THE OREGON MIST.

United States and County Official Paper

ST. HELENS, APRIL 22, 1892.

LOCAL AND GENERAL.

Pure fresh drugs at Ross' drug store.

Mrs. N E. Dolman is visiting in Salem this week.

Clothing, first class and best quality at Perry's. Houlton.

Lundborg's perfumes are the best. Ross has a full line.

Note the correction in the financial statement this week.

Wanted—Girl to do light housework. Inquire at this office at once.

Buy your groceries, hardware and glassware of N. A. Perry, Houlton. He keeps the best constantly on hand.

Ladies should examine Mrs. Colburn's millinery goods before going to Portland.

Dr. Cliff can now be found in his new office on the corner opposite the Taylor building.

All the certificates of nomination have been filed with the county clerk by the candidates on both tickets.

The new steamer Sarah Dixon is now running on the steamer Shaver's route, between Portland and Clatskanie.

Thomas Cooper, C. R. Hart, and Frank Miles, attended the state democratic convention held in Portland last Tuesday, as delegates.

Rev. E. E. Phipps preached in St. Helens last Sunday, morning and evening. An effort is being made to secure his services permanently in this place.

At the democratic state convention Tuesday, Robert Veatch and J. H. Slater were nominated for congress, and A. S. Bennett, of the Dalles, was nominated for supreme judge.

Dr. A. W. Moore and family, of East Portland, were visiting friends and relatives in St. Helens Tuesday night, and returned home on the steamer Kellogg Wednesday morning.

W. J. Rice, attorney-at-law, formerly of Hillsboro, is now a resident of St. Helens, having moved with his family to this place, where he will make his future home. Mr. Rice will continue the practice of his profession in Columbia county.

We know how to sympathize with ladies who come to town, and are at a loss to know where to pass the time until ready to leave. Men find a resort at saloons, barber shops, hotels, &c., but the ladies should call at Mrs. Colburn's millinery and dressmaking rooms, where they are welcome and will feel at home.

Prof. Prince Williams will be here this (Friday) evening, and you should not fail to hear him if you want to laugh or cry. Elocution and voice culture are the subjects on which he speaks. He will give something new in the way of beautiful pictures to explain his poems which he recites. Don't fail to hear him.

All those who signed a petition for an Odd Fellows' lodge at St. Helens, are requested to be present at a meeting called for Saturday, April 30, at 2 o'clock p. m., at which time and place the organization of the lodge will be proceeded with. It is desired that all those whose signatures are attached to the petition will be present.

Schoolhouse Notes.

Albert Sundby met with a serious accident last Wednesday. While playing ball at recess he was run over by one of the large boys and had the bridge of his nose broken.

Tilli Muckle, who is attending school in Portland, visited school last Friday.

Frankie Way, a former pupil of this school, but now attending the public school of Portland, was visiting at her home last Saturday and Sunday.

The Gilliton school now has 50 pupils enrolled. The schoolroom is so crowded that three have to sit in a seat. The teacher, Mr. Elery, is giving splendid satisfaction.

The following is the answers to the questions of last week:

1. Answered by Nellie Decker and Eugene Blakesley. The constitution of the United States is the supreme law of this country.

2. Answered by Eugene Blakesley, Frank Moore, Nellie Decker, and Lizzie Gilmore. The Weekly Oregonian was the first paper published in Oregon. It was started at Portland, in 1850, by Thomas J. Dyer. It was a small four-paged paper. The old press is now at Salem.

3. Answered by Tom Muckle and Robert George. The counties of Oregon with the county seat of each are as follows:

Benton, Corvallis; Baker, Baker City; Clatsop, Astoria; Columbia, St. Helens; Clackamas, Oregon City; Crook, Prineville; Coose, Empire City; Curry, Ellensburgh; Douglas, Roseburg; Grant, Canyon City; Gilliam, Condon; Harney, Harney; Josephene, Grants Pass; Jackson, Jacksonville; Klamath, Linkville; Linn, Albany; Lane, Eugene; Lake, Lakeview; Multnomah Portland; Marion, Salem; Morrow, Heppner; Malheur, Vale; Polk, Dallas; Sherman, Wasco; Tillamook, Tillamook; Union, Union; Umatilla, Pendleton; Wasco, The Dalles; Wallowa, Joseph; Washington, Hillsboro; Yamhill, McMinnville.

4. Answered by Lena Blakesley. Christmas and New Years did not come on the same day of the week in 1876. These days never come on the same day of the week in any year, because they are nearly a year a part, and of course not in the same week.

5. Answered by Nellie Decker and Lizzie Gilmore. The dark ages began about the year 500 A. D., and lasted nearly 1000 years. During this time the barbarian hordes from the north swept over the whole civilized world, and almost crushed out every vistige of learning and enlightment.

