Made for strength and endurance

CHILDREN who play hard won't break their Winchester Roller Skates. THE new steel girder construction makes a Winchester skate firm and rigid at any point in the extension. Wheels are of the disc type, strong and durable. Ball bearings and cushion frames make smooth and easy rolling. DURING vacation let the children enjoy safe, healthful exercise on strong, substantial Winchester Roller Skates. We have boys' and girls' roller skates to fit all sizes of shoes.

The Columbia River Highway

THE remarkable engineering skill which built the Columbia River Highway opened a veritable paradise for motorists.

This highway follows the Pacific Ocean—near Astoria—as far east as The Dalles, and leads the tourist through a country of indescribable scenic interest—high waterfalls, huge rocks, picturesque woods—an ideal vacation land for the motorist who appreciates nature at its best.

And on your travels along the Columbia River Highway you can always get "Red Crown," the gasoline of quality—an all-refinery gasoline with a continuous chain of boiling points.

Look for the Red Crown sign before you fill. STANDARD OIL COMPANY (Indiana)

The Gasoline of Quality

limb upon which she depended to support, gave way, letting her fall to the ground and dislocating her shoulder. Dr. Ross was called and replaced the joint.

Wild blackberries are very plentiful this year, and parties in search of that fruit are also plentiful. A great many baltions to town already this season.

LITTLE CARE GIVEN AUTO TIRES

In spite of manufacturing improvements in tire development and in quantity production that have given a standard product and reduced cost a hundred per cent to the consumer, the motorist himself has not been made to realize how much additional saving he can add by giving his tires the same intelligent care that he gives to his motor or other parts.

The motorist has failed to appreciate that eighty per cent of the materials that go into a high grade pneumatic tire are of a vegetable nature, and consequently perishable, and that the rapidly perishable nature depends to a considerable degree on the extent of unnecessary exposure of the tire to the deteriorating combination of moisture, light and heat as well as avoidable destructive abuses such as cuts, abrasions and ruptures.

Steel tires are practically immune from human abuse, but rubber tires are not and their careless destruction becomes a world wide economic loss with an annual tire bill of considerably more than \$1,000,000,000, according to a bulletin of the technical service department of the United States Tire Company. By proper care ten per cent additional tire mileage could be obtained which, translated, means a yearly upkeep saving of over \$100,000,000.

DOCTOR RUSSELL IS HONORED

At their annual meeting in Portland last week, the Oregon Chiropractic Association conferred an honor on Dr. S. H. Russell of St. Helens by electing him vice-president. The doctor and Mrs. Russell returned from Portland Monday.

LIBRARY NOTES

About forty new books will be added to the library during the month of July, fifteen being purchased with a special fund subscribed by the Woman's Club and the remainder donated by individuals.

Among the gift collection are a dozen miscellaneous classics, George Eliot's complete works, three of Conan Doyle's, "The Visioning," by Susan Galspel and Edith Wharton's "Age of Innocence," which was awarded the \$1000 Pulitzer prize for the American novel published during the year which best presents "the wholesome atmosphere of American life and the highest standard of American manners and manhood," and "Corporal Cameron," by Ralph Connor.

The purchased books include "The Cave Twins" and "The Irish Twins," by Lucy Fitch Perkins for children, "Lost River," by Allen Chaffee, a camping story of the Maine woods, for juveniles; "Wildfire," Zane Grey, for boys; "Main Street," by Sinclair Lewis, a "best seller" which contested with "The Age of Innocence" for the Pulitzer prize; "Miss Lulu Bett by Nona Gale, the dramatization of which also received a \$1000 Pulitzer prize; "The Brimming Cup," by Dorothy Canfield, already the second best seller of 1921; "The Mysterious Rider," Zane Grey's latest; "The Captives," a modern classic by Hugh Walpole; "The Strength of the Pines," an Oregon story by a young Oregon author, Edison Marshall, and two girls' books, "Why Not," by Margaret Widdemer, and "Leave It to Doris," by Ethel Hueston.

All the new books for adults will be placed among the "rent" books, which are also seven-day books, for a time. This serves two purposes:—to bring in a little revenue for the additional purchase of books, and to insure their prompt return that others may borrow them.

Uncle Sam's Small Change.

The Treasury department has supplied the answer to the age-old puzzle of how much money one would have if suddenly were made a present of all the pennies, nickels and dimes, quarters and half-dollars in use. The answer is \$261,319,628.

This sum represents the total amount of "small change" now in use throughout the United States. It amounts to about \$3.25 for each resident of the United States.

Silver dollars total \$77,584,548 in value and gold coin \$1,035,969,120. Federal reserve notes in use amount to \$2,782,000,000, national bank notes \$723,054,488.

Other kinds of money or token for money now in use total in round numbers as follows: Gold certificates \$414,000,000; silver certificates \$185,000,000; treasury notes of 1890 \$1,578,000,000; United States notes \$334,000,000; Federal reserve bank notes \$168,000,000.

Little Willie was enjoying a play with his kittens on the street when a gentleman passing by asked him the names of the kittens.

"Joe and Jerry," was the prompt reply. "Why not call them Cook and Perry?" the man then asked. "Go on, man," Willie said, "these ain't no pole cats."—Washington Times.

A Splendid Medicine for the Stomach and Liver.

"Chamberlain's Tablets for the stomach and liver are splendid. I never tire of telling my friends and neighbors of their qualities," writes Mrs. William Volmer, Eastwood, N. Y. When bilious, constipated or troubled with indigestion, give them a trial. They will do you good.

NOTICE TO CREDITORS

In the County Court of the State of Oregon, for Columbia County. Notice is hereby given that the undersigned has been appointed the administrator with Will annexed of the estate of Anna W. Lawton, deceased, by the County Court of the State of Oregon, for Columbia County, and has qualified. All persons having claims against said estate are hereby notified to present the same duly verified as by law required, to the undersigned, at Room 1, Columbia County Bank Building, St. Helens, Oregon, within six months from the date hereof. Dated and first published July 1, 1921.

R. L. KENNY, Administrator. J. W. Day, Attorney.

Biliousness and Constipation.

"For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Sepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, help the system to do its work naturally," writes Mrs. Rosa Potts, Birmingham, Ala.

Here's why CAMELS are the quality cigarette. BECAUSE we put the utmost quality into this one brand. Camels are as good as it's possible for skill, money and lifelong knowledge of fine tobaccos to make a cigarette. Nothing is too good for Camels. And bear this in mind! Everything is done to make Camels the best cigarette it's possible to buy. Nothing is done simply for show. Take the Camel package for instance. It's the most perfect packing science can devise to protect cigarettes and keep them fresh. Heavy paper—secure foil wrapping—revenue stamp to seal the fold and make the package air-tight. But there's nothing flashy about it. You'll find no extra wrappers. No frills or furbelows. Such things do not improve the smoke any more than premiums or coupons. And remember—you must pay their extra cost or get lowered quality. If you want the smoothest, mellowest, mildest cigarette you can imagine—and one entirely free from cigarette aftertaste, It's Camels for you. Camel
