Ballagh and Mrs. Ballagh motored to Portland Saturday night to witness the production of the "Bird of Paradise" and they were well pleased with the scenic production. Professor and Mrs. A. F. Isensee entertained the members of the high school faculty on Wednesday evening. The evening was spent in playing games and light refreshments were served. Mrs. W. J. Paulsen, son William and his wife and family arrived in St. Helens Wednesday night having driven by auto from Los Angeles. They left St. Helens several months ago for the trip to the orange state. On Wednesday night in the high school auditorium the junior class of the St. Helens high school will be host at a basket social. Everyone is invited to come. Ladies are requested to bring baskets. J. C. Johnson of Goble was a business visitor in St. Helens Tuesday and while here called at The Mist office and subscribed for the paper stating that he wanted to keep better posted on the county news. E. G. Jones, representative of a commercial rating agency, has been a visitor in St. Helens this week. Last night he was a guest of St. Helens Lodge, A. F. & A. M. and gave an instructive lecture as to the principles and working program of the Masons. Lawrence Davies was here Saturday evening and Sunday on a short visit to his parents Mr. and Mrs. William Davies. Lawrence is working for the Portland Telegram. For several months he covered the rural news items but recently he has been put on the "copy desk" which is a promotion. He likes newspaper work. Miss Beth Perry has accepted a position in the Astoria public schools and will leave tomorrow for Astoria. Miss Perry is a graduate of St. Helens high school and for the past several years has been teaching at Fern Hill school. She has many friends here who know she will make a success in the position she has accepted. The many friends of Carl Hollingsworth will be pleased to know that he is convalescing from his serious illness. In fact, he is feeling so much better that he wishes to return to his home at Grande Ronde, but his physician, Dr. L. G. Ross has not given him permission to do so, believing it would be wiser to wait for a time. Carl Rodgers spent the week end with his aunt, Mrs. S. C. Morton and Miss Olga Heilborn. Carl is a senior at Jefferson high in Portland and will graduate tonight. He plans to come to St. Helens for the next future and work for The Mist. Later he expects to attend the O. A. U. at Corvallis and take a special course in a line of studies which will aim for the profession he has decided upon. Frank Silvestro, aged about 50 years, died at the home of Mr. and Mrs. C. Negro early Saturday morning. Pneumonia was the cause of his death. Deceased was a resident of this vicinity for the past eight years and made his home with Mr. and Mrs. Negro. He was a native of Italy, and so far as known had no relatives in this country. The funeral was held at the Catholic church Sunday morning, Rev. Father Clancy officiating and the interment was in the Catholic cemetery at Seaside.

The Plymouth Auxiliary of the Congregational church will give a pie social tonight at the Congregational church parlors. The social will begin promptly at 7:30 o'clock. AUSTIN'S The DELTOR saves from 1/4 to 1 3/8 yards of material on every gown you make All you need do is to follow the Deltor. Pin the pattern to the material, just as the Deltor directs, and in less time than you can imagine your gown is cut from less material than you ever dreamed possible. The DELTOR saves worry There are pictures and directions for every step in making a garment. The table on the envelope tells you how little material you need and the materials that are suitable for that particular pattern. The DELTOR saves from 50c to \$10.00 on every garment you make The Deltor saves at least the price of from 1/4 to 1 3/8 yards of material, which varies according to the material you select. The Deltor costs less than nothing, for it saves both the cost of the Butterick Pattern and the Deltor, and as you can see, often many times more than that cost. Only in BUTTERICK PATTERNS is found the DELTOR. In every new Butterick Pattern there's an individual Deltor for that pattern only. For example, in this layout for a smart one-piece frock the Deltor saves at least 1 1/4 yard of material. And think of the time and worry saved.
