Judge White he sed he kilt jess as menny Indians as they kilted of him jess the same. Nobuddy was hurt I jess.

## MAT MATCH CREATING MUCH INTEREST

The wrestling match, scheduled for tonight at the Liberty Theatre, between Norbeck, who has a nationwide reputation, and Hill, a local longshoreman with a large following, is attracting more than ordinary interest among the sports of this locality. The match is the outcome of an exhibition given by the two men at the theatre last week, when Norbeck, who was giving a corner \$1 per minute if he could not throw him within that period of time. Hill promptly accepted the challenge, and won. On the following night Norbeck thought better of his previous proposition, and extended the time to fifteen minutes, believing that his chances for winding the St. Helens man and winning the match would be enhanced. Again Hill was reluctantly made the recipient of \$15.

Following the impromptu match Hill made the statement that Norbeck could not throw him within an hour, whereupon the men posted a purse for a contest Friday night, the winner to not only take the purse but the entire gate receipts after expenses had been liquidated. The signed agreement makes it necessary for Norbeck to throw Hill twice within one hour and thirty minutes, or in the event that Hill throws Norbeck at any time during this period he is to receive a decision.

## FIRST DEPARTMENT STORE TELEPHONE

How the telephone dawned on the shopping public, way back in 1879, is described in the story of R. H. Macy's department store in New York City, which has just been published, Edward Hungerford's "The Romance of a Great Store."

"Soon after the first electric lamps, the store's first telephone was installed. It too, was a great novelty, and the customers of the establishment developed a habit of calling up their friends just so they could say they used it. Eventually the convenience of the device became so apparent that folk stood in queues awaiting their turn to use it and the telephone company requested Macy's to take it out or at least to discontinue the practice of using it so freely."

## ENJOY AUTO AND FISHING TRIP

Mr. and Mrs. R. H. Roberson and Mr. and Mrs. Gus Lope and son returned to St. Helens Saturday after having been absent for a week on a fishing and camping tour. For the benefit of the autoists who might make a trip over the route they took the Mist asked Mr. Roberson to give an account of the trip. Here it is: We left St. Helens at 11:30 a. m. Saturday, June 17 for Pittsburg and stopped at the Little Clatskanie for lunch and then proceeded to Pittsburg. The road was rough but we made it o. k. and got to Cedar Creek which is about five miles below Pittsburg at 5 o'clock. We caught 17 fine trout for our supper. On the 18th we broke camp at 9 o'clock and went to Fishhawk creek. There were so many fishermen there that we proceeded to Jewell and camped at Elsie. We got 29 fine trout out of the Nehalem at this place. The 19th we spent at the Rapids and that place has got them all skinned for fine fishing. On the 20th we went to the Clatskanie fish hatchery and on through to Astoria and to Seaside. We spent the night on the banks of a little creek about five miles from that popular resort. On the 21st we went back to Seaside and saw many people we knew, among them Mr. and Mrs. Henshaw, former residents of Houlton, also Peter Hansen and family. We went crab fishing but did not have any luck.

On the 22n we went to Cannon Beach which is the prettiest beach on the coast. The road from Seaside to this place is all graded and before long it will be a popular beach resort. On the 23d we started home, going through Warrenton and Astoria and up the highway 16 miles to Deep Creek, where we camped again. Gus Lope wanted some more trout so we went up the creek and in one and a half hours returned with 30 fine trout. Deep Creek is certainly a fine fishing stream and we caught 84 fine trout to bring home and to tell our friends know we were not telling fish stories, we gave a number of fine trout to several of our friends. We arrived home Saturday evening after having a fine outing.

Chinese students attending the University of Chicago avail themselves of 20,000 books of Chinese, Japanese, Mongolian and Tibetan literature, history and philosophy in the library. This library reports the possession of 491 books printed prior to 1500.

In the city of San Francisco there are more telephones than in all the countries of Italy, Central America, Jugo-Slavia and Greece.

## ENGINEER KIRBY MAKES BIG GAIN IN SHORT TIME

"Tanlac is the Greatest Builder I Have Ever Seen." He States—Is Now 25 Pounds Heavier and Is Feeling Better Than In Years.

"I have gained 25 pounds since taking Tanlac and for the first time in over a year I can eat whatever I want without suffering afterwards," declared C. R. Kirby, 394 Salmon Street, Portland, Oregon, a popular locomotive engineer.

"My stomach went back on me and I fell off in weight until I hardly had strength enough to work. Sourness and gas on my stomach made it impossible for me to get a long breath and I would often have bilious attacks lasting several days and I would get so nauseated that I became deathly sick. Constipation bothered me and at times I had terrible headaches.

"Tanlac did more for me than I thought any medicine could possibly do. My stomach never bothers me, the other troubles have gone and I'm now feeling and working better than in years. Tanlac is the greatest builder I've ever seen."

Tanlac is sold by all good druggists.

## DEER ISLAND.

Quite a number of Deer Island people attended the funeral of Mrs. Ida Fox at Goble on Monday afternoon. Mrs. Fox was a sister of Louis Lengacher of the Deer Island garage. The whole community extends sympathy to the bereaved family.

Sunday school was held Sunday for the last time during the summer months. It is hoped by those conducting it that more interest will be shown in the fall by the grownups of the community. During the past year there has been an average attendance of thirty children, while only four or five adults have taken part. While the Sunday school is conducted under the auspices of the Presbyterian Mission board it has been self supporting all year and the children's day offering sent in for missionary work amounted to \$8.00.
