AMERICAN RELIEF IN STRICKEN NEAR EAST
In a letter to The Mist, J. J. Handsaker, state director of the Near East Relief Fund, gives the following information which will be interesting to many St. Helens people and those of the county who are now doing their "bit" in affording relief for the sufferers mentioned by Mr. Handsaker:
"It is impossible to exaggerate the fearful conditions of suffering in Smyrna and other points of the Near East, according to a communication just received from J. J. Handsaker, state director of the Near East Relief.
The Turks declared that all refugees remaining in Smyrna Sunday morning, October 1st, would be deported. In spite of this threat, American relief workers continued to transport the sufferers to places of safety on Greek islands and the mainland, according to a cable received by Mr. Handsaker, October 4th. Twenty-six thousand were taken away on Friday, but Saturday morning revealed another 50,000 who had straggled into the ruined city over night. They had been hiding, fearing to come into the open until there was an immediate chance for escape. Those arriving in the city reported hundreds dying by the roadside of exhaustion. Turkish bandits were robbing and maltreating the fugitives. New born infants were dying in their mother's arms. Children separated from their parents were crying on the streets. Among the 250,000 refugees are more than 5,000 infants, all of whom are suffering.
The one spot of cheer in all this desolation is the relief station, over which floats the American flag. Sixteen hundred sacks of flour have been landed at Mitylene for the 100,000 refugees. A total of \$300,000 has been appropriated. More help must come and at once, unless wholesale death from starvation is to result.
Recognizing the desperate nature of the crisis, President Harding has appointed Will Hays, movie magnate, chairman of a Smyrna relief fund, and will immediately designate members from different states including Oregon. Mr. Hays' committee will work in connection with the near east relief. Funds should be forwarded to Near East Relief, 613 Stock Exchange Building, Portland, Oregon.

His Rheumatism Has Entirely Disappeared.

The successful treatment of rheumatism by taking Tanlac is one of the outstanding features of that remarkable medicine. Thousands of people everywhere have testified that it has brought them complete relief from this tortuous disease. Edward Ware, 2526 Juneeu St., Seattle, Wash., says:
"I had all sorts of trouble with my stomach and was in pain day and nights from rheumatism. I was completely rundown and could hardly work. Tanlac overcame my troubles and fixed me up in great shape. I'm considerably heavier than I was and I feel fit as a fiddle all the time."
"When the digestive system, liver and kidneys are not working properly, uric acid and other impurities accumulate in the muscles and the joints, causing rheumatism. Tanlac quickly overcomes this condition by enabling the vital organs to perform their functions properly. Get a bottle at any good druggist.
