

REGIONAL CONFERENCE OF THE RED CROSS

To be Held at Corvallis Friday and Saturday of This Week—An Interesting Program.

The first of the Red Cross regional conferences for Oregon this fall is to be held at Corvallis Friday and Saturday, the 15th and 16th of this month. This will add one more noted convention group that the valley city has entertained this summer.

The object of these regional conferences is twofold; first, to bring the community workers and executive committees in closer contact with division representatives and through them with national Red Cross ideals and policies; and secondly, to bring about a greater spirit of co-operation between the various social agencies throughout the entire state.

Chapters participating in the conference are from the following counties: Clatsop, Columbia, Yamhill, Washington, Tillamook, Portland, Clackamas, Willamette, Linn, Lincoln, Lane, Coos-Curry, Josephine, Jackson, Klamath, Douglas, and Benton.

On outline of the program is as follows:

FARMERS POOL THEIR HAY ORDERS

The secretary of the Columbia county farm bureau states that inquiries are beginning to come in relative to the pooling of orders for alfalfa hay and that a total of 225 tons of alfalfa, has so far been ordered. The pool will be kept open a reasonable length of time so that all farmers will have an opportunity of getting alfalfa hay at as low a figure as possible. The purchasing power of the farmers is shown in these orders. It is the intention to place these orders with the producer direct so that he will benefit as well as the consumer, and the cost to the consumer will be less than where purchased in small lots.

BIG YUKON SPECTACLE GREAT OUTDOOR FILM

An authentic reproduction of that mad summer of 1889, when a sensational rush for the Alaskan gold fields caused farmer and mechanic, business man and laborer to drop their activities to participate in the wealth offered by the Yukon, is visualized in "The Belle of Alaska," the Sunday and Monday attraction at The Liberty. It is Jane Novak's latest and greatest screen triumph. One of the mighty thrills, showing a Yukon steamer crashing against an iceberg off the Pacific coast, is said to be the most effective shipwreck scene ever devised for a motion picture entertainment. Half dressed, undressed, half dazed from sleep, passengers are shown in a mad flight for safety. The ship is seen sinking slowly as the steamer's searchlight plays upon the surface of the water. Scores of desperate passengers can be seen struggling in the water to climb on life rafts, life preservers or any litter from the ship floating about in the water. Miss Novak's sensational leap off the steamer deck in another scene will afford the spectator one of the most thrilling incidents ever depicted. A mad swim for the dock by Miss Novak will make your hair stand on end while the passengers aboard the ship become panic stricken at the sight of this girl in the water after her mysterious leap. Miss Novak illustrates her ability as an emotional actress in this heart and action drama of the roaring Yukon.

If the milk strainer gets clogged up, rub table salt through it and it will be instantly cleaned and be as bright as new.

Whole System Is Benefitted by Tanalac.

Thousands of frail, nervous people and convalescents everywhere have testified to the remarkable power of Tanalac in bringing back their health, strength, and working efficiency. It seems to quickly invigorate the constitution and is a powerful foe of weakness.

Mr. I. A. Russell, of 318 E. 39th St., Portland, Oregon, says:

"I was in a terribly weakened, run-down condition, and ate little more than enough to keep me alive. I had a tired worn-out feeling all the time, and could scarcely hold up under the least exertion. "Tanalac proved astonishing in my case. I am feeling altogether like a different person."

There is not a single portion of the body that is not benefited by the helpful action of Tanalac. It enables the stomach to turn the food into healthy blood, bone and muscle, purifies the system and helps you back to normal weight. Get a bottle today at any good druggist.

The new settlement worker was obtaining data as to the characters and habits of the residents in the negro section of the town to which she had been assigned. Aunt Mandy had been particularly boastful as to the fine qualities of her man.

"Is your husband a patient man?" inquired the worker.

"Deed he am," replied Mandy with pride. "Ah 'specks he's de patientes man what is. He done spend all las' Sunday fixin' a new pair o' dice to roll natural." — American Legion Weekly.
