

FOREST PROTECTION  
WEEK APRIL 16-22By the President of the United States  
of America, a Proclamation:

WHEREAS, the protection and perpetuation of our forests are vital to our continued industrial welfare and national strength and to our individual health, comfort and prosperity, and

WHEREAS, a period of fifty years has passed since in April eighteen hundred seventy-two there was instituted in the state of Nebraska observance of a day especially set apart and consecrated for tree planting and known as Arbor Day, and

WHEREAS, both through widespread annual celebration of Arbor Day and through the increasing observance of Forest Protection Week service of forest protection has been commended public attention to the value of trees, and the necessity of their preservation, and the need for remedial measures against depletion of an essential natural resource.

THEREFORE, I, Warren G. Harding, President of the United States, do hereby upon governors of the various states to designate and set apart the week of April sixteen-twenty-two the week of April sixteen-twenty-two as National Forest Protection Week, and the last day of that week, April twenty-two, as the golden anniversary of Arbor Day, and to request officers of public instruction of counties, cities and towns and of civic and commercial organizations to unite in thought and action for the preservation of our common heritage by planning such educational and instructive exercises as shall bring before the people the disastrous effects of the present waste by forest fires and the need of individual and collective effort to conserve the forests and increase our tree growth for ornament and use.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE in the District of Columbia, this 13th day of March, in the year of our Lord one thousand nine hundred and twenty-two and of the independence of the United States of America the one hundred and forty-six.

(Seal) WARREN G. HARDING,

By the President:

CHARLES E. HUGHES,

Secretary of State.

BIG ATTRACTION  
SUNDAY - MONDAY

The boy wonder of the film world—the lovable little chap who has won the hearts of every person in the country through his work in "The Kid" and "Rock's Bad Boy," is the star of "My Boy," an Associated First National attraction, which is coming to this theatre for an engagement for two days, starting Sunday. And Jackie is really a star, for there are few figures in the film world who possess such a hold on the theatre-goers that Jackie does. This five-year-old little chap's name on the front of a theatre is sufficient to draw many thousands to any house, and the patrons of the Liberty are to be congratulated on this opportunity to see Jackie again.

The story of "My Boy" was written especially for Jackie and in it he is able to exercise to the full his rare pantomimic genius. The picture will draw laughter—and tears, and you will want to see it more than once. It is that type of a picture.

It is seldom that we go into ecstasies over a picture, but in this instance it is justified, for "My Boy" is a picture of such genuine merit and of such high entertainment value that we trust none of our patrons will miss it. It relates the story of a little boy whose father was killed in France and whose mother died on the boat that was taking them to America—the land of opportunity.

Landing in New York, the little chap has a lot of troubles and tribulations before he finds joy and happiness.

Take our advice and don't miss "My Boy." It is one picture in a thousand. Liberty Theatre.

JERSEY JUBILEE AT  
RAINIER, ON APRIL 22

Saturday, April 22, the Jersey breeders of Columbia county and their friends will meet in Rainier for an all-day get-together meeting. The keys of the city will be turned over to L. G. Smith, president of the Columbia County Jersey Breeders' association for that day, which means that the business men of Rainier are putting forth great efforts to entertain in their well known hospitable manner. It is hoped that several outside people will be present and address the meeting on subjects of interest to Jersey breeders. A five-reel motion picture show will be put on at the theatre in Rainier free of charge to everyone. It is especially hoped that many school children will be able to see this picture as it is a wonderful film production, entitled "Hearts and Jerseys," a very interesting and instructive film. Invitations are especially extended to other breeders of the county. Whether they are Black and White, Ayrshire, White Faced or Short-horns, they will be welcome guests during the day.

## Preventative Medicine.

The tendency of medical science toward preventative measures. It is easier and better to prevent than to cure. Pneumonia, one of the most dangerous diseases that medical men have to contend with, often follows a cold or attack of the grip. The cold prepares the system for the reception and development of the pneumonia germ. The longer the cold hangs on, the greater the danger. Take Chamberlain's Cough Remedy as soon as the first indications of a cold appear so as to get rid of it with the least possible delay. It is folly to risk an attack of pneumonia when the remedy may be obtained for a trifle.

At a recent meeting of Columbia Post a committee was appointed to organize a junior athletic club. Athletics of all kinds—punching bag, dumb bells, boxing, basketball—will be taken up under the instruction of "Kid" Brandon, who claims the title of Pacific northwest champion boxer.

The post has become sponsor for the baseball club, and the St. Helens ball team will play this season under the banner of the American Legion. The members of the team are not confined to ex-service men, therefore any ambitious ball player is eligible to a tryout. James Hunt has been elected manager of the team and is now ready to sign up the players. Personally, Jim may not be strong on base running but the boys are strong for him as a picker of base runners and long hitters.

The Columbia County Council of the American Legion is under way. The purpose of this organization is to have closer co-operation with the other posts throughout the county and state.

Don't forget to fill out the questionnaire on the American Legion

service campaign. It will help you and it will help the legion. Blanks can be had from the post commander or adjutant. Get one today.

The entertainment committee is arranging for another smoker in the near future. This one promises to be even better than the initial smoker given by the post.

Another matter for the ex-service man to look into is the filing of his application for the Oregon bonus or loan. Time for application filing will be up May 25th. Only 40 days more left, so if you haven't filed an application get busy at once.

The legion headquarters (city hall) can be had for parties, dances or shows. For terms see W. W. Dillard, post commander. Headquarters are open every night to all who wish to put on the gloves in practice, except nights when the hall is engaged.

Keep posted on the activities of the legion by reading the bulletin board at headquarters. And if you are an ex-service man join the legion and help boost the organization. The American Legion is for ex-service men. Join the bunch.

FORMER NURSE  
GAINS 25 LBS.  
TAKING TANLAC

"I Don't Hesitate to Recommend It to Anyone Suffering from Stomach Trouble and Kindred Complaints" States Well Known Seattle Woman.

"After hearing so much about Tanlac I bought a bottle thinking if it did others so much good it might help me too. Well, it has not only helped me, but I have actually gained twenty-five pounds since taking it and never felt better in my life," said Mrs. Marie J. Howard, graduate nurse of Bellevue Hospital, 402 Westlake Avenue, North, Seattle, Wash.

"My appetite is good now and my stomach is in such splendid condition that everything I eat agrees with me. I used to be bothered a good deal by my kidneys and liver, but now they both seem normal in every way."

"My nerves are calm and steady and I sleep like a child every night. I have had a great deal of experience with medicine and I don't hesitate to recommend Tanlac to those who have stomach trouble and kindred complaints."

Tanlac is sold by all good druggists.

"7 YEARS BAD LUCK"  
IS FUNNIEST PICTURE

You'll agree that the funniest picture you have ever seen is "Seven Years of Bad Luck," a super-special with Max Linder, which comes to The Liberty theatre, Saturday. For the first time in years, the moving picture lover is privileged to see a roaring comedy which has not the slightest suggestion of slapstick humor in any of its five reels. Max Linder returns to the screen after a notable record in the army of France during the late war. To see him again is to know how much he has been missed.

Where a little corn can be grown with sunflowers the mixture makes a better silage than the sunflowers grown alone.
