School commenced last Monday for the spring term, with Mr. C. H. Jones as principal and Mrs. S. S. Way as assistant. The attendance is above the average to begin with.

Mr. M. B. Mason is having a neat cottage constructed on the lot he recently purchased next door to THE MIST office. When completed it will be occupied by his son, W. T. Mason and family.

Taxpayers should bear in mind that all taxes not paid prior to April 1 will become delinquent, and additional expense will be added. Do not overlook this fact, as it is to your interest to pay your tax before that time.

Robert L. Pollock, superintendent of construction for the Oswego Iron and Steel Company, at Oswego, paid this office a visit Wednesday the 16th, inst., on his way to his home in Nehalem.

From our Washington correspondents, C. A. Snow & Co', we learn that a patent was granted last week to D. W. Freeman, of Fishawk, for an adjustable clutch or coupling, to be used in sawmills. In this invention Mr. Freeman has certainly got a good thing, something that no sawmill can afford to be without.

Mr. Ed. Decker, of Massachusetts, and brother of J. H. Decker, of this place, arrived in St. Helens Monday. The brothers had not seen each other since 1866 when Ed. was in the cradle, consequently it was a happy meeting. Mr. Ed. Decker is connected with the Adams' Express Co., and is out here for a trip and to see the country.

We wish to call attention to an error which occurred in the published proceedings of the peoples' party meeting of two weeks ago. The convention is to be held in Rainier on April 7th, instead of April 20th, as stated. Please note this fact.

Our enterprising real estate agent, D. J. Switzer, consumated a sale on Monday of seventy acres of the George Merrill donation land claim to Mr. Emmons Buell, consideration $1050. Mr. Buell will probably make Columbia county his home in the future. Mr. Switzer also sold forty acres of the C. F. Fowler claim in Carico valley for $200.

Many years practice have given C A. Snow & Co., Solicitors of Patents, at Washington, D. C., unsurpassed success in obtaining patents for all classes of inventions. They make a specialty of rejected cases, and have secured allowance of many patents that had been previously rejected. Their advertisement in another column, will be of interest to inventors patentees, manufacturers, and all who have to do with patents.

Secretary of State McBride came down from Salem on Saturday last for the purpose of celebrating the 38th anniversary of his birth at the old home in St. Helens, and received a warm greeting from his many friends. It was expected that a number of the relatives would be at home, but a pressure of business prevented most of the family being present. The secretary's general health is good, indeed he looks stronger than for years. That same old degree of friendly familiarity was plainly manifest as each one grasped the hand of their friend and townsman. He will probably remain in the city several days.

A prizefight took place in East Portland last Sunday, which resulted in the death of one of the parties. The contestants were two boys, Charlie Bell and Pearl Henderson, aged 16 and 17, respectively. Bell is the son of Captain Miles Bell, the well-known steamboat man, and has been for the past year employed in Nau's drug store in the Hotel Portland building, and Henderson was a bookbinder. The fight was conducted under Marquis of Queensbury rules, witnessed by a number of friends of both parties. In the twenty-second round the fight was awarded to Henderson on a claim of foul, being knocked down by his wily antagonist. But in his victory there was no consolation, for he never again arose, but died upon the spot in about a half an hour. The physician who was summoned gave it as his opinion that death was not caused by the blow, but probably of heart trouble. Bell was arrested and placed in the city jail to await further developments. Later—The coroner's jury exonerated young Bell, finding that Henderson's death was caused from heart failure.

The republican primary meeting in the various precincts will be held tomorrow. See call in another column. All voters should make it a point to be present and help to select the very best men as delegates to the county convention.

Mr. A. Bradshaw, of the Chicago Crockery store, Portland, who has some valuable timber land in Columbia county, was in the city Wednesday looking after his taxes.

Miss May Beegle, of Gilton, is quite sick with typhoid fever.

Parties are having built and fitted up a floating photograph gallery, which looks very nice and will soon be in operation.

