The Oregon Mist.

United States and County Official Paper

St. Helens, March 31, 1893.

PUBLISHER'S NOTICE.

All communications sent to THE MIST for publication must be accompanied by the author's real name and not a nom de plume alone. We do not want the name for publication, but as an evidence of good faith. Correspondence without the writer's name accompanying will be consigned to the waste basket.

BRIEF MENTION.

John Dolan, of Gilton, looked in for a minute Wednesday.

David West, of Westport, was in the city Wednesday.

Ex-County Clerk N. C. Dale, of Mist, came over Tuesday evening.

C. L. Colburn went to Woodland, Wash., Wednesday on business.

Miss Dell Caples, of Columbia City, visited relatives here this week.

Mrs. Bell Gaddis, of Reuben, visited her mother, Mrs. Widger, of this place, this week.

Assessor Kyser is in town this week getting ready for the work of assessing the county.

Mrs. Laura Logan, of Astoria, was among the callers at this office on Tuesday last.

Muckle Bros. mill started up Monday morning for a run of probably several weeks.

Mrs. C. C. Slavens, of Castle Rock, Wash., was visiting relatives in St. Helens and Gilton last week.

Mrs. A. J. Rubert, sr., left yesterday for an extended visit to California and Arizona, expecting to be absent until next September.

The sheriff is now ready to receive taxes. All taxes, under the new law, are payable at the office of the sheriff, and he is not required to visit the different precincts as heretofore.

Josiah Koukle, living two miles out on the Portland road, will have a public sale of personal property one week from tomorrow, Saturday, April 8. See hand bills for itemized list of property.

Mr. J. S. Cloninger and his new bride returned home from their trip to Victoria and Vancouver, B. C., last Sunday, and Mr. Cloninger's familiar face is again seen at his old place of business.

Hon. B. F. Burch, who was appointed receiver of the land office at Oregon City during President Cleveland's former administration, and who served his entire term of four years, died in Polk county last Friday.

The city election takes place next Monday evening between 7 and 8 o'clock. The fusionists claim to be gaining strength, while the old-liners stand firm by their colors. The contest promises to be a spirited one.

Mr. Charles Wilson, formerly of Beaver valley but now of Gray's Harbor, was in the city Tuesday paying his taxes. Mr. Wilson for a long time owned and operated a sawmill in Beaver valley, and is at present engaged in the lumber business in Chehalis county.

Newton Sundby met with a serious accident last Monday. While at work in Muckle Bros. mill he accidently came in contact with a circular saw which cut off the third and fourth leaders of his right hand just back of the knuckle joint, and it was only a miracle that he did not lose the entire hand.

One week from next Monday, April 10, the personal property of the late Josiah Fullerton, deceased, will be sold at public auction at his late residence by the administrator. The property consists of live stock and implements principally. Remember the date.

In Portland last Saturday Charles H. Gove, a real estate man, shot and fatally wounded Conrad J. Smith, a bookkeeper, and then committed suicide by sending a bullet crashing through his own brain. Gove's death was instantaneous, while Smith lingered until Monday when he succumbed to the intent of the deadly missile. Both were well-known business men in Portland and had been for years.

We did not know that there were so many people from Reuben, Columbia county, taking up timber land over in Tillamook county. In the Headlight there is one whole page of timber land notices and nearly one-half of the applicants claim their residence at Reuben, this county; but on examination, we find that no such a lot of people live or ever did live in this county.

St. Helens owes an apology for not contributing something for the Columbia county world's fair exhibit. The fact is our people up here have had no time to think of anything else but water works and city hall, both of which, we are glad to say, are progressing nicely. Whatever credit is due Columbia county for an exhibit at the fair belongs exclusively to Clatskanie and Beaver valley. They are, in fact, so far as we have been able to learn, the only localities in the county that have made a persistent effort to have our resources placed before the people at Chicago. Hence where credit is due, there it belongs, and may those sections reap their deserving reward.

Miss M. E. Horner, of University Park, holds a Columbia county teacher's certificate, and desires to teach in this county. Any district which may be without a teacher would do well to correspond with her. Address, University Park, Multnomah county, Or.

At a meeting of the Columbia River Fishermens Protective Union held in Astoria last Saturday the price to be paid for salmon the coming season was fixed at $1.15. The cannerymen say they cannot pay that price, and trouble is liable to result.

