VERNONIA

Vernonia now has a depot agent, Mr. Aekley having accepted the position as Vernonia agent for the P. A. & P. R. Co.

Walter Hall and family pulled up stakes here and left last week for the old Kentucky home.

Lewis Fitzgerald of Vancouver, Washington, is a recent arrival in Vernonia and has accepted a position here.

At their last meeting the city council passed a drastic ordinance as to the violation of prohibition laws and disorderly conduct. The mayor and council will insist on a rigid enforcement of the ordinance and violators of it will be made to know that infractions of the ordinance will not be lightly considered.

At their last meeting the Vernonia Chamber of Commerce definitely decided to have a great celebration on or about September 1st when the railroad is opened for passenger traffic and the first passenger train arrives. Word comes from St. Helens that the citizens of that city will come over in force and take part in the celebration. Several committees were appointed to look after details of the proposed celebration.

The sidetrack and spur at the depot grounds were put in last week and a carload of coal arrived for the Utah Construction company. It was the first carload of freight to arrive in Vernonia. It is expected that other freight shipments will begin to arrive.

The track crew's boarding train is on the sidetrack north of the town and the crew is laying steel on the railroad. The track is now complete for a distance of about 3 miles west of Vernonia.

A severe forest fire is raging in the Rock Creek section and threatens to do considerable damage. Fire fighters have been rushed to the burning section and are trying to control the fire. At this writing it is impossible to give accurate information as to the damage done.

Mrs. C. D. White motored to St. Helens Wednesday.

Since the St. Helens-Pittsburg grading is completed we see St. Helens people over here most every day. The people of this section hope that the road will be macadamized this year so as to permit all the year round traffic.

YANKTON

Guy Crosby and family motored from Seattle and are visiting Mrs. Steve Lampa.

Clyde Watson and family spent a few days at Seaside and since Mr. Watson's return he has been busy building a garage.

COUNTY FAIR BOARD MEETS

The county fair board met July 25th in the office of Miss Perry, the new member of the board. Among other business transacted new ribbons for this year were ordered and they will be of the same high quality as those of past years.

Plans were inaugurated for white washing the barns and poultry houses and making needed repairs. It is the intention to have all buildings in first-class shape. As all stock must be tuberculin tested there will be no danger of the finest stock becoming infested with any disease.

Secretary Tarbell reports that much interest is being manifested in live stock in the county and he predicts that the barns will be filled to capacity with exhibits of some of Columbia county's best in blooded stock. An especial good display of grain is also expected.

For 12 years a Florida farmer has raised watermelons on 1,000 acres. In all that time he has never shipped a melon but let them spoil in the fields except those he and his neighbors eat. The melons are grown exclusively for their seed, which are sold to planters of Florida, Georgia and other southern states.

MILADYS LINGERIE FROCK MADE OVER A FOUNDATION OF CHIFFON.

Milady's wardrobe is not complete without at least one lingerie frock, but when it is of lace, made over a foundation of chiffon with clusters of flowers, there is little left to be desired.

Same Old Story But a Good One.
Mrs. Mahala Burns, Savanna, Ma., relates an experience, the like of which has happened in almost every neighborhood in this country, and has been told and related by thousands of others, as follows: "I used a bottle of Chamberlain's Colic and Diarrhoea Remedy about nine years ago and it cured me of flux (dysentery). I had another attack of the same complaint three or four years ago and a few doses of this remedy cured me. I have recommended it to dozens of people since I first used it and shall continue to do so for I know it is a quick and positive cure for bowel troubles."

A great national park of 2,000,000 acres has been set aside by the government of Argentina.

The park contains snow-capped mountains, glaciers, tumbling rivers, azure lakes and foaming cascades. It is situated on the Chilean border and takes in the foothills and mountains of the Andes. Fully one-third of the territory has never been explored.

A Delaware man has invented a trousers creaser of such efficiency that the customer can have the operation performed without taking the trouble to divest himself of his trousers.

A modification of the device creates the arms of a coat, making it possible for a man to have his entire suit pressed on him.

Let Your Money Work for You

Money deposited in a savings account in this bank is not idle. It is working day and night, piling up interest, earning more money, swelling your bank account.

Many of the richest men in this country began their careers with nothing but energy and a determination to succeed. They saved their money until it could be turned to good account.

It's largely a habit, like many another proceeding. What sense is there, anyway, in spending all you make? The future ought to be looked out for—your old age when earnings will probably lessen.

Something should be laid aside for emergencies, for "it's the unexpected that ALWAYS happens."

Why not, young man? A savings account is the first step.

THE GOOD Maxwell Auto
In taking the agency for the GOOD MAXWELL we had three things in view:
FIRST—To have a good car at a reasonable price and a car we could recommend.
SECOND—A comfortable car with plenty of power, or dependable construction and economical in operation.
THIRD—A car designed in such graceful lines as would make the owner proud to be a Maxwell owner.
All of these are to be found in THE GOOD MAXWELL. It is a strong, durable, dependable and economical car. No other car of its price has the same graceful lines or body construction. THE NEW MAXWELL is easily the peer of the medium priced cars.
It will give us pleasure to demonstrate this wonderful car, the accomplishment of years of study by automobile experts.
The Price of the GOOD MAXWELL is Only \$1060, St. Helens Delivery
Easy terms can be arranged—one-third down and balance in ten installments.
We are anxious to show you this car. Phone us and we will call and give a demonstration.
