

LOCAL AND GENERAL.

Muckle Bros. mill shut down last week, after a short run.

Dr. McLaren, of Rainier, was in the city Tuesday.

Read the ad of J. M. Moyer & Co., clothiers, Portland, in another part of this paper.

E. C. Giltner, of the state department, came down from Salem for a brief visit.

Mr. D. F. Baker and son John, from Vernonia, were callers at this office on Tuesday last.

Dr. Cliff has removed his family to the residence opposite the Masonic hall on Main street.

The Houlton and Vernonia stage is again running, making regular daily trips with the mail.

The Odd Fellows' lodge meets every Saturday night. Tomorrow night will be initiation and election.

Secretary McBride has so far recovered from his illness that he returned to his official station last Monday.

Hon. D. P. Thompson, of Portland, has been appointed minister to Turkey, vice Solomon Hirsch, resigned.

Mr. and Mrs. W. H. Dolman spent Thanksgiving in Salem with relatives, Drs. Richardson and Morse.

Mr. John Burk, of Portland, who owns the quarries west of town, was on our streets Wednesday.

Marion Riggs and Smith Kistner, of Rainier, made final proof on their homestead claims before Clerk Quick last Monday.

Ex-County Clerk E. C. Hughes, of Washington county, representing Hall & O'Donnell, stationers, Topeka, Kansas, was in St. Helens Tuesday.

The house of C. S. B. Washburn, which stood on the river bank just opposite St. Helens, was destroyed by fire Wednesday afternoon.

Mr. and Mrs. Keithley, Mr. and Mrs. Young and Mr. and Mrs. J. H. Groves, of Portland, are spending Thanksgiving with Mr. and Mrs. James Muckle.

A large number of sawlogs came out of Lewis river Wednesday, owing to the breaking of the shear boom a short distance from the mouth of the river.

Quincy is the name of a postoffice recently established in Columbia county on the lower Beaver, on the Maygor and Clatskanie route. Fin Rutter postmaster.

The large American ship, Kenilworth, which came into the river last summer, passed down in tow of the Reed last Sunday wheatladen for across the wide pond.

The late rains have considerably raised the river, and the tributaries are all high enough so that the steamers plying thereon have little difficulty in getting to the head of navigation.

The happiest man we have seen lately is First Officer Crawford of the steamer Kellogg, who rejoices in the advent of a little daughter at his home in Rainier last Friday. Mr. Crawford having lost on the "general result," cigars are far between.

Already orders are coming in for the Oregonist Map of Columbia County. People in this age of the world do not even need to see a good thing to know it. They can read about it. The Mist and the map for \$1.50 per year in advance.

The Horgren brothers, on the upper Clatskanie, have just got a sawmill which they are going to run on their land about nine miles west from Deer Island. They will cut cedar and haul to Deer Island. As they are both good mechanics and hard workers, we predict success for them.

If grounds can be secured at a reasonable figure St. Helens will soon have a new furniture store, and also a large wharf where steamers can be supplied with wood. Now, gentlemen, read this item and double the price on your property for fear something will be done.

Mr. C. L. Colburn has added a bath to his barber shop. He has also covered the floor with a rich oilcloth and the walls with new paper. The bath will be appreciated by our people, as we have had naught but cold water shower baths for some time. Hence a change is desirable.

David Pope, of whose serious accident mention has heretofore been made in these columns, has so far recovered that he was taken to his home on Milton creek last Saturday. The parents of Mr. Pope wish to extend their hearty thanks to the Odd Fellows lodge of St. Helens for prompt attention and assistance rendered their son during his misfortune; also, to the friends who were always ready and willing to aid in caring for him.

Last Monday we received no mail from Portland, all for the simple reason that the Union Pacific had more important work for their boats to do than carrying Uncle Sam's mail. This giant monopoly treat the people, as well as the government, just as they please, and the old stereotyped question of "what in—l—are you going to do about it?" is always looked for by the managers.

The Royal Baking Powder maintains its vigorous hold on the public, and is active and aggressive against the impure and injurious baking powder peddled off on the people. In this task it is performing a good work for honest and unadulterated food products.

Ben Lamar and Michael Pirtner were arrested by Constable Decker on a warrant sworn out by Michael Ray charging them with larceny. The case came up before a jury in Justice Blakeley's court, Lamar being tried the same day, Monday. After a spirited contest the case was given to the jury, who after being out for some time, found a verdict of not guilty. Pirtner's trial has been set for tomorrow.

