

BRIEF MENTION.

Mr. N. C. Dale, of Mist, was at the county seat Tuesday.

Kimball pianos and organs for sale by L. V. Moore, of Portland.

Rev. McCart, of Portland University, preached here last Sunday.

Only 25 cents per year. "Our Youth" P. O. Box 2329, San Francisco, Cal.

Harry West, of Scappoose, called at this office Monday.

If you want a good piano buy a Kimball of L. V. Moore, of Portland.

Judge Woodham, of Reuben, was in the city Saturday on legal business.

Send 25 cents today for one year's subscription to "Our Youth." Address: Clemens Pub. Co., San Francisco, Cal.

Kimball pianos at legitimate prices and on easy payments. L. V. Moore, Portland, Or.

Agents wanted in every school for "Our Youth," only 25 cents per year. Clemens Pub. Co., Box 2329, San Francisco, Cal.

The boats have all been running the slough for several days owing to the large amount of ice in the Columbia.

If you want to get a good piano or organ at headquarters, go to L. V. Moore, of Portland.

The largest and best juvenile journal is "Our Youth," only 25 cents per year. Clemens Pub. Co., Box 2329, San Francisco, Cal.

Miss Josie Groves went up to Portland Wednesday to visit a few days with her parents.

Kimball pianos and organs, manufactured by the W. W. Kimball Co., of Chicago, and sold by L. V. Moore, of Portland, Oregon.

Mark Swager, accompanied by his wife, of Kelso, Wash., spent a day or two in town last week, visiting friends and relatives.

Attorney Dilard left Monday for a several weeks' visit to his old home in Virginia.

Justice Lamar, of the United States supreme court, died at Macon, Georgia, Monday.

Professor Morris, of Beaver valley, the well known phrenologist, left last Friday for Pullman, Ill., where he will again enter the lecture field.

James Corey, of Washington county, was in St. Helens Wednesday visiting his half brother, Mr. T. Cooper.

The Australian Medicine Company have been giving a series of entertainments here this week, furnishing considerable amusement for the children.

Who is this L. V. Moore, of Portland, who hears so much about? He is the wide-awake piano and organ man of the coast, who understands the value of printer's ink.

Many of our people have availed themselves of the opportunity and filled their cellars with the freeze-up for use during the long hot months of next summer.

Boys can make money. "Our Youth," only 25 cents a year. Agents wanted. Address, Clemens Pub. Co., Box 2329, San Francisco, Cal.

Licenses to wed have been issued this week by the county clerk to Annie L. Hendricks and J. N. Brin; Clara M. Sanborn and John T. Wilson, and Katie Quinn and George C. Snider.

The Odd Fellows cemetery, three miles out, on the Portland road was surveyed Tuesday, and the lots will be staked out in a few days, after which they will be placed on sale.

How does L. V. Moore, of Portland, manage to sell so many pianos and organs? That's what puzzles his competitors. The answer is simple, because he sells good instruments at legitimate prices, and knows how to use printer's ink to let the public know it.

Dr. Willis Morse, of Salem, was in St. Helens Saturday last visiting his parents. He expected to start, in a few days, for New York, where he will take a several months course in the medical and surgical institute, returning home some time next summer.

Through the courtesy of T. C. Watts and Representative Merrill we have before us nearly every bill so far introduced in the Oregon legislature, many of them almost verbatim obliterating, but introduced by different members. It seems that nearly every man in that body have prepared a bill on roads and assessment.

Last Friday the swells of the steamer Potter came near wrecking the Toledo at a shoal place a few miles above St. Helens in the Willamette slough. The latter steamer suffered the breakage of some of her hog chains, and was compelled to lie up here for the night. Next morning she returned to Portland, where the necessary repairs were soon made, and she again resumed her regular trips.

Poisoned for Revenge.

A dispatch from South Bend, Wash., states that the family of Isaac Smith were poisoned through their food several days ago. Smith took an active part in the prosecution of the Rose gang for murdering the Fredricksons three years ago, and since that time he has received many anonymous letters signed "justice," "justice," etc., threatening his life. On three previous occasions attempts have been made to poison the family by putting poison in the well and in their food, but each time it was detected before the fatal results came. This time the family were seized with griping pains and bloody dysentery, but the attending physician thinks he can save them.

In Columbia County, Teo.

If the county had all the delinquent taxes and the taxes due on mortgages, they would have money enough to build a fine new court house. Dishonest taxpayers have robbed the county out of thousands of dollars and it is not at all strange that Clatskanie county has the poorest court house and jail in the state.—Astoria Herald.

CLATSKANIE.

Mrs. Walter Durham, who has been visiting friends here for the past month, left Friday evening for her home in McMinnville, taking her mother, Mrs. E. W. Conyers, with her.

