

"CARDIGAN" TO BE SEEN ON SCREEN

That vivid and powerful story of the birth of American freedom, "Cardigan," will be presented at the Liberty Theatre next Thursday and Friday under the auspices of Columbia Pictures.

"Cardigan" is the 100 per cent American-made movie and is said to be the cleanest and most entertaining picture ever produced in this country.

It is for this reason that the national organization of the American Legion purchased the film outright for the exclusive use of local posts.

That "Cardigan," based on the well-known novel by Robert W. Chambers, will long be known as "the great American picture" is the prediction of reviewers.

SEATH FOR REPRESENTATIVE

A. E. Veatch, editor at Rainier, and a good Columbia county booster, is a republican candidate for the lower house of the legislature.

Another of the most active county candidates is A. E. Veatch, editor of the Rainier Review, who is out for representative, opposed to Sherman Miles, the democratic candidate.

Rainier will give a big majority for Veatch and the republicans of St. Helens should follow the example set by the balance of the county.

AN EXERCISE TO REDUCE THE WAIST LINE.

How many of us would be able to pull ourselves into a knot such as this and then have enough strength left to pose for the photographer as our fair contortionists does?

What is believed to be the largest camera in the world is owned by a scientist in Chicago. The camera body is 9 feet, 4 inches wide, 29 feet long, when fully extended, and 5 feet high.

Nation Builders in the Making

There is no institution which is building good, sound citizenship more steadily and consistently than Boys and Girls Clubs.

TO THE VOTERS OF COLUMBIA COUNTY.

In submitting my candidacy for County Commissioner, I wish to say that I have been a resident of Columbia county for the past 14 years.

Citizens of the Nehalem county believe that their rapidly developing section of the county entitles them to representation on the county board.

FARM POINTERS.

Silage for stock is a form of succulance and not a balanced ration within itself. In feeding it, roughage such as alfalfa or clover hay should be used or some other good nitrogenous feed supplied.

Poultry litter should be watched carefully at this time of the year and changed as often as it becomes damp and heavy. It has a tendency to hold moisture which soon makes the poultry house very damp.

Where lights are used, now is the time to start them on the pullets. Lights are used for layers only—not for brooders.

If a bird is worth treating for disease it is before she is half dead. Prevention rather than cure, first, last, and always.

"You surely don't eat in there do you? How can you afford it?" "I don't. I eat up at Maisie's Rapid Fire joint and come down here to pick my teeth."

Consentious Animal Trainer—"I'd like to do something big before I die." Circus Manager—"Well, why not wash the elephant?"

Every Woman Loves to Paint

when she knows how—let us tell you

PAINTING is really fascinating work. Once you are started you'll probably not want to stop until you have refurbished many things you did not intend to do at first.

Of course there are some simple directions that must be followed if the work is to be successful, for we have a special "Home Service Paint Department" which was organized just to tell you how to paint.

Perhaps some of your furniture, floors, woodwork or walls are beginning to look a little old—just on the surface. Pick out one or two things to refurbish. Tell us about them and how you want them to look when finished.

Our experts will tell you what materials to use, how to do the work step by step, what brushes you'll need, and everything about it.

For 73 years we have been making paints, varnishes, enamels, wall lin-

oles and stains for women to use. They are the finest materials of their kind that we know.

Write for Fuller's Free Advice and receive a few home things. You'll be surprised how fascinating the work is and how much you can save, too.