This lovely weather starts the farmers into activity, and also makes other people feel like sitting on the fence in the sun.

A syndicate of Portland capitalists are trying to buy the large sash and door factory here. With what success will be seen later.

House cleaning is now in order and the "good man" may come home any day prepared to take his dinner off the head of a barrel in the wood house.

At the annual school election W. J. Deitz was elected clerk for one year and Charles Mosier and W. H. King were elected directors for one and two years.

All of the seamen have deserted the Sintram since her arrival here, thirteen in all. Thirteen seems to have been an unlucky number for the vessel, if not for the sailors. The vessel is now at anchor opposite Rainier awaiting her cargo.

CLATSKANIE NEWS.

Frank York is farming the W. H. Conyers place this season.

Miss Hamilton, of Mayger, spent a portion of Friday and Saturday in town.

Mrs. A. M. Tichenor returned Wednesday from her visit to Portland and Astoria.

F. T. Shute returned from Oregon City and Portland on Friday, and is at his usual place of business.

R. C. Frits returned Friday evening from Southern Oregon, and is blowing his horn again with the rest of the boys in the band.

Republican primary meeting for Clatskanie precinct at city hall next Saturday afternoon. The peoples' party meeting comes a week later.

Andy McDougal is in town again from Knappa, and takes special pleasure in calling in at least one among his friends, though he is popular with all of them.

Frank Merrill and family left the first of the week for the Nehalem valley, where Frank has a ranch he proposes to get in shape for seeding and cultivating.

John Myers has determined to win fame and fortune in the world, and strikes out this week for a preparatory position at the fishing grounds on Wallace's island.

Mrs. E. C. Blackford left on the steamer Monday night on a visit to friends in Yamhill county and elsewhere. She will probably be gone at least two weeks, leaving the editor to wrestle with the broom and dust brush, as well as to gather items for the paper.

George Mayger was over on Monday meeting the people. He was willing to have it known that if he should be asked to serve the county as assessor, he could not consistently refuse to do so. He possesses the necessary qualification so far as is known in this region.

Mr. Birdsall and his dog, Jack, are down from the city, representing a wholesale drug establishment. Jack's part in the matter is not quite clear, but the friendship of the two reminds one of Trobridge's poem. "We are two travelers, Roger and I; Roger's my dog," etc.

Word comes to us from Mist of the accidental drowning in a rain barrel on Thursday last of a child 18 months old, daughter of Mrs. Cease. The child was out of sight a very short time, but in that brief time the melancholy accident occurred which terminated its life. Her mother is a sister of and resides with Mrs. F. C. Gates.

A Finn girl, 14 years of age, living with Anundi, near Freeman's fractured her thigh last Thursday evening by falling from the elevated walk that encircles most of the Finn houses on the prairie. Dr. Hall was called and adjusted the parts so that the girl was as comportable as could be expected under the circumstances.

We omitted to mention last week that in the Barr school district E. B. Wood was re elected a school director for three years and E. S. Bryant clerk for one year. The preliminary steps were taken to build a new school house in that district, and a committee appointed to procure a new site for the building.

W. H. Livermore, of St. Johns, has been spending a few days in town. He has a good outfit of pictures which he displays upon a screen by the aid of a stereoptican and so illustrates an historical lecture. He gave an exhibition in Conyers' hall on Friday night, and again in Merrill's hall on Saturday night. Both performances were very creditable and interesting.

A procession of gentlemen armed with brooms, pails and a mop were seen marching down Nehalem avenue Friday, and upon inquiring the cause of this unusual demonstration it was learned that they were headed for Merrill's hall with the intention of scrubbing the same, as it had been charged that these same gentlemen, meeting that hall in an organized capacity, had variagated the floor by an application of what is known in Dixie as "terbacer" juice. They found more spots on the floor than they thought belonged to them, but applied their implements with vigor—and water—and made a very great improvement in the appearance of the floor. It was a good act.