Our tri-weekly steamer failed to put in an appearance on Monday evening for the first time in a long while. Said to be too much ice in the Columbia river.

Frank Merrill returned from Portland on Friday with his arms so full of bundles he looked a little like Santa Claus and was just as welcome at his home.

E. S. Snyder has bought out his late partner, Harry Busing's interest in the shingle business, and proposes to go it alone in the future.

Watson Elliott and wife, of Marshland, were in town Tuesday, returning from a visit to Mr. and Mrs. Allen, on the summit. They started for home that evening.

A. F. Myers, in addition to his other accomplishments, is now doing the harness making for this community. He can now sell you a pair of new shoes, patch up the old ones, sell sugar, coffee, tobacco, onions and horse feed, and repair the harness while the horses are eating. A very handy man.

A further investigation of the cause of the death of young Hendrickson, who was shot near his parents' home over two weeks ago, has been ordered, and on Monday Dr. Hall, of this place, went out to where the boy was buried to meet Dr. Meserve, and while there the body was taken up and examined by the two physicians as to the character and direction of the shot. The deceased boy's companion at the time of the shooting, has been arrested and a preliminary hearing is to come off at Rainier on Thursday.

There is a sort of standing joke around here to the effect that the present school board do not agree on anything and never work together. To convince the public of the error of that assertion it was only necessary to see the whole three members of the board at work at the school building last Saturday afternoon, fastening the new desks in place, and working with saw, hammer and hatchet to make some other improvements and changes, rendered necessary by the increasing attendance of scholars. The work was done well, and the principal of the schools, who was present, felt constrained to quote the proverb: "How good and pleasant it is for brethren to dwell together in unity."

The gathering at Merrill's hall last Friday evening was the best illustration of a social that we have enjoyed this winter. People came together with a good feeling and from the first there was an absence of the stiffness often noticed at such gatherings. About 8 o'clock some music was indulged in by those so disposed, using the new song books recently introduced in the Sabbath school. An orchestral selection followed, after which Miss Gertrude Badger gave a reading, and an excellent recitation was rendered by Professor Cleaton, who recited that difficult poem, "The Vagabonds," in a masterly manner. A duet by Mrs. Badger and Miss Boyle was followed by a recitation by Miss Boyle (title unknown) spoken with clear articulation and in a very pleasing manner. After a vocal quartette, J. A. Fabrique gave the audience a poem called "St. Peter's Gate," which was enthusiastically received. During some additional orchestral music a few ladies and gentlemen slipped out of the room but soon returned laden down with coffee and sandwiches which were distributed to those present. This assisted very much in promoting the social features of the evening, and during this enjoyable exercise the audience had its good nature brought to the surface and indulged in songs around the organ, led by Katie Lane and E. C. Blackford, and in other enjoyable ways that were suggested. From the small admission fee of 10 and 15 cents, \$13 was raised to apply on salary of the pastor, Rev. F. L. Moore.

Weather remarkably fine.

Miss Mattie Hagey has left our community for a few weeks.

J. Yahn, of Ilwaco, paid the small debt by remaining in our midst for a week.

Miss Lucy Stehman has returned to Ilwaco after a short visit to the valley.

William Brown has just completed a fine store room. He intends in the near future to be our postmaster.

Great goodness! boys, can't some of you get up a dance? The Apiary reporter is getting nervous in every limb for a bit of excitement.

D. B. Phillips has just rebuilt his shingle mill and is running a full crew of men, and a better quality of shingles than is being turned out would be hard to find.

D. M. Dorsey, our postmaster, has left the valley to make Dayton his future home. Dave has always been a good neighbor and will be hard to replace. May prosperity follow him.

John Wilson has just completed as fine a residence as there is in the valley. As John is a deserving single man, we suppose nothing short of a wedding will do him. If you need a witness to take to St. Helens, John, remember Tus Mist reporter is a dandy.

SCAPOOSE.

Mrs. Mina Freeman is very ill with fever. Stock of all kinds are wintering in good condition.

Miss Mary Watts visited the Portland University from Friday until Sunday.

The snow still lies upon the ground here. In many places it is six inches deep.

Mr. W. T. Watts has put a new Turbine wheel in the sawmill and is prepared to saw out any amount of lumber.

Rev. Louis Bach, of Portland University, preached in the church last Sunday, and will continue to do so every other Sunday. Services for the Germans at 10 o'clock a. m. and the English at 11:30 a. m.

Monday afternoon at 3 o'clock the residence of George Grant, of South Scappoose, with all his household effects, with the exception of the organ, one bed and one trunk, was consumed by fire. No insurance. We sympathize with them in their misfortune.