The good ladies of the town made a successful effort this week to have the church organ repaired and tuned, which the instrument was badly in need of.

George E. Davis, attorney at law, of Portland, was in the city Monday and left on the Toledo for Kalama the same evening.

The infant daughter of Mr. and Mrs. E. E. Quick has been dangerously sick this week with membraneous croup.

The steamer Lurline is again on her old run to Astoria. She made her first trip since the freeze-up last Saturday night.

Commissioner Barnes was in the city Monday and on Tuesday went to Scappoose to look after road matters.

Next Sunday is Easter. How will you have your eggs, turned over, fried, boiled or baked?

Mothers' Recommendation.

We are acquainted with many mothers in Centerville who would not be without Chamberlain's Cough Remedy in the house for a good many times its cost, and are recommending it every day. From personal experience we can say that it has broken up bad colds for our children.—Centerville, South Dakota, Citizen. 50 cent bottles for sale by Edwin Ross, druggist.

The Hoosiers Want the Best.

"The people of this vicinity insist on having Chamberlain's Cough Remedy, and do not want any other," says John V. Bishop, of Portland Mills, Indiana. That is right. They know it to be superior to any other for colds, and as a preventive and cure for croup, and why should they not insist on having it? 50 cent bottles for sale by Edwin Ross, druggist.

DEER ISLAND.

C. H. English is quite poorly at present with a billious attack.

Hector Hollis feels jubilant over the arrival of a young boy at his home last Tuesday evening the 21st inst. Shake!

Elzy George and family are visiting here for a week before leaving for Benton county. Mr. G. is a highly respected citizen, and we regret to see himself and family move so far away, but we hope it will be his gain.

Patrick Hughes is sick at present, but we hope it is only temporary. Mr. H. is really one of the pioneers of this neighborhood, and a member in good standing of the A. F. & A. M. lodge of St Helens.

LAST WEEK'S LETTER.

John Horgren from the Clatskanie river, spent a night here on his way to Portland in the interest of his sawmill. Mr. Horgren feels quite confident of their mill, and may possibly add a planer in the near future. The boys have every prospect of success, being honest, sober and industrious.

Mrs. Emmeret Tharp gave a birthday dinner to her daughter, Miss Minnie, on the 14th inst., who has been working at Portland for the past year. She completely surprised her mother on her arrival, by bringing a very pleasant husband by the name of Austin. In the evening the young people met at the schoolhouse and gave the young couple a warm reception.

C. L. Smith gave a barn-raising last Saturday and a dance in the evening. Both were a success.

The coal mine is shut down for the present. The reason is not given publicly. Mr. Steadman is still confident that there is plenty of good paying coal in this neighborhood, in fact, coal can be found most anywhere between here and Nehalem valley, and all that is necessary is proper development to find the proper vein. But it looks peculiar that an expert miner and a thorough student of coal and coaling could be fooled in his theory and practice, and to be so confident as he without showing success remains to be explained. The gentlemen interested has our sympathy. They have gone to a great deal of expense without any reward. It is likely they will not fool any longer on the present prospect, and if they do any more it will likely be to sink a shaft. Every indication shows that coal abounds in this region and all that is necessary is capital to work it. We believe if the county court can find any possible way to grant a premium on the discovery of coal they would be justified in doing it, that is to offer a premium on not less than a three-feet vein of good marketable coal, such as mined on this coast, to the discoverer, and to open it in such a way as to be accessible to everybody, and not to accept any diagram but to open it with a tunnel or shaft. One reason for this is to invite competent prospectors to look our county over. Of course this bounty should not be extended to mines that are already opened, prospected nor marked, but to such mines that show not less than a three-feet vein of good marketable coal that could be readily sold in any of our coal markets; or, give a bounty on the output of a mine. The state of Washington is now offering a bounty on manufacturing sugar. We are of the opinion that coal mining should be more profitable than sugar manufacturing.

Your humble scribe took a tramp last week out in the country back of Hunters of deep snow and old bachelors. I found the bachelors very much like the snow—gradually disappearing. Where once a lonely bachelor's cabin stood is now occupied by a more thrifty class of people, mostly married men with families, and those that are not married intend to be. There are a good many new houses, neat cottages, handsome picket fences, and well-tilled garden patches which is an evidence of thrift and economy.

