteen years, was killed.

On account of ill health Mr. McFadden has given up the management of the blacksmith shop and Mr. Lamberson has taken over the management.

WARREN.

The Warren telephone users met en masse on Tuesday evening at Erickson's hall and discussed pro and con the offer of the telephone company to sell to the farmers the pile of junk known as the "Warren telephone line." The company offered to sell to the farmers their line for \$2560, which offer was courteously but unanimously refused as the price was considered owing to the dilapidated condition of the line, beyond all reason. Steps were taken to ascertain the true value of the line and a committee was appointed to go over the line and determine its value. If a reasonable offer is not made by the telephone company the farmers to the number of 80 or more will build a new standard line and refuse to have anything to do with the present line. If they take this action the old line would be of no use or benefit to anyone and would be a complete loss to the company, but the users refuse to be made the

"goat" of the telephone company. Besides the \$2560 each subscriber would be obliged to buy or rent an instrument, causing an outlay of about \$43 to each subscriber. As much as 50 per cent of the poles now in use are decayed and of no use, and much of the wire is not standard on the old line. No action will be taken until the re-hearing of the Public Service commission at which time if the price now asked is not reduced, a new line will be built.

Miss Martha Reysler left 10 days ago for San Francisco where she will make her home.

LeRoy Larson is convalescing after a three weeks attack of quinsy.

A number of Warren's young people are giving a dance and lunch in the warehouse hall on Saturday evening. This is the first public dance ever given there, such functions having been barred in the past.

The Warren warehouse store is being managed by O. C. Carlson for the benefit of the creditors of the enterprise.

Nearly 100 acres have been planted in this section, Loganberries, raspberries and strawberries being the varieties. Many of the farmers have disposed of their cows, quitting the dairy business and engaging in the berry and chicken industries.

Arthur Lindahl transacted business in St. Helens Monday.

There will be a dance in the Warehouse hall at Warren, Saturday night April 23. Everybody welcome.

The residence of Chas. Barberis, six miles west of Deer Island, burned to the ground Sunday night. Mr. Barberis was awakened about one o'clock and found the back porch and roof on fire. He was unable to save anything but his trunk and some clothing. The fire was evidently started from the outside. This place formerly belonged to Nelson Pinckney.

GOBLE

Andrew Emerson and family who were visiting Mr. Emerson's sister, Mrs. C. P. Rambalski, last week, are moving into the Linton house at Reuben.
