—THEN, AND NOW

The meat peddler of the old days, who killed his own live stock and then sold the meat from the tail of a cart, is gone from our larger towns and cities. He was a pioneer and did good service but he couldn't keep up with his job. Crude methods have given way to new ideas in sanitation and distribution.

Our sanitary methods of handling meats is a safeguard against contamination and you are assured of the best the market produces.

Your Empty Tin Cans

How much are they worth to you? Nothing, of course, but yet many people keep on buying coffee put up in nice looking cans. Do you know how much you pay for the can? We can tell you. The cost of the can is 10c for a one pound can and more for larger sizes. Why waste this ten cents when you can get just as good coffee in bulk, freshly roasted and ground when you want it.

ESPECIALLY FINE COFFEE per lb. 30c

We have a special fine grade of coffee which we will sell you at 30c per pound in the bulk, or at 40c the pound in a special treated air tight package. We claim this coffee is as good as any 50c per pound tin can coffee and we will prove it by giving you

A FREE SAMPLE

You can test it yourself before buying and we know that after you have tried it, you will buy coffee instead of tin cans. Call and get a free sample or phone us to send a sample along with your grocery order. We will be glad to do it.