We cannot help but notice the change that has come over this country in the last half decade as to improvements. The reason why this country is so much advanced is the excellent market the Columbia River Lumber & Fuel company furnished. This is an evidence of what a local market can do for a country where it is situated. The ranchers took advantage of the opportunity and improved their farms, so that now they can live apparently independent.

CLATSKANIE.

J. A. Fabrique has laid aside his razor and taken a trip to Portland this week.

A meeting of citizens interested is announced for Saturday afternoon next to discuss the propriety of taking advantage of the new law for building a good public road between Rainier and this place. There ought to be a good attendance.

A movement is on foot to start a creamery, to be located near the mouth of the Clatskanie river. We understand Charley Johnson is willing to give ground for the purpose on his land, which is the location desired by those in charge of the enterprise.

A renovation of the Tichenor residence is in progress in anticipation of an early return of Mr. and Mrs. A. M. Tichenor from California, where they have been spending a portion of the winter.

A notice in the Cathlamet Gazette stated that the money order business of this post-office amounts to $1000 per month. Captain Nichols informs us that the statement is correct.

The Clatskanie hotel is being thoroughly overhauled and will be opened to the public on April 1, by a Mr. and Mrs. Johnson, of Portland, who are already in the building.

Mrs. William Barr brought to town some fine looking hyacinths in bloom last Monday and disposed of them among her friends.

The series of religious meetings began last week are kept up this week with a considerable degree of interest.

John Parks is now in charge of the Johnson team hauling lumber from the Tichenor mill. Johnson himself is improving slowly but will not be able to drive team for some time he thinks.

On Sabbath morning volumes of smoke rising from the direction of the large barn on W. K. Tichenor's place started a number of our citizens out in that direction, who found that the barn had taken fire in some unaccountable manner and was rapidly burning to the ground. Several head of horses and cattle were in the barn but were all liberated by Jimmie Doan and Gunmerdale, who were near by, but the barn and all other contents were soon entirely consumed. The building was a large and fine one for the purpose, and the loss falls quite heavy upon Mr. Tichenor.

Mrs. Gillam returned on Friday from a week's visit to Portland and elsewhere up the river.

The plank road is now the main thoroughfare of the town, both for teams and pedestrians. Quite an improvement is made in front of Conyers' store, where the plank have been extended to the porch, covering the mud and making it much more convenient to drive to the building.

Special quarterly meeting services are announced for next Saturday and Sunday at Merrill's hall.

L. Saldren has been back here for a few days and secured the right-of-way for his logging road up Fall creek. He announces his intention of beginning work in a few days and pushing the road to an early completion.

DELENA.

Weather very rainy and unsettled, with little prospects of a change for the better.

Oscar Wagner has been confined to the house for two weeks past with la grippe or something of that nature, though at last accounts he was improving rapidly.

Olson Bros. are putting in an engine for hauling logs up the grade on their skidroad. This will be a great improvement and the boys will, no doubt, make a success of the venture, as they thoroughly understand logging.

Mrs. Wagner spent several days last week the guest of Mrs. Wonderly.

Rev. Moore preached to a large and attentive audience at the hall last Sunday. Services the second Sunday in April at 2 p. m. All are invited to attend.

The Clackamas Hatchery.

OREGON CITY, March 25. — Fish Commissioner W. F. Hubbard, of the Clackamas hatchery, was in town today. He says he has already turned out into the Clackamas 3,500,000 strong young salmon, and that he has another million which will be ready to turn out some time next month. He also says that the brook trout spawn received from Michigan has hatched nicely, and he now has 20,000 young trout not over one half an inch long. These will be distributed in small quantities as they may be called for in the various streams of the state. It will be some time yet before these immigrants will be ready to turn loose among their many voracious enemies.

Cholerine in Pennsylvania.

Swickley, Penn.: We had an epidemic of cholerine, as our physicians called it, in this place lately and I made a great hit with Chamberlain's Colic, Cholera and Diarrhoea Remedy. I sold four dozen bottles of it in one week and have since sold nearly a gross. This remedy did the work and was a big advertisement for me. Several persons who had been troubled with diarrhoea for two or three weeks were cured by a few doses of this medicine.

