

THE OREGON MIST.

United States and County Official Paper.

ST. HELENS, FEBRUARY 19, 1902.

LOCAL AND GENERAL.

The latest novels and other choice reading matter at the drug store.

Blank note and receipt books at this office for sale cheap.

Mr. Lee Perry returned to Oswego last Friday, after a month's visit in St. Helens.

Cloning, first class and best quality at Perry's Houlton.

Mrs. J. G. Watts, of Seapoope, was the guest of Mrs. T. C. Watts, of this place, last week.

Buy your drugs at a regular drug store. Edwin Ross keeps the best.

Charles Meeker, a prominent Portland real estate man, was a caller at this office Tuesday.

Attorney G. W. Cole has been suffering, presumably, from the grippe lately.

Beware! you will have to pay up for all this nice weather later on in the spring, and that with interest.

Buy your groceries, hardware and glassware at N. A. Perry, Houlton. He keeps the best constantly on hand.

Mr. D. C. Tedford, of the firm of Muckle & Co., Rainier, spent Sunday in town shaking hands with his many friends.

We know a thing or two, and we know W. J. Muckle & Co. are selling lots of jewelry. Everything guaranteed five years or money refunded.

Wanted—A location for a cheese factory, where milk can be bought, or to rent a farm with twenty-five to fifty cows. Address, C. Lewis, Rockwood, Oregon.

Miss Mattie Mitchell, daughter of Senator Mitchell, was married on Thursday of last week in Paris to the Duc de la Rochefoucauld. She certainly has a due of a name.

Methodist appointments—First Sunday, Maygers; second and fourth Sundays, Clatskanie; and Steward Creek; third Sunday, St. Helens.

H. C. Coats, Pastor.

W. J. Muckle & Co. are now head quarters for jewelry, go and see for yourself, and if you don't take your pocketbook along, you will be sorry you didn't.

Hon. T. A. McBride, of Oregon City, was in St. Helens Friday and Saturday last. He left by Saturday night's boat for Astoria to attend the district court, which convened there Monday last.

"Better Than Gold" was very well played by every fine part and each comedy maid of the theatrical troupe; and if we say more than that to add a good word for Dolman's store.

Hurray for our local theatrical crew! For the sold out store, with so many things new; nice goods at good bargains, too many to tell. Are sold over the counter by Dolman and Dell.

The indemnity claimed by the sailors of the United States ship Baltimore, who were assaulted at Valparaiso last summer has been summed up and amounts to \$135,000 damages besides the indemnity that will be claimed by the heirs of the two men—Riggen and Turnbull—who were killed in the riot.

The ball at Rainier this (Friday) evening promises to be one of the greatest successes of the season. If all the people are really in attendance who express their intention of going the streets of Rainier will not hold them much less getting inside of one single hall. The greatest time on record is promised those who attend.

The dramatic entertainment at the Masonic hall Friday night was well attended and the efforts of the players seemed duly appreciated. The house was crowded to its utmost capacity—

even standing room being at a premium in front of the door on the sidewalk. To say that the hall was crowded does not express it. A great many people found it impossible to gain even a glimpse of the stage, which was so tastefully decorated, and went away hating themselves because they had not gone earlier. Long before the hour of opening all the reserved seats were taken, and a great many more could have been sold had the room been large enough. People from all parts of the county were present, in fact they gathered into our little city as they would for a Fourth of July celebration from far and near. The play began promptly at 8 o'clock and went on in perfect harmony, the performers not seeming to be affected by the presence of so large a crowd, as a great many anticipated. Each one done their part and to take the audience for authority they did it well. At the end of each act the applause was almost deafening, and through out the progress of the several acts the utmost quietness prevailed in the hall. To go into detail with a general description of the play would occupy too much space, therefore we refrain. There is no better proof of the high appreciation of the play than the fact that "Better Than Gold" was reproduced again on Saturday night to a full house and most of the audience, after coming two nights, claimed that the second night was the best. The members of the St. Helens Dramatic Club feel very proud of their first attempt and something new may be looked for in the future. On behalf of the club we wish to thank all those who were kind enough to assist us by their good will and encouragement. The thanks of the club are also due to Mrs. Frank Miles for the music which she so ably rendered and other assistance during the preparation of the entertainment.

It is now reported that the Ilwaco and Shoalwater Bay railroad has been sold to the Northern Pacific, which company, in the event of the purchase, will make a standard gauge road of it and use the same as a connecting link to reach the Columbia river from their South Bend terminus. In the event of this purchase Astoria will be greatly benefited, inasmuch as a large percentage of the traffic from Puget Sound would go via this route direct to Astoria instead of, as at present, coming around by Portland.

The new steamer Sarah Dixon, owned by the Shaver Brothers, will be ready for business on the Clatskanie line about March 15. The new steamer is larger than the Shaver and better equipped in every respect. It is believed that during the summer the Dixon and Shaver will run alternately, giving the people of Clatskanie and way points a daily boat to the metropolis, which they so much desire.

