**UNIVERSITY LOANING PICTURE SLIDES**

UNIVERSITY OF OREGON. Eugene, Nov. 23.—Many rural schools have purchased stereopticon lanterns equipped with a six-volt light to be run by a storage battery, in order that school children may enjoy the advantages of the 8,000 separate slide views which are lent by the University of Oregon extension division.

Nearly three hundred schools and communities in Oregon are now using the slide and film service of the extension division. The extension division announces that those interested in visual instruction may secure from the division the film catalogue, listing and describing respectively, 120 different educational films and 214 lantern slide sets available for loan in Oregon.

**HIGHWAY BOARD AWARE OF RESULTS**

PORTLAND, Ore.—That the state highway commission is fully cognizant of the possible effect of the recent gubernatorial election on the personnel of that body, was evident in many ways this morning as the commission ground through a grist of work at the court house.

The meeting, which opened today, will probably last through two and possibly three days. Before the closing session, it was rumored, the members of the commission will agree as to their action in the matter of tendering their resignations to Governor Olcott immediately after the December meeting or whatever other course appears best.

**MASS MEETING ON WATER QUESTION**

As we go to press the mass meeting called by Mayor Ballagh and Chairman of the Water Board L. J. VanOrshoven for the purpose of discussing the water supply situation, is in progress. About 30 to 35 citizens were in attendance. Mayor Ballagh called the meeting to order and stated its purpose. Mr. VanOrshoven read the report of Consulting Engineer Griswold and there was some discussion of the matter. It was not expected that any definite action would be taken as the meeting was called for the purpose of ascertaining the views of the taxpayers.

 son lived in Madras, Oregon, but the coroner has not been able to get into communication with her. The whereabouts of Wilson's ex-wife are unknown. He had been separated from her for several years. Unless information is received from the relatives as to the disposition of the body, it will be buried tomorrow afternoon in the I. O. O. F. cemetery at Warren, Mr. White said.  
 Mrs. Evans is a comely woman of about 40 years of age and regrets the unfortunate occurrence which has brought her so prominently before the public.

**BIBLE THOUGHT FOR TODAY**  
 Bible thoughts memorized, will prove a precious heritage to after years.

IT CAN'T BE DONE:—No man can serve two masters; for either he will hate the one, and love the other; or else he will hold to the one, and despise the other. Ye cannot serve God and mammon. —Matthew 6:24.

**CONCRETE PIPE PLANT FOR KELSO**

Arrangements have been made by the Concrete Pipe company, the largest manufacturers of concrete pipe and concrete materials in the west, by which they will establish a large plant on the west side for the purpose of manufacturing concrete pipe and other concrete building materials for the Long-Bell Lumber company. The exact site for the plant has not been disclosed but it will be in the vicinity of Peardsdale where it will be close to the center of the Long-Bell Lumber company's gigantic development project. The plant will cost in the neighborhood of \$50,000 and will employ a large crew of men.

The company has plants in all parts of the northwest, and ever since the Long-Bell company started work upon their project have been making extensive plans to enter the local field.

The proposed sewer development planned for Longview by the Long-Bell engineers will require many miles of pipe. The amount has been estimated at from twenty-five to one hundred miles of piping in the various sizes, and the logical plan is to manufacture the pipe on the ground, saving considerable in transportation costs.

In addition to the pipe all kinds of concrete blocks and other concrete structural materials will be manufactured at the new plant, which will probably be operating twenty-four hours a day in order to supply the demand.—Kelsonian.

**BAND MAY GO TO THE RAINIER GAME**

Thursday night a movement was started among some of the football fans to have a "tag" day and raise enough money to pay the expenses of the St. Helens band to Rainier Thanksgiving to attend the football game and to encourage the home boys on to victory. Lester Wellington is sponsor for the idea which has met with the approval of all to whom he has mentioned it, he stated.

Lumber shipments were the highest in the history of canal traffic, a total of 145,213 tons passing through the Pacific to the Atlantic of which all but 10,423 tons originated on the west coast of the United States.

Wheat shipments from the west coast of North America were surprisingly small for August, being only 17,754 tons as compared with 132,840 tons for July and 76,081 tons for August, 1921.

141 vessels carrying 611,862 tons of cargo passed through the canal west bound. (Atlantic to Pacific) during August and 116 vessels carrying 472,271 tons passed east-bound.
