School Notes. We are all very proud of our student body president, Laura Uhlman, who won first prize of fifty dollars in the making contest at the stock show. She won the Holstein silver cup, too. She should have won the Jersey cup but they would not award two prizes to the same person so they gave it to the next highest.

Our football season has come to a close as the game with St. Helens was cancelled due to physical inability of half of the team. Two of our players have been brave enough to come to school on crutches since the game with Cascade Rock.

Mr. Smith of Montana, Stephen Smith's father, spoke to us on Tuesday morning and afternoon. He told us of pioneer days. Everyone enjoyed it immensely.

The rings have worn out on the new swings but new ones have been made by our local blacksmith. We are sure they will not wear out so soon.

AMERICAN BIRDS INTRODUCED IN HAWAII

Honolulu—Hawaii will soon be introduced to the Caribbeus Spinicollis, Sturnella Magna, and Grallina Pleata.

These are birds, and their common names are straw-necked ibis, pewee, lark and meadow lark, respectively.

They will be brought to the territory by the board of agriculture and forestry as possible aids in the control of cutworm and fly pests. The suggestion that these birds be introduced was made by Entomologist David Pullaway.

Stumping Costs Are Lower This Year

Local results have proved that Pacific Stumping Powder will clear one-half more land per dollar than other standard stumping powders.

You can buy enough Pacific Stumping Powder to clear an acre and a half this year for the same price you formerly paid for dynamite enough to clear one acre.

Last Spring actual experience in this district proved the non-freezing and non-headache features of this unequalled stumping powder. We expect a big demand for Pacific Stumping Powder this season. Order yours today.
