

ORDINANCE NO. 281.

Ordinance Prohibiting all Persons Affected with an Infectious Disease in a Communicable Form, Without a Health Certificate of the Health Officer of the City of St. Helens, Oregon, from Engaging in any Work which Involves the Handling of Food or Liquid for Human Consumption...

THE CITY OF ST. HELENS DOES ORDAIN AS FOLLOWS:

Section 1. No person affected with any infectious disease in a communicable form, or without a health certificate as provided for in the following section, shall engage, be employed or serve in any work, occupation or employment within the City of St. Helens, Oregon, which requires or involves the handling of food or liquid for human consumption...

Section 2. Each person who may be engaged in any occupation, work or service covered by the preceding section or intending to engage therein within said City, shall, on or before the 29th day of June and the 1st day of December of each year, present himself or herself to the Health Officer of said City, for examination, which examination shall be made without charge, and if it is found from such examination that such person is free from any such disease, a certificate of health shall be issued to such persons...

Section 3. It shall be unlawful for any person, firm, corporation or association to engage in any business or occupation covered or mentioned in the two preceding sections without first obtaining a license from the City Council so to do. Application for such license shall be made in writing to said City Council, setting forth the correct name of the applicant and of all persons interested either as owner, proprietor or manager and the place of location to be conducted. If after an inspection of the premises such location is found to be sanitary and in a sanitary condition, as to cleanliness, and after an investigation the applicant is found to be a person of good moral character a license shall be issued to such person, firm, corporation or association, to conduct such business or occupation, but subject to revocation in the event that such location is not kept clean and sanitary.

Section 4. Any person violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof be punished by a fine of not less than Ten Dollars nor more than One Hundred Dollars, or by imprisonment in the City Jail for not less than five days nor more than fifty days or by both such fine and imprisonment.

Section 5. It is hereby adjudged and declared that existing conditions are such that this ordinance is necessary for the immediate preservation of the public peace, health and safety, and owing to the urgent necessity of putting into effect the various provisions of this ordinance an emergency is hereby declared to exist and this ordinance shall take effect and be in full force and effect from and after its approval by the Mayor of said City of St. Helens, Oregon.

Read the first time March 20, 1922. Read the second time March 29, 1922. Read the third time and passed March 29, 1922. Approved by the Mayor, March 29, 1922.

EDISON L. BALLAGH, Mayor. J. B. GODFREY, City Recorder. DON'T KNOCK.

A young salesman called upon an old merchant but did not make a sale. After he had gone the merchant said: "I liked his goods, but he didn't know how to sell them. He spent five minutes talking about his own line and twenty minutes knocking his competitor."

That is the trouble with a great many people. They spend more time knocking other people than in displaying their own virtues and good qualities. Knocking doesn't pay. Besides, it is so unnecessary. Give other people credit for being as clear-sighted as you are.

Excellent Remedy for Constipation. It would be hard to find a better remedy for constipation than Chamberlain's Tablets. They are easy to take and mild and gentle in effect. Give them a trial when you have need.

All base ball teams to look good about this time of year.

JERSEY BREEDERS' YANKTON MEETING

A very successful meeting of the Columbia County Jersey Breeders' Association was held at Yankton, Saturday, March 18th, with a good membership present. A splendid lunch was served at noon. In the afternoon various subjects of interest to the Jersey breed were discussed. Resolutions were passed condemning the proposed change in official testing, requiring the animals to be milked under supervision previous to the test, and supporting the action of the Oregon Hay Growers' Association in their efforts to obtain for Oregon hay growers the same beneficial rates as the Washington hay growers receive on like distances of haul and to have the discriminating rates now in effect in Oregon revised. The association unanimously agreed to support and adopted the plan presented by County Agent Hollibaugh for the pure bred dairy sire campaign which will be started in Columbia county in the near future.

The house appropriations committee has approved the estimate of \$400,000 for the Powder River irrigation project in Baker county, and \$500,000 for the Umatilla project.

Some men sit noisy when they out and others when they don't.

How to Really Save On Cost of Painting

FIRST, find out what good paint is, for that is where you start to save on paint. We spend more to make paint for your economy as follows:

We use only the best materials in Fuller's Specification House Paints—PIONEER WHITE LEAD, pure linseed oil, zinc and finest colors.

We super-purify the lead in a special purifier. Then we make the lead so fine that it will pass through a silk screen with 40,000 meshes to the square inch.

The "whiter" lead means clearer-toned colors. The extreme fineness means better mixing quality, greater covering capacity, more ease in spreading—a paint that's always uniform and smooth.

Such paints when applied form a beautiful elastic, tough, protective coat that stays. They are known as "Fuller's Specification House Paints."

Where "Cheap" Paints Fail. Don't Figure Paint Economy as "Cost per Gallon."

"Cheap" paints can't compete with good paints in economy. "Cheap" paint covers less—you buy more gallons. It is harder to spread, requires more work—so you pay more labor cost. Your "saving" in less cost per gallon is very quickly eaten up.

These paints are important to you, so it's important to go to the right stores to get them. Agents' names and addresses are printed in the memo coupon below. Cut it out and put it in your pocket.

For all exterior jobs of painting it is advisable to obtain the services of a Master Painter.
