

\$85,000,000 FOR THE FARM AID LOANS

War Finance Board's Record Also Shows Big Advances for Exports.

WASHINGTON.—The war finance corporation is doing business at the rate of several million dollars a day, according to the annual report of that organization submitted recently to congress.

Up to November 30, the date of the report, the corporation said, its advances for agricultural and live stock purposes totaled more than \$85,000,000, of which the principal items were loans on cotton aggregating \$22,000,000; on grain \$16,000,000; live stock \$13,000,000 and for general agricultural purposes \$34,000,000.

In addition financing advances were reported aggregating \$51,500,000 on exports, of which the largest items were \$28,000,000 on cotton and \$11,500,000 on grain.

Summarizing its loans, the corporation showed that \$52,000,000 had been advanced to cooperative associations, \$72,000,000 to banking and financial institutions and \$9,000,000 to exporters covering both agricultural and export advances.

Entirely aside from the direct financial aid extended, the corporation asserted it was rendering a helpful service from the psychological point of view.

"Its very existence," the report said, with large funds at its command, has tended to inspire confidence, has opened up other avenues of credit and has facilitated the financing of transactions through the usual channels."
