THE ASTORIA RAILROAD.

Astoria has at last some hope of securing a railroad, not an imaginary one, but a real railroad. A contract has been signed by C. W. Schofield and George Goss to build the road, which will run through the Nehalem valley, probably along the route of the old Astoria & South Coast survey. According to the contract, Messrs Schofield and Goss will receive $300,000 cash when the road is completed and accepted by the trustees, and other considerations, such as right-of-way and grounds for terminal facilities to the value of $200,000. The $300,000 will be raised by a stock company, which will buy up the 800 acres land subsidy. The land subsidy was offered to Mr. Schofield if he would construct the road, but he declined, and suggested this method of raising the money. It is said that actual construction has already been commenced, and a corps of surveyors are now in the field at work. Mr. Schofield says the road will connect with the Southern Pacific at some point on the line at or near Hillsboro. The contractors have agreed to build the road within two years.

A road through the Nehalem valley has long been needed, and now that a fair proposition has been accepted for the construction of the same, we sincerely hope that the land owners along the proposed route will not assume that they have a "snap-judgment" on the situation and want ten times more for the right-of-way than their whole possessions are worth. This is too commonly the case in such matters, which, in fact, only react to the entire disadvantage of those persons. As to the present status of things, without a railroad the Nehalem valley has little hope of any great degree of prosperity, and by thus placing the value so exorbitantly high upon their property they simply retard their own prospects. True, a railroad usually builds where there is business sufficient to justify. But when we consider the numerous strings pulling against a railroad to Astoria, the great expense of building through this particular locality, and the number of propositions that have already failed as regards Astoria railroad building, we are led to believe that even the present bright prospects may be long delayed by the land owners placing a too high a valuation upon the right-of-way.

Again, we will say that our preference would be to have a road constructed along the bank of the Columbia, but since there seems to be no especial movement on foot at this particular time to accomplish this end, we say give us the road through the Nehalem, or in fact, on any route that passes through the county. We cannot help being greatly benefited no matter which route it takes.

AMONG THE CANDIDATES.

FOR ASSESSOR.

In the midst of the great scramble for the nomination for clerk and sheriff the people seem to have quite forgotten that there will be any other vacancies to fill at the coming election. One of the most important offices in the county has been almost entirely overlooked. No one seems to want to be assessor, and without the services of which the rest of the officers would be poorly compensated. In this connection the name of Mr. George Mayger has been spoken favorably of by a number of our best citizens, and we have no doubt as to his qualifications to fill the office. In our opinion the republican convention could not make a better choice than Mr. George Mayger for assessor.

FOR SHERIFF.

There are a number of aspirants for the nomination for sheriff this time. Among those most prominently mentioned, so far as we have been able to learn, are C. W. Blakesley, J. H. Swager, S. Saulser and Ed. Copeland. All of these gentlemen, we believe to be thoroughly competent to fill the office, and at this time it is hard to draw any conclusion as to which one has developed the most strength, while all appear to be confident of success.

FOR CLERK.

The clerk's office is the prize that so many would like to have. We have it from a reliable source that one gentleman in this county who is supposed to have considerable influence has received up to several days ago, twenty-seven letters from as many different parties asking him to support them for the clerkship. Of course there is to be but one clerk elected, and indeed the one who comes out victorious against such odds must think himself extremely fortunate. So far as we can learn there is but about six or seven who stand the slightest chances for the coveted prize. Here they are: E. E. Quick, W. A. Meeker, R. C. Campbell, R. Reichard, D. J. Switzer and E. M. Wharton. The contest for the nomination is a hotly contested one to say the least, and conclusions can only be drawn when the convention have voted and elected the candidate. The respective strength of several of them seems to be very nearly equal and it will undoubtedly take a number of ballots for the convention to decide.

FOR COUNTY JUDGE.

For this office we have as yet heard of but four aspirants, W. W. West, of Scappoose, T. C. Watts and R. Cox, of St. Helens, and G. W. Barnes, of Mayger. Either of these gentlemen are perfectly competent for the place, and would no doubt conduct the affairs of the county, so far as was in their power, for the best interest and welfare of it's citizens.

For school superintendent, treasurer, and surveyor we have heard no other names spoken of except those of the present incumbents, so the chances are that without any opposition Messrs. Cole, Watts and Little will receive the nominations for treasurer, school superintendent and surveyor respectively. They all seem to have given entire satisfaction during their terms of office.

