The new Goodyear Cross-Rib Tread Cord

A Popular-Priced Cord Tire Without a Rival

The new Goodyear Cross-Rib Tread Cord Tire is built with genuine high-grade long-staple cotton as a foundation. It is liberally oversize—the 4 1/2-inch tire, for example, measuring nearly 5 inches. The deep, clean-cut, cog-like pattern of its tread affords excellent traction even in snow and mud, engaging the road like a cogwheel. The scientific distribution of rubber in this tread—the wide center rib and the semi-flat contour—gives a thick, broad surface that is exceedingly slow to wear. This new tire is a genuine Goodyear through and through—in design, in material, in construction. It costs less to buy than the net price you are asked to pay for many "long discount" tires of unknown reputation and value. Why be satisfied with less than this efficient tire can give—why take a chance on an unknown make? You can get this new Goodyear Cross-Rib Tread Cord now, as well as the famous All-Weather Tread Cord, from any of the Goodyear Service Station Dealers listed here.