New questions.—1. What was the population of the United States in 1790? Gain per cent. in 100 years? 2. What is a third and a half of ten? 3. A man has a triangular field the longest side being 130 rods, and each of the other sides 68 rods. How many acres does it contain? 4. By whom and when was the Columbia river discovered? What was the name of his vessel, and how far did he sail up the river? 5. Who first used the expression, "to the victors belong the spoils?"

CLATSKANIE.

A temperence meeting with a fine literary and musical programme, was held on Friday evening, and was well attended.

The Shaver made us an extra visit early Monday morning, and started out with a full load of lumber the same evening.

Mrs. Smith, of Wallace's Island, came in on the Dixon Monday evening, bringing her sick child for medical attendance.

Mr. Wark, Sr., with his daughter and her son, came in on the steamer last week to spend a few days with their relative, Mrs. M. O. Bryant.

Bryant & Conway's mill, after a shut down of a few days on account of the scarcity of logs, is again cutting lumber, and the Blood mill is now in successful operation.

Rev M. C. Wire, a presiding elder in the M. E. church, was at Beaver over Sabbath, and held the usual quarterly meeting services. Some of our citizens were over and attended the services.

Jack Cameron has been bringing some big wagon loads of sawed shingles through town lately, from which we infer that the shingle part of the Tichenor mill is in successful operation.

County Assessor Doan has been in and about Clatskanie for the past few days, looking over peoples' earthly possessions. He takes a great interest in all we have, and kindly makes a note of it for future reference.

A social dance was arranged for on Wednesday evening of last week, as a further demonstration in favor of the new steamer. A social dance at Clatskanie is one of the features of the place, and occurrs on every provocation.

Merrill's hall was very tastefully decorated last Saturday, in anticipation of the Easter service held on Sabbath evening. At that service the hall was well filled, and a very instructive and impressive Easter service was participated in by those present.

There is a new man in the Syverson camp, at Beaver, who is not boarding with the rest at the mess house, but being provided for by Pete Syverson and wife at their dwelling. He is much younger than any other one about the premises, and rather inexperienced, but bids fair to do well on better acquaintance. He was taken into the family on Saturday and meets with general favor so far.

The republican candidate for representative was surrounded by a crowd last Monday, who were trying to poke fun at him a little and talk in the interest of the new party. He proved himself equal to the occasion, however, and gave his auditors something to think about, while considerable of a crowd gathered round to listen. Clatskanie's candidate will get there with the best man on the ticket.

Last Wednesday afternoon was observed as a holiday by the citizens generally, in anticipation of the arrival of the new steamer "Sarah Dixon," which had been announced for that day. The brass band came out about 2:30 p. m., and kept itself in waiting for the sound of the whistle, while the scholars in the public school were so excited that they were let out early, and the friends from the suburbs gathered in until it looked like a circus day, where people wait to see the elephant. At the sound of the whistle about 5 p. m., the band boys started for Bureau's mill, where they boarded the vessel on her arrival at that place, and when she steamed up to her landing at 6 p. m., with flags flying, the music of the band mingled with the cheers of the waiting crowd, and the shriek of the steam whistle, combined to make the hills echo with the welcome. After making the landing, the crowd took advantage of the opportunity to inspect the vessel, and unite in pronouncing it excellent in its appointments, and splendidly adapted to do its work. It is visiting us again this week.

CARICO VALLEY.

Master Lester Baily is on the sick list.

S. Rock spent last Sunday at B. F. Pope's.

We had quite a hail storm Saturday and Sunday.

The work on the schoolhouse is progressing very slowly.

The Carth brothers have gone down the river hunting work.

Otto Hines and wife leave this part of the country for their home in Tillamook county.

Mrs. Hendricks is cooking for Brinn Bros'. logging camp, while Mrs. Hines is absent.

Mrs. Ella Roberts has been out on her ranch the past month making some improvements.

Some of the people in Carico have gardens planted and up, while others have not put any seeds in the ground yet.

The roads across Milton creek bottom are still very muddy, with no prospect of being any better unless it quits raining.

The Paris mail carrier got pretty badly frightened last Saturday, coming through Milton creek bottom, at a couple of suspicious-loooking characters, who he thought were tramps, but afterwards learned that they were a couple of ladies, dressed in gentlemens' attire.

DEER ISLAND.

For the past two weeks the weather has been very wet, and farming has got a set back that was not looked for.

It was thought that the recent frost would kill all of the fruit which was in bloom, but a close examination shows that it did not do any harm to mention of.

The Northern Pacific railroad company has a steam shovel in their gravel pit here at present, and have a force of about 30 men engaged. They are surfacing between here and Goble.