Hon. Judson Weed, of Vernonia, will probably be the nominee for commissioner, and for representative, Martin White, of Mayger, and Norman Merrill, of Clatskanie, have been favorably mentioned. But by the time the convention meets several new candidates for the last named offices may "bob up serenely" and change the whole situation materially. For these two offices it is very important just at this time to put forward the very best men in the county. There is important work to be done and we want men who have got snap and rustle for these places, otherwise it is folly to make the nomination.

NEXT Thursday is the day set for the meeting of the republican county convention. On that day a complete set of nominations for county offices will be made. Delegates to the state convention will be selected at that time. In making the nominations for the various offices there should be but one point considered in this matter, and that is whether not the aspirant is capable of intelligently discharging the duties of the office or not. We have plenty of men who are competent to handle the affairs of the county and the names of such men only, should be entertained by the convention on next Thursday.

R. H. Bailey arrived home yesterday from the Woodburd nursery, where he has been selecting a large lot of fruit trees for the people in this part of the country.

Mrs. E. C. Moyer came near getting seriously hurt by a horse running away with her and throwing her. It happened that she alighted where the mud was soft and no bones were broken.

Among the visitors of last week were W. A. Wetzel, school superintendent of Multnomah county; Dr. L. L. Rowland, superintendent state insane asylum; B. B. McElroy, superintendent of public instruction; and D. T. Stanley, ex-president of this college.

A normal institute will be held the two weeks immediately proceeding the August examination in the college. Able instructors are engaged and a large attendance from different parts of the state is anticipated. Teachers take notice and prepare to attend.

The library association will give an oratorical contest on the evening of the 26th. The following were chosen to represent the literary societies: Vespertine, Misses Gertrude Finley and Rose Hanson; Ulatus, Misses Mary Collins and Nettie Crosby; Eureka, A. M. Esson and C. J. McIntosh; Athenian, M. O. Hawkins and H. C. Baker.

CHURCH DEDICATION.

EDITOR MIST:—Dedicatory services of the providence chapel of Milton, Oregon. This enterprise was begun about the 14th of December, 1891, and was errected during a short period by the energetic labors of Rev. Burlingame and the following citizens of Milton: Messrs. N. A. Perry, B. W. Plummer, L. Meeker, George Kelly, C. S. Emerson, Muckle Bros., Captain Henderson, H. L. Howard, W. L. Sterm, A. P. Clark, Fred Emerson, Charles Simmons, J. Urie, A. E. Emerson, J. Emmerands, per donations in labor and work. The ground was donated by Mr. and Mrs. Hoffshaw. By cash on subscription before and at the dedication, the public proved their appreciation of the enterprise by contributing enough to cover the last cent of indebtedness; with good prospects to finish the inside of the chapel. An attentive audience gathered for the morning services, quite a number from St. Helens, who did not only come to see but gave (that is right when you go to your neighbor town) very liberally. Prof. F. U. Streyfeller, from Portland, furnished excellent music for the occasion. This marks another step of advance in many ways for this part of Columbia county. The Christian people of the different denominations are now talking of uniting together in their mutual work for the glory of God and their best interests. REV. H. I. HITTNER,
Presiding Elder.

School House Notes.

School opened again last Monday, after a vacation of two weeks. Only a few faces are missing from our ranks, with a few new ones added. The rest from study has done us good, but we believe all are glad to be in school once more. Everything points to a successful term of school, and each pupil seems to have commenced this term with good resolutions and the determination to do their work well.

The advanced department of our school is divided into three grades. The first grade has arithmetic No. 2, (in percentage and proportion), history, (United States Constitution), common geography, Clark's grammar, mental arithmetic, fifth reader, Steel's physiology, and spelling. The second grade has arithmetic No. 2, (in measures), history, com. geography, Sill's grammar, fifth reader, Steel's physiology, and spelling. The third grade has arithmetic No. 1, Ele. geography, fourth reader, language lessons, Smith's physiology and spelling.

The school owes its thanks to Mrs. Moore for a very neat curtain for the bookcase.

Maud Watts has gone with her mother to Astoria and was absent from school most of this week.

Ed. Hayburn visited school last Tuesday. We are pleased to have visitors every day.

Miss Lizzie Gilmore is enrolled for this term Several more new pupils will commence next week.

Last Saturday the school house was thoroughly scrubbed, and the walls, windows and seats washed. It has a very neat and clean appearance now.