We wish to inform the taxpayers that Sheriff Meeker will call on them at their respective voting places during the last of this and the first of next month for the collection of taxes. See dates in another column of this paper.

Mr. Dan Stevens is the victim of a bone felon on his thumb, which has been giving him a great deal of pain lately, but under the skillful treatment of Dr. H. R. Cliff it is fast improving.

The steamer Manxmill is engaged at present towing logs to Portland.

Miss Mattie Perry, of this place, visited in Oswego over Sunday.

I. Bumgardner has the promise of a fine crop of oats.

The way the wind has been blowing for the past two months it looks as though there was going to be a wedding.

Mrs. McFarland has been visiting her daughter, Mrs. I. S. Bumgardner, for the past two weeks.

Mrs. W. H. Bumgardner and son are on the sick list this week.

It is rumored that C. L. Smith is going to have the finest house in this vicinity. A carpenter from Portland and I. Bumgardner have taken the contract.

John Catorette's little daughter has been sick a few days.

C. L. Olson is building a large barn. There was quite a surprise party gathered at C. L. Smith's on the 30th of January, in honor of Mrs. C. L. Smith's birthday. All had a good time. Music by Perry Usher, W. Bumgardner, and E. H. Girty.

It is rumored that Mrs. John Knowles and Mrs. N. A. Andrews are going to visit their parents, who reside in Iowa. We all wish them a happy journey.

MONMOUTH NOTES.

Monday, February 8th, was the first day of the third term. The roll is not as large as last term, as many returned to their homes, either to teach or work on the farm.

The greater part of the last week of last term was taken for examination in the various classes, completing the studies. The societies gave an interesting

open session at the close of last term. Society work is an important factor in normal education.

Professor Burk, state lecturer of the Farmers' Alliance, made an interesting address in chapel Friday morning. The members of the senior class have now all given an oratorical, and the juniors will take up the allotted time, which is Friday morning of each week.

The Board of Regents met on the 3rd inst. to ascertain the wants of the school. More room is the greatest problem, with which they are confronted at present.

The Polk county teachers held an institute in the college chapel on Saturday, January 31.

Miss Nettie Macdon, of Mist, departed for home last week.

Seed Purchasing a Matter of Consideration.

It is entirely so. The man who buys dry goods, groceries, etc., can to a very considerable extent, judge of the quality and value of the article. This is not the case with seeds. Simply because a dealer says certain seeds he holds in his hands are choice, it does not follow that it is so. He may have been deceived himself. No one can tell till valuable time and labor have been expended in testing the seed, both as to vitality and strain. Every dealer who handles our goods is furnished with a photo of our Trial Grounds and a certificate giving date and what per cent his goods tested. If he cannot show these send us and get Good Seeds at cash prices.

F. L. PAXSON & SON, Pacific Coast agents for D. M. Ferry's seeds and A. I. Root's and bee supplies, Portland, Oregon. 112-21

OBITUARY.

Died—At St. Vincent hospital, Portland, O., of typhoid pneumonia, February 8, 1892, Ira T. Crie, aged 13 years, 7 months and 12 days, only son of Mr. and Mrs. E. B. Crie, of Mayger, Oregon.

Our words are inadequate to express our sympathy for the bereaved parents and sorrowing sister, who have thus been called upon to relinquish their most cherished treasure. He was a dutiful son and loving brother, kind and obliging to friends and schoolmates, and beloved by all who knew him. How his bright young face and winning smile will be missed none can tell but those who knew and loved him.

Son, brother, friend and schoolmate—thus hast left us. With our hearts a bruise and sore; Thou hast crossed the deep dark river. Thou hast passed to the other shore. But we still will love thy body R-t-ing by the river-side, Where thy bright young life has opened. Blossomed, withered, and then died.

Thy body buried now we leave it, Leave it with a long farewell. May it rest in peaceful slumbers. May thy soul find its things well.

Mr. and Mrs. Crie and daughter wish to thank their friends and neighbors for their kindness and sympathy during their recent trouble and bereavement.

FOUR SEALERS LOST. They Perish in the Surf Near Neenah.

ALBANY, Or., Feb. 17—A Herald's special from Yaquina says: "Since the three men belonging to the sealing schooner Oscar and Hattie, of Victoria, B. C., deserted last Sunday with the ship's boat, the Oscar and Hattie has been lying off the coast in the hope of finding some trace of the men and boat. Yesterday, about 2:30 p. m., while two or three miles off shore, Captain Gault, with four men, Louie, Withingham, McDonald and Ralph Starlett, took one of the remaining boats and started for the shore. Nothing was heard of them after this, although a good lookout was kept by those on the schooner until 10 o'clock last night, when a voice was heard by some one aboard the vessel, but no one could be seen. The voice was heard again several times, and as soon as a boat could be lowered search was begun, and in a short time a man was discovered lying on top of a boat.