P. P. KNAPP, Ph. G.

O.W.R. M'F'G CO. PORTLAND, O.

THE ELECTRIC SYSTEM.

Something That Confounds the Best Philosophic Experts. The Sick Are Cured and the Skeptics Left to Wonder.

Deputy Sheriff Roberts' card speaks volumes for Dr. Darrin and his peculiar system of treatment by electricity. Mr. Roberts is well and favorably known in Portland and his word should go far to convince the skeptics as to the skill of Dr. Darrin.

MR. ROBERTS' CARD.

For the past six years I suffered loss of hearing, which gradually increased until I became totally deaf in one ear with ringing noises and severe pains in the back of my head and neck, the last year of my trouble. All efforts were fruitless until I called on Dr. Darrin, who cured me radically of all my troubles with his method of electric treatment. I can hear now as well as ever in my life. J. M. ROBERTS,
362 Stark street, Portland.

Drs. Darrin can be consulted free at 270½ Washington street, Portland, and "Review" building, Spokane, Wash. Office hours, 10 to 5 daily, evening 7 to 8, Sunday 10 to 12. They treat all curable nervous, chronic, acute and private diseases, and make a specialty of all diseases of eye, ear, nose, throat, catarrh and deafness, loss of manhood, loss of desire or sexual power in man or woman. All peculiar female troubles, irregularities, etc. are confidentially and successfully treated. Most cases can receive home treatment after a visit to the doctor's office. Inquiries answered. Circulars and question blanks sent free. Drs. Darrin charge at the low rate of $5 per month; or in that proportion as the case may require. This applies to each and every disease except surgical and special complicated cases. The doctors' fall in prices is not only a boon to the poor, but will be appreciated by thousands unable to pay.

Assignee's Notice.

In the matter of assignment of J. W. Bevis, M. L. Nicholas and Stephen Splawn, co-partners as Bevis, Nicholas & Splawn, insolvent debtors.

The undersigned having been duly appointed assignee of the estate of the above named insolvent debtors, under and by virtue of an act of the legislative assembly of the State of Oregon, entitled "An act to secure to creditors a just division of the estate of debtors, who convey to assignees for the benefit of creditors," approved October 18, 1878, and the amendments thereto, approved February 24, 1885, all persons having claims against said estate are hereby notified to present the same to me at my office, rooms 222-223, Marquam building, Portland, Oregon, duly verified as by law required, within three months from the date hereof. R. P. GRAHAM,
Assignee.
Portland, Or., March 31, 1893. m31m12

SUMMONS.

In the Circuit Court of the State of Oregon, for Columbia County.

W. MUDGET, Plaintiff,
vs.
M. MUDGET, Defendant.

To M. Mudget, defendant:

IN THE NAME OF THE STATE OF Oregon, you are hereby required to appear and answer the complaint filed against you in the above entitled suit by the first day of the next term of said court following the last publication of this summons, to-wit: on Tuesday, the 9th day of May, 1893; and if you then fail to answer or appear the plaintiff will apply to said court for the relief prayed for in said complaint, to-wit: for a decree dissolving the bonds of matrimony now existing between yourself and plaintiff, and for such other relief as may be just.

This summons is served by publication by order of the Hon. Thomas A. McBride, judge of said court, made the 22nd day of March, 1893. T. J. GEISLER,
m31m12 Attorney for Plaintiff.

Petition for Liquor License.

To the honorable, the County Court of the State of Oregon, for Columbia county:

We, the undersigned legal voters in Deer Island precinct, Columbia county, State of Oregon, respectfully petition that a license be granted to William Miller and Louis Bradley, to sell spiritous liquors in said precinct, in quantities less than one gallon, for a period of six months. (Signed:)

Petition for Liquor License.

To the Honorable County Court of Columbia county, State of Oregon:

We, the undersigned legal voters residing in Union precinct, Columbia county, Oregon, would respectfully petition your honorable body at its next regular term of court, to be held in the courthouse, in the town of St. Helens, Columbia county, Oregon, on the 3rd day of May, 1893, that a license be granted to Orrin A. Wood and N. Kettwig to sell spiritous, vinous and malt liquors in less quantities than one gallon, in Union precinct, Columbia county, Oregon, and that said license be issued for the period of one year from the date of said term of court; for which your petitioners will ever pray. (Signed:)