E. M. Wharton has the lumber on the ground for a residence. He has been doing considerable improvement for the past year, having finished planting an orchard of twelve hundred prune trees.

Samuel Conrad, of Woodland, Wash., exhibited a fine horse here a few days ago. He is a grandson of Pathfinder, but will not likely make a stand here, as the farmers are not inclined to breed to fine horses this year.

Mrs. Ole Olson is very sick at present, and her recovery is very doubtful, being confined to her bed for the past two weeks or more with apparently consumption. The afflicted family has the full sympathy of this entire neighborhood.

Ole Olson has added another improvement to this vicinity, he having about completed a good substantial residence, which is 20x36 with a kitchen 18x20, and is one and one-half stories high. A carpenter from Portland has been doing the work, and it will cost about $1,000.

Thomas Saindon, who was blacksmith here last winter for Campbell, Wood & Co., railroad contractors, is so highly pleased with this neighborhood that he intends to build a shop in town. Deer Island needs a good blacksmith, and we predict for Mr. Saindon, who is a good mechanic, and a first-class horse shoer, a good business.

Mr. Chas. English is finding that his business exceeds his expectation. When he left his farm last winter to go into business here, he expected to find an easy time, but he finds matters very different. A man of Mr. English's accomodations cannot but be rushed with business, for the people of this neighborhood appreciate his efforts, and are willing to pay for his accommodations.

Among the stallions this year, we have Tempest, a beautiful dark iron gray, owned by Chas. Muckle, of St. Helens. Tempest was brought from Iowa a couple of years ago, and was sired by Young Byron Kier, and from a Norman mare. He has a very stylish appearance, is a good walker, and is a very nicely formed horse. His colts have come always, and are about the best we have ever seen.

GREAT CURES BY ELECTRICITY.

Not long ago Mr. G. B. Matthews, of Eagle Point, Oregon, visited his friends near Portland, and related his case to a reporter of the Oregonian, as follows: One year ago my case was considered hopeless. I had a lung trouble, aggravated by catarrh and bronchitis, also a tumor in my side. Through Dr. Darrin's electric and medical skill all my afflictions are a thing of the past. It was with the greatest difficulty I was able to go to the doctor's office, so great was my weakness and nervous debility. Now I am able to work and feel well. Mr. Matthew's case is certainly wonderful, but no less so than the following cures which we briefly refer to:

S. S. Whitman, Monmouth, Or., deafness and ringing noises in the ears twelve years,—greatly benefitted and noises cured.

Mrs. F. A. Morris, Newberg, Or.—Asthma and bronchitis ten years, restored two years ago.

Mrs. A. Shea's daughter, 348 Columbia street, Portland,—crosseyed all her life, cured in one minute.

Jenkin Jones, 307 Ninth street, Seattle, Wash.,—cured of shaking and trembling hands and head, or palsy.

E. A. Shaw, Forest Grove, Or.,—total deafness, so far restored as to be able to hear ordinary conversation.

John Leighton, 2584 Madison street, Seattle, Wash.,—deafness of 15 years standing, cured in fifteen minutes.

Owing to hard times, Dr. Darrin will give electric treatment for $5 a week, or in that proportion, as the cases may require. An exception made in surgical operations. The poor free daily from 10 to 11; those able to pay, 10 to 5; evenings, 7 to 8; Sundays, 10 to 12. All curable chronic, acute, private and wasting diseases, including stricture, hidrocele and varicocele, cancers, tumors and all malignant diseases treated successfully and cures guaranteed and never published. Offices, 70½ Washington street, Portland, surgical operations skillfully performed. Consultation free and strictly confidential. Send for question blank and circular.

RAINIER.

The Sintram has about completed her cargo.

Mrs. Lowman, of Apiary, visited Mrs. Bearce this week.

Tramps have taken possession of the only vacant house in town.

Mr. Deitz has his warehouse finished, and his storebuilding looms up.

Mr. Victor Feivy and family, of La Center, Wash., are visiting relatives here.

Report says Frank Downing will sell his blacksmith shop to some person from Kalama.

R. Reichardt started Monday last for a visit to Chicago, and will be absent but a short time.

The rain has ceased, and the honest granger smiles as he thinks of the bountiful harvest this fall.

The new houses of M. Both and Mrs. Brow, are nearing completion; the former under the skillful hands of Mr. Bearce, and the latter under Mr. Richardson's able supervision.

There is every prospect that a logging railroad will be put in from Rainier to Beaver valley, which will place on the market an unlimited supply of the finest lumber in the world. The work will begin in the very near future.

H. H. Doan has received the machinery for a shinglemill which he will put in on his place in Beaver valley, thus adding to our manufacturing interests. He has a fine body of available cedar, and will no doubt make a success of the enterprise.