It proved to be Ralph Starlett, who had been clinging to the boat four or five hours. When found he was in an exhausted condition. From him it was learned that in going through the surf at the mouth of the Siletz river the boat was upset and he was the only one who escaped. The rest of the party were helped on the boat by Starlett, who is a good swimmer. At different times he swam out to them when necessary, but they failed to keep their hold and were washed off and drowned. The boat drifted gradually out towards the schooner, but as the evening was foggy, it could not be seen. Starlett discovered our same distance from him, and swam from the overturned boat. Securing it, he used it with one of his garments to attract the attention of those on the schooner, but to no purpose. There is no hope of finding the other bodies. The mate, Peters, took the vessel to the mouth of Yaquina bay, where he secured the services of a tug, which towed the schooner into this port. She will lie in the harbor between Yaquina and Newport until instructions from her owner at Victoria can be received."

W. A. YOUNG, Teacher.

SCHOOL-ROUSE NOTES. BY THE PUPILS.

Bert Whitney visited school Tuesday morning. The teacher can keep the boys from smoking at school, but he has failed so far to accomplish as much with the stove.

Mrs. T. C. Watts of St. Helens, and Mrs. J. G. Watts of Seapoope, visited school last Friday.

Walter Blakesley was a visitor at school last Monday afternoon.

It has been decided to have a school entertainment one week after the close of this term.

Most of the school children attended the dramatic entertainment last Saturday evening.

Miss Mattie Perry made us a pleasant call last Wednesday afternoon.

The boys are glad to have fine weather for now they can play ball again.

On Friday last after the close of teachers' examination held at the court-house, several of the teachers who had been in attendance made a very pleasant visit to our school. Among the number were Mrs. Rittenhouse and Miss Beaver of Clatskanie, Miss Overlin of Kalama, the Misses Matthews and Shanahan of Vernonia, and Mr. H. Powell of Pittsburg. Miss Matthews, a few years ago, resided in St. Helens and was recognized by several of the older pupils as a former class-mate. After the usual order of exercises the school joined in singing, which elicited much praise from our visitors. Mrs. Rittenhouse then made a few pleasant remarks, and the afternoon session closed, visitors and scholars giving expression of having been mutually entertained.

School Report.

Report of school district No. 25, for the month ending February 12, 1902. Number days taught, 20; pupils enrolled, 23; daily attendance, 19; total days attendance, 382; days absence, 78.

Names of pupils neither absent nor tardy: Maud Barnes, Frank Barnes, Joseph Ericson, Anna Ericson, Lis Ericson, Martin Parclius, Emma Parclius, Daisy Cross. Martin Parclius was not absent or tardy during the entire term of five months. Joe, Anna and Ida Ericson were present every day but tardy two or three times each.

W. A. YOUNG, Teacher.

MAN'S QUEER MAKE-UP.

The man of an average of 154 pounds has enough iron in his make-up to make a ploughshare, enough phosphorus to make a half million matches, and enough electricity in a life of fifty years to run the electric cars on Washington street during the time of an accident at the power house. All unhealthy people lack more or less this great health retaining element which preserves the body in healthy action. Dr. Darrin's electrical treatment reinstates this loss, thereby substituting health for disease as the following cases testify:

Mr. J. A. Bennett, 41 1/2 Hood street, South Portland, writes as follows: "For a long time before calling on Dr. Darrin I was so severely afflicted with sciatic rheumatism that I could scarcely move. I was robbed of many nights' sleep. Dr. Darrin cured me with electricity."

Mr. L. Jamison, Burke, Idaho, states in a private letter: "Since my return home I find no return of the malaria, liver and kidney troubles. I think your electric cure just the thing."

Mr. Geo. H. Papenberg, Tualatin, Oregon, was deaf ten years, so he could scarcely hear a sound, still retains his hearing. He was cured three years ago by Dr. Darrin.

Captain H. B. Parker, proprietor of the Parker House, Astoria, writes he was cured by Dr. Darrin of chronic catarrh from the effects of la grippe by electricity and home medical treatment.

Dr. Darrin treats all curable chronic, acute and private diseases, blood taints, lost or failing manhood, nervous debility, effects of errors, excesses in old or young, loss of memory, diseases caused by mercury in the improper treatment of private diseases. All difficult surgical operations performed. Office, 70 1/2 Washington street, Portland, Oregon. Hours 10 a. m. to 8 p. m., daily. Consultation free and confidential; question blanks and circulars sent gratis to any address; patients cured at home after one visit to the doctor's office.

Guaranteed a cure. We authorize our advertised druggist to sell Dr. King's New Discovery for Consumption, Coughs and Colds, upon this condition. If you are afflicted with a cough, cold or any lung, throat or chest trouble, and will use this remedy as directed, giving it a fair trial, and experience no benefit, you may return the bottle and have your money refunded. We could not make this offer did we not know that Dr. King's New Discovery could be relied on. It never disappoints. Trial bottles free at Edwin Ross' drug-store. Large size 50c and \$1.

Portland Business COLLEGE. Portland, Oregon. A. P. Armstrong, President. Business, Shorthand, Typewriting, Penmanship, and English. Opened in 1887. Graduates 1000. Catalogue free. Send 2c for copy.
