

**WHY DON'T YOU?**

If you have never given earnest attention to the want ads it is certain that you have missed some opportunities which were almost made to order for YOU.

Why not determine to learn FOR YOURSELF what the want ads mean to you?

There are two ways. One is to advertise in the want ad columns—whatever you may need. The other is to read AND ANSWER want ads—to investigate those that seem to offer something TO YOU. You'll be surprised to learn how many of these little ads DO **BIG BUSINESS** TO YOU—how many of them seem to point to opportunities for you.

You're living in a town where people accomplish things through

the want ads. **WHY NOT YOU?**

Read the want ads on Page 9 of today's issue. There might be some there that are of interest to you. **Must Want Ads Bring Results.**

**\$1.60 WEEK END  
\$1.85 EVERY DAY**

**REDUCED ROUND TRIP

These fares include War Tax and will continue through September. Week-end tickets are on sale Saturday and Sunday, return limit Monday; "every day" tickets are limited to return date of sale. The former saves the passenger 54 cents and the latter 31 cents, compared with the regular basis.

Spokane, Portland & Seattle Ry. 32-6 J. R. Gilby, Agent.

**TeamWork**

We hear much these days about "TEAM-WORK."

Mostly it is used in connection with athletic affairs. We are told of wonderful victories—when every member of a team **PULLS TOGETHER**—when someone doesn't go off

trying to make a star play, at the expense of the others. Trouble is that we limit the word to our recreation—sport—athletics. We should follow through; think, use, live team-work in everything we do.

If team-work is a winner in sports, then team-work is good in family affairs—and we all know how the household thrives wherein every member has a shoulder to the wheel.

If team-work is good in the family then it is good in our work—the commercial organization or unit where we earn our daily bread.

If team-work is good in our work—then team-work is good for our neighborhood affairs—our community—our town.

And right there, friends, is where we can make the greatest showing—when we ALL practice team-work in the development and growth of OUR town and county.

When the merchants of this town spend money for advertising space to send you a message of economy—savings—bargains—that message should be read. They've invested thousands of dollars in goods to supply you—and without one guarantee that you will buy.

To earn your money here, then take it to the big city store—or send it to the mail order house—neither of which contributes one cent to the upbuilding of this community—is not team-work. Read the advertisements in this paper today, then patronize our home merchants.

HOME-SPENT DOLLARS mean team-work.
