Rheumatism Thing of Past He States.

The successful treatment of rheumatism by taking Tanlac is one of the outstanding features of that remarkable medicine. Thousands of people everywhere have testified that it has brought them complete relief from this tortuous disease.

Edward Reed, well-known grocer of 997 Lombard St., Portland, Oregon, says: "By the help of Tanlac, I have gotten rid of a case of rheumatism from which I had suffered for fifteen years and made me miserable most all the time. My hands would swell up and hurt me so bad I could hardly use them. In the winter I simply suffered agony."

"Seeing what Tanlac did for me a number of my neighbors are now taking it."

When the digestive system, liver and kidneys are not working properly, uric acid and other impurities accumulate in the muscles and joints causing rheumatism. Tanlac quickly overcomes this condition by enabling the vital organs to perform their functions properly. Get a bottle today, at any good druggist.

A plague of rats and mice is infesting Berlin and stringent methods are advocated to rid the capital of its unwelcome guests.

Don't worry because you do not feel able to buy an automobile this year. Your neighbor who did buy may not be able to afford it either.

Justice is blind, they say. This is the reason why there is such difficulty in locating and punishing the guilty party.

At your Grocer's - buy Oregon Made products

Six hundred factories, ranging from small creamery to great flour mills are manufacturing food products and household necessities sold at your grocer's.

These factories are providing markets for raw materials; they are creating payrolls; they are making Oregon a better place to live in.

As their sales expand, production increases. This means more workers, more money in Oregon, better markets for Oregon farm products, better times for everyone.

You can help bring better times by insisting on an Oregon brand. Buy Oregon products at your grocer's on the basis of equal merit. They are the kind any housewife is proud to have and use.