The Young Peoples' Christian Endeavor Society, of Scappoose, which was organized last fall by Rev. Mr. and Mrs. Barber, of Willamette, Or., is now flourishing finely. Sixty members attend this society which meets every Sabbath evening, with Mrs. J. G. Watts as president. Profitable as well as enjoyable meetings are held from 7 o'clock until 9:30 p. m.

SNIDER—QUINN.—At the Oriental hotel in St. Helens, Friday, January 20, by Justice Blackley, Mr. George C. Snider and Miss Katie Quinn, all of Scappoose.

COUNTY COURT.

Proceedings of the January Term, 1893.

(Continued from last week.)

Matter of petition of R. Kappler et al, for a county road. On this day came R. Kappler and 14 others and present their petition for the establishment of a county road, as follows:

Beginning on road survey No. 56, known as the Saulzer road, at a stake marked A No. 1, at the intersection of what is known as the Wash, Muckle road; thence westerly on most practicable route to a stake marked B No. 2, 80 rods north of the southeast corner of section 2, township 4 north, range 2 west; thence south to the southeast corner of said section 2, to a stake marked No. 3, in said township and range, said road to be 40 feet in width.

Adjourned to next regular term.

THE WATER QUESTION. The City Council Will Not "Take Water" at Present.

The city council held a special meeting Monday night for the purpose of entertaining a water works proposition from Mr. Hans Orchard, of Albion. In the absence of Chairman Watts, Recorder Swager called the meeting to order and stated its object. Mr. Orchard was then asked to submit any proposition he desired to the board, which was substantially as follows: He would construct a tank or reservoir 100 feet above the river level, to hold from 15,000 to 25,000 gallons, to be supplied by a steam pump with sufficient power to force a pressure through the mains of 125 pounds to the square inch, this pressure only to be used for fire purposes. A 3-inch main would be laid along each of the principal streets with stand-pipes for fire purposes at least within 200 feet of every house—these stand-pipes to be put in at the city's expense—the plant to be completed within six months. He wanted the city to pay him \$200 a year for three years for the use of the fire hydrants, and also give him a franchise for thirty years to operate in the city, the water rates to not exceed \$1.50 per month for each faucet during the first three years.

His second proposition was to furnish a pressure of 44 pounds to the square inch—the natural pressure from the tank—for fire protection at \$300 a year, in addition to the regular domestic water revenue. This, in his opinion, would be money thrown away, for so small a pressure would be worthless in case of fire.

The council rather favored the first plan submitted, but like most of those present, thought that \$500 a year was too high, in fact, as stated by Councilman Dart, it was out of the question to entertain such a proposition, claiming that the city could put in its own plant and operate it a great deal cheaper.

A motion was then made and carried to adjourn until the next regular meeting on the second Monday in February.

ENGINEER HAYES' EXPERIENCE. Left His Crutches in the Doctor's Office After Being Cured With Electricity.

A reporter's curiosity led him to investigate one of the many cures by Drs. Darrin, as reported in this paper. Mr. W. Hayes, is a locomotive engineer, running between Portland and Junction City, and was found at his home in East Portland, at No. 914 Fifth street. Upon inquiry, Mr. H. gave the following history of his case: "By exposure and jarring of my engine I developed sciatic rheumatism. Then kidney, prostatic and bladder trouble set in compelling me to give up work for a long time. I got so bad I had to use crutches and the three physicians I went to did me no good so I called on Drs. Darrin for electric treatment, and they cured me in two weeks. That was a year ago and I am still perfectly well. I left my crutches at the doctor's office where they can be seen by anyone."

Drs. Darrin still hold forth at 2704 Washington street, Portland; McClallen Hotel, Roseburg, Or. and give free consultations daily from 10 to 12 o'clock, 7 to 8; Sunday, 10 to 12. They make a specialty of all diseases of Eyes, Ear, Nose and Throat, Catarrh, Deafness, Bronchitis, La Grippe, consumption, Dropsy, Heart, Liver and Kidney diseases. All Nervous, Chronic and Private Diseases of Men including Stricture, Hydrocele, Varicocele, Impotency, Seminal Weakness, and all peculiar Female Troubles are confidently and successfully treated.

Most cases can receive home treatment after a visit to the doctor's office. The poor treated free, except medicines when required. Drs. Darrin have a large county practice, and send their electric batteries and remedies by express on receipt of symptoms and \$20 monthly for same. Inquiries answered and question blanks and circulars sent free.

Not from a Financial Standpoint. "I do not recommend Chamberlain's Cough Remedy from a financial standpoint, for we have others in stock on which we make a larger profit," says Al. Maggini, a prominent druggist of Braddock, Penn., "but because many of our customers have spoken of it in the highest praise. We sell more of it than of any similar preparation we have in the store." For sale by Edwin Ross, druggist.