It is rumored that the Union Pacific will withdraw her Astoria steamers in the near future. This will necessitate a new mail contract with some other company, of which there are plenty to bid on carrying the mail. The Columbia River and Puget Sound Navigation Company have the two best boats on the river—Telephone and Bailey Gatzert—and in the event of the above change would be likely to get the mail contract, while Jacob Kamm has also three fine steamers, and he, too, would have some pretensions. This may seem to some idle speculation, but it will come sooner or later. The Union Pacific water division has not earned a cent for several years, principally owing to the long continued and hot opposition on the Astoria route, an opposition that the great corporation has never been able to manage to any great extent, and like on Puget Sound, they are tired of throwing good money after bad.

Do you wish to know the quickest way to cure a cold? We will tell you. To cure a cold quickly, it must be treated before the cold has become settled in the system. The first symptoms are a dry, loud cough and sneezing. The cough is soon followed by watery expectoration and the sneezing by a profuse watery discharge from the nose. In severe cases there is a thin white coating on the tongue. What to do? It is only necessary to take Chamberlain's Cough Remedy in double doses every hour. That will greatly lessen the severity of the cold, and in many cases will effectually counteract it and cure what would have been a severe cold within one or two days time. Try it and be convinced. 50-cent bottles for sale by Edwin Ross, druggist.

No house in the county should be without this map, which will be about 38x42 inches over all. Subscriptions taken from this time on, cash in advance, will be entitled to this valuable premium.

BE WISE IN TIME.

People Cannot Afford to Trifle With Ill Health. Portland seems to be full of wise people, judging from the steady stream of callers at the office of the celebrated Dr. Darrin. They are making wonderful cures, and letters of gratitude are being daily received showing the satisfactory results of their skill in treating diseases. The following is an example of one selected from the many:

Roy, Pierce county, Wash., Nov. 14, 1892.—Dr. Darrin: Dear Sir—It is two years and four months since you treated me for heart disease, enlargement of the liver, dyspepsia and constipation, all of which you cured. I have had no return of the above troubles since, and for which I cannot praise you enough. I recommend you to everybody that I see who is sick, and those I can't see I send them your word. Yours gratefully, WILLIAM MCCUTCHEN.

Dr. Darrin still holds forth at 270 1/2 Washington street, Portland, and Bevere House, Albany, Or., and gives free consultation daily from 10 to 5; evenings 7 to 8; Sunday 10 to 12. He treats all curable chronic, acute and secret diseases at half his former prices. The poor free. Circular and question list sent free.

Specimen Cases.

S. H. Clifford, New Cassel, Wis., was troubled with Neuralgia and Rheumatism, his stomach was disordered, his life was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklin's Arnica Salve, and his leg is sound and well. Charles W. Blakesley, clerk, 300 N. Tingle, judge, 300 E. AMERICAN CHOLERA.

From the Daily Reville, Whetcom, Wash. "T. C. Burnett, the democratic candidate for sheriff, was taken violently ill at Clearbrook. He had all the symptoms of Asiatic cholera, and for an hour or two it was feared he would die. They finally gave him a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which revived him until a physician arrived." That is precisely what the manufacturers of that medicine recommend for cholera. Send for a physician, but give their medicine until the physician arrives. If cholera becomes prevalent in this country next summer, this preparation will be in great demand because it can be depended upon. For sale by Edwin Ross, druggist.

What Ails You?

If you have sudden darting pains in the joints or muscles, and it recurs every time you get cold, and appears in new places without leaving any of the old ones, the best thing to do is to send five dollars to the Drummond Medicine Co., 48-50 Maiden Lane New York, for a bottle of Dr. Drummond's Lightning Remedy for Rheumatism. It will cure you. Be wise in time, and do not be fooled with anything else. If you have got the above symptoms you have got the rheumatism, and if the drug gets into the truth, he will say Dr. Drummond's Remedy is the only known cure. Agents wanted.

Pacific Coast Gun Factory.

WASHINGTON, Nov. 21.—Senator Dolph has filed with the war department a letter in relation to the appointment of a board to examine and report upon a site for a gun factory on the Pacific coast. He requests that care be taken in the selection of the officers, that they may not be prejudiced in favor of one site as against another. This precaution, he says, is particularly necessary, because some officers have privately expressed their belief that Bonavia is the proper location.
