MOTHERS DAY.

Sunday is Mothers' Day, the sacred day of the nation. It is sacred because the example of mother is made more fresh in our minds...

SCHOOL DIRECTORS.

In this issue of The Mist is a letter from a taxpayer regarding school conditions. His letter is logical and abounds in common sense.

UNKIND.

If one lives long enough, he is bound to have a birthday and on May 4th, the editor celebrated his 77th birthday, but we didn't mind that so much as we did a sisterly greeting from our "kid" sister who said, "Cheer up. Think of all the candles on Methuselah's birthday cake."

THE CASE OF ALBERS

Very seldom does a man who is intoxicated speak the thoughts which he did not have when he was sober. The Albers case might be an exception but we are inclined to think otherwise.

WHAT ALBERS SAID

There has been so much discussion of the Albers case during the past few days that we believe it will be of interest to our readers to learn what he said and why he was convicted.

SCAPPOOSE

Miss Tipton and Goldie Grewell were in Hillsboro over the week end. Arthur Stevens, after spending the winter and spring with his brother Edgar, left Tuesday for Alberta, Can.

W. Campbell has sold his interest in the Scappoose auto bus line to Henry Kruser of Chapman. Earl Pierson will continue as one of the drivers.

Misses Mayburn and Strain entertained Scappoose friends Monday evening at home of Mrs. George Grant. Everybody reports a wonderful time.

Mr. Piper has been improving his place by removing some old outbuildings. The Lamberson family motored to Seaside Friday, returning Sunday.

Mr. and Mrs. D. W. Price have been renovating and replanning the interior of their home, adding much to its beauty and comfort.

Mother's Day will be observed Sunday at Sunday school. The Scappoose program is in charge of Mrs. L. G. Smith. There will be music and other added features.

Samuel Weist who was killed Sunday at Rocky Point, when his car went over the bank, has many friends here. He purchased the tract of land and built for a home the house which Mr. Campbell now owns and occupies.

At a recent meeting of the school board, Superintendent Coffin was re-elected at a salary of \$2400. Miss Strain was also re-elected and the grade teachers at a salary of \$128 a month.

Alton Anderson left Tuesday for his old home in Polson, Montana, to be gone for the summer. Lloyd Thompson of Portland has purchased six acres of the Boesel tract. He plans to clear it, plant orchard and make his home here.

Mrs. Roscoe celebrated a birthday anniversary Wednesday when her neighbors walked in with gifts and baskets of refreshments. The first dairy bull sale of the state was held last Saturday at George Frakes. It was considered a good sale for both the purchaser and the breeder.

Scappoose High School Notes

Goldie Grewell is the song-leader for this month. Assisting her are Irving Erickson, the famous tenor from Warren, and Olive Ash at the piano.

Joseph Koutek celebrated his eighteenth birthday in Portland last week. We wonder how many movies were needed. The Senior class have received their "nifty" invitations. They will be sent out probably within the next week.

The baseball game between St. Helens and Scappoose high schools was postponed indefinitely because of the uncertain state of the weather. We wonder did some calamity happen to the editor or to the notes? At any rate the school notes did not appear last week.

Productive Farms

MAKE A Prosperous Town

It is to the farming community around us that Scappoose must look for prosperity. But in turn the town can do much to further the progress of the farmer and productivity of his lands by lending encouragement and co-operation.

The First National Bank of Scappoose, as financial "service-station" is doing much to promote those mutual interests and in reciprocation deserves the patronage of every person in this community.
