**SERVICE STATIONS HELP BREAK RECORD**

Mrs. Kathleen Ayres is a great booster for gasoline service stations. Mrs. Ayres is the woman who recently broke the San Francisco-Portland record by piloting her four-cylinder Buick coupe between these cities in 22 hours and 43 minutes. Her time cut down the best previous motor car record by 3 hours and 8 minutes, and bested the Southern Pacific's crack train, "The Shasta," by 5 hours, 47 minutes.

Mrs. Ayres, in describing her record-breaking run, was particularly generous in her praise of the Standard Oil company's service stations along the road. Stops were made at Corning and Roseburg for Red Crown and Zerolene, and the prompt attention given by the service station attendants cut many minutes off the running time. "And minutes are valuable little things, especially in establishing records," said Mrs. Ayres.

The Buick's record is official in every respect, as the coupe and its sassy little driver were checked out of San Francisco and in at Portland by members of the press in both cities, while the timing was done by officials of the Western Union Telegraph company.

Mrs. Ayres is chairman of the reception committee of the California Federation of Business and Professional Women's clubs for their convention to be held in San Francisco June 22, 23 and 24. She made the trip by way of showing that the women of today can keep pace with the men.

**LOGGING CAMP INTERESTING PLACE**

By Hilda Wallace.

Milton Creek Logging company's camp is the most interesting and industrial camp we have ever visited, so we feel it to be our duty as well as our pleasure to write our opinion of the logging company and let it be known that we spent a wonderful day there.

A very important part of this story is to let everyone who has not visited Milton Creek camp know what a nice place it is and what a wonderful time they have missed.

We hiked from St. Helens to the camp, arriving there about noon and were invited to take dinner at the cookhouse. Needless to say, the invitation was accepted. The dinner was delicious and we certainly enjoyed it.

After dinner we had the pleasure of riding up to the woods on the "mulligan" car. When we arrived at the woods the first thing we saw were the men loading logs which was interesting and very exciting to us. It was a great puzzle; first to see how the cables were fastened to the spar trees and how each one does its work so well. It is great

fun to watch the monster tongs pick up logs and lay them on the trucks. It seems almost impossible for a donkey engine to have power enough to lift such huge logs and timbers as they do.

While watching the loaders ride on the tongs we made the remark that we would love to ride on them, so with the consent of the men, we had a very high, fast and exciting ride. It is impossible to realize how much work is carried on in a logging camp until you see for yourself. There is so much work to be done before logging can be carried on, such as putting up all of the cables, moving donkeys and laying new track.

We were in the woods all of the afternoon but the time passed so rapidly and we were so interested in what was going on that we scarcely realized it was 5 o'clock until the "mulligan" came after the men.

Arriving at the camp we went into the commissary with the intention of paying for our dinner but Mr. Sprague refused to accept our money. The four girls in our party certainly appreciated the hospitality of the men at the camp and we will always remember their kindness.

**LITTLE WOMAN GAINS 15 POUNDS AND FEELS FINE**

Mrs. Harvey Was So Run Down She Tipped Beam at Only 100 Pounds and Health Was in Wretched Condition

"A friend of mine got me to try Tanlac, and it proved to be the turning point in my health," said Mrs. Hattie Harvey, 2558 San Pablo Ave., Oakland, Calif.

"I had an awful case of stomach trouble, of long standing. After eating the lightest meal, I became nauseated, could scarcely retain a thing on my stomach and gas would press up into my chest, nearly choking me, and causing my heart to palpitate dreadfully. I had splitting headaches, my back right over my kidneys felt as though it would break in two, and I was almost frantic at times with my nerves. I could sleep but very little, and as I could find nothing to help me, I got so weak and run down I only weighed a hundred pounds.

"But Tanlac has simply made a new woman of me, I just feel fine all the time, and today I weigh a hundred and fifteen pounds. My gratitude to this great medicine is unbounded."

Tanlac is sold by all good druggists.

**NORBLAD FOR CONGRESS**

Means Active Representation for This Congressional District

A Vote for NORBLAD is a Vote for Real Representation

A Vote for NORBLAD is a Vote for Real Representation

**SENATOR A. W. NORBLAD**

In writing of the record of candidates The Oregon Voter says: "Norblad's eloquence, fighting ability, intelligent grasp of essentials in measures — and magnetic personality, made him a commanding figure even in his first session; by the end of the session he was recognized as one of the leaders of the senate. He got through every important measure in which his district was vitally interested and took a prominent and effective part in most of the important debates. In the opinion of the Voter, HIS VOTING RECORD WAS THE BEST OF ANY MEMBER OF THE SENATE IN 1919 and among the best in later sessions. If SENT TO CONGRESS AND KEPT THERE IT IS CERTAIN HE WILL ATTAIN A POSITION OF LEADERSHIP AS HE HAS THE SPIRIT, ENERGY AND ABILITY."

We, the following citizens of Columbia County heartily endorse the candidacy of Hon. A. W. Norblad and ask the voters of Columbia County to support a man who will work in congress for the further development of this district.
