THE CRITICAL TIME.

Divorce lawyers in Sweden say the third year is the crisis in married life. That is when mates are most likely to agree or disagree, they say.

Sir George Lewis, England's fashionable divorce lawyer, says the danger point is between the seventh and tenth year.

Both of them are wrong. The real danger period in married life is before the knot is tied—when he or she picks the wrong mate. Men and women are called on to make many important decisions in life, but none so vital as whom to marry.

One out of nine American weddings end in divorce.

THE NEXT WAR.

Belgium and France have signed a military agreement. They will act together in future regardless of circumstances—"come hell or high water," as the old cattleman would have put it.

Diplomats call such an arrangement an "airtight pact."

The surface intention is to give the bill collector a gun if Germany does not pay her war debt. In the background is the uneasy fear of a German comeback, possibly allied with Russia.

Diplomats start very few things that eventually are not settled on the battlefield. They unsettle more than they settle.

THE MAN WHO WINS.

The man who wins is an average man. Not built on any particular plan. Not blest with any particular luck. Just steady and earnest and full of pluck.

The man who wins is the man who works. Who neither trouble nor labor shirks. Who uses his head, his hands, his eyes.

The man who wins is the man who tries.

Recommend Chamberlain's Tablets.

"Chamberlain's Tablets have been used by my husband and myself off and on for the past five years. When my husband goes away from home he always takes a bottle of them along with him. Whenever I have that heavy feeling after eating, or feel dull and played out, I take one or two of Chamberlain's Tablets and they fix me up fine," writes Mrs. Newton Vreeland, Minoa, N. Y. Take these tablets when troubled with constipation or indigestion and they will do you good.

If the ten commandments were put before the senate for ratification some member would doubtless want to make reservations.

Congress needs a leader, says an exchange. And another exchange retorts that it begins to look as if congress needs a keeper.

Now that the Irish and the Egyptians have secured home rule, we Americans should not lose hope.

Why Suffer With Rheumatism?

Do you know that nine out of every ten cases of rheumatism are simply rheumatism of the muscles or chronic rheumatism, neither of which require any internal treatment? The pain may be relieved by applying Chamberlain's Liniment, which makes sleep and rest possible, and that certainly means a great deal to any one afflicted with rheumatism.

The meek ought to inherit the earth, when you come to think of it. They are the ones who pay taxes without kicking.
