## EVIDENCE SHOWS SEA SINKING.

The oceans are shrinking. This change, asserts a professor of Harvard University, is quite independent of local rises and falls caused by the warping of the earth's crust.

On the other hand, there are many places round our coast-line where the sea is stealing land.

There is an old saying on the East Coast of England:

"Gorleston was Gorleston ere Yarmouth was born, and Gorleston'll be Gorleston when Yarmouth is gone." Gorleston and Yarmouth are on opposite banks of the Yare. North of the Yare, Yarmouth is situated on low land, and the sea is gradually creeping inland. The Scrobby sands in front of Yarmouth are now completely covered by the sea, although they were recently exposed to view — a rare event nowadays.

South of Yare, Gorleston is protected by the cliffs, and, as if afraid of them, the sea is retreating.

But the Harvard professor does not take any account of local changes like these, and there are hundreds of them. He claims that the general sea-level all over the world is twenty feet lower than it has been, and this he attributes to an increase in the collection of ice at the South Pole.

## For the FIFTH ANNUAL ROLL CALL

### of the Columbia County Chapter, American Red Cross

#### November 11th to 24th

**The army of the disabled keeps growing**

**In Hospitals under Government care**

**The Red Cross is spending Ten Million Dollars a Year to help the ex-service man and his family —**

**Annual Roll Call Nov. 11-24, 1921**

To bring before the country in visual form the vast problem it is helping to solve, the American Red Cross has prepared for its Annual Roll Call, Nov. 11 to 24, a poster showing how rather than diminishing the total of World War veterans entitled to Federal aid continues to grow. Red Cross Service to these men is costing \$10,000,000 a year.

Do you know that Columbia County Chapter American Red Cross still needs your Dollar more than ever?

That today 26,000 disabled soldiers of the World War are in hospitals? Think of it! Twice the population of Columbia County.

That the American Red Cross spent on the ex-service men alone last year \$4,000,000 more than realized from the FOURTH ANNUAL ROLL CALL? Columbia County did its bit.

That with a successful FIFTH ROLL CALL Columbia County may EXTEND SERVICE TO THE NEEDY CIVILIAN families, as well as the ex-service man and his family, which will reach to every part of the county, no matter how remote the place may be?

That the DOLLAR you give will serve anyone in need, whatever the need may be, in Columbia County?

That the Annual Red Cross Roll Call will begin Armistice Day, November 11th? When you are asked to enroll remember that your money will be used for the benefit of Columbia County people.

That boosting and your DOLLAR wins, so help us boost the Fifth Annual Roll Call "over the top" in COLUMBIA COUNTY.
