ATTRACTIVE FEATURES NEXT WEEK'S BILL

The Liberty Theatre opens the new week tomorrow—Saturday—with a dashing Canadian mounted police story, entitled, "Man's Law and God's," featuring Jack Livingston and Ethel Shannon, being the humorous tale of an old miner's innocent pastime that caused a false arrest and then cut two notches in Cupid's quiver. An added attraction is the fifth round of "The Leather Pushers," a two-reel subject that is creating considerable interest among movie goers.

On Sunday and Monday, with the usual two shows Sunday afternoon, the spectacular super-special, "A Virgin Paradise," will hold the boards. It is the story of a half wild girl who grew up in the jungles, with wild animals her only companions, and then was brought to civilization, where she found much to displease her. This picture has occasioned more discussion than any other photodrama ever filmed.

Tom Mix, who has not appeared on the silver sheet here for some time, is scheduled for Tuesday and Wednesday in what is said to be his best production, "Sky High." This popular star is a general favorite in this community, and his admirers will doubtless find him at his best in this new production.

A picturization of "Jees Uek," a story by Jack London and one that has attracted wide-spread attention, comes to The Liberty on Thursday and Friday under the title of "The Mohican's Daughter." The name of Jack London is one of the most brilliant in the annals of contemporary American literature, and "Jees Uek" is one of his best stories. It is filled with the early romance of a great and vanishing race, the American Indian.

SERVED IN CONVENT MRS. BOSONAUT SAYS

In the last issue of The Mist there was a communication from Rev. Jos. P. Clancy, which stated that Mrs. A. Bosonault was never a Catholic nun. This paper gave space to Rev. Clancy's statement, so in justice to Mrs. Bosonault, we publish the following affidavit of Mrs. Bosonault:

I, Mrs. A. Bosonault, being first duly sworn depose and say that, noticing the article of Rev. Jos. P. Clancy, of the Catholic church, stating that I was never a Catholic nun, I have made an affidavit that I was a sister on probation, as I stated in my talk in the city hall the evening of September 23, and I was loyal to my faith and my vows while I was there, and I was in the convent for one year. I was in Franciscan convent, Worcester, Mass., for one year, 30 years ago and the records of that institution should show this. I have other credentials which will prove my statements, and will be glad to show them to any one interested. My address is 828 East Ash street, Portland, Oregon.

(Signed) MRS. A. BOSONAUT.
Subscribed and sworn to before me this 23rd day of October, 1922.
E. E. QUICK,
Notary Public for Oregon.
My commission expires April 13, 1924.

Has Never Felt Better in All His Life.

Thousands of frail, nervous people and convalescents everywhere have testified to the remarkable power of Tanlac in bringing back their health, strength and working efficiency. It seems to quickly invigorate the constitution and is a powerful foe of weakness. Mr. A. Briggs, of 2605 1/2 East Lake, Seattle, Wash., says:

"I was in a general run-down condition from loss of appetite and indigestion, felt worn out all the time and was growing weaker every day. Tanlac rid me of the indigestion, put a keen edge on my appetite, built me up several pounds and now I'm simply brimful of life and energy."

There is not a single portion of the body that is not benefited by the helpful action of Tanlac. It enables the stomach to turn the food into healthy blood, bone and muscle, purifies the system and builds you back to normal weight. Get a bottle today at any good druggist.

PUBLIC SCHOOLS

Now Is the Time for Passage of School Bill

Vote 314 x Yes

Passage of the Compulsory Public School Attendance bill now—this year—will insure that a minimum number of private schools and private school pupils will be affected. Of the 36 counties of Oregon 16 are at present without any private schools whatever. The combined aggregate of pupils in all the private schools in five other counties is fewer than 200. The total attendance at the private schools, of the grammar grades, of Oregon is about 9841. The total attendance at the public schools, of the grammar grades, is about 131,639. Surely if the public schools are good enough for the 131,639, they are also good enough for the other 9841.

At present, while the private schools are few and small, is the time to make the change proposed by the public school bill.

COSTS. No tax will be levied for years to come, as the bill does not take effect until September, 1926, and no tax then if the amendment is in the courts for several years.

When all attend our free public schools the additional cost will be slight, for the overhead will be the same. Most of the children will find a place in existing classes and the added expense to the average taxpayer will be nominal. The great benefit to our nation will be worth many times the small cost.

Now is the time to pass this measure, insuring that in Oregon all of our children will be educated to a common patriotism, common ideals and a unified allegiance to our institutions.
