

The Oregonist.

United States and County Official Paper

ST. HELENS, APRIL 28, 1893.

PUBLISHER'S NOTICE. All communications sent to The Oregonist for publication must be accompanied by the author's name and not a non descript name.

BRIEF MENTION.

Probate court next Monday.

Commissioner's court Wednesday.

Wm. Gaddis, of Reuben, was in town Tuesday.

W. J. Deitz, of Rainier, was seen in town last Monday.

J. J. Brain, of Rainier, was in this place Wednesday.

J. G. and W. T. Watts, of Scappoose, were in town Tuesday.

John Campbell, of Vernonia, was seen on our streets Tuesday.

E. M. Potter, of Kalama, was visiting friends here Sunday last.

Lincoln Meserve, of Delena, was seen in town Monday morning.

Druggist Ross made a flying trip to Portland Monday afternoon.

C. F. Doan, of Rainier, paid a visit to the tax collector Wednesday.

When in Portland stop at the St. Charles hotel. Strictly first class.

It is reported that fish are running very slack at present, in the Columbia.

Note the change in the advertisement of J. M. Moyer & Co., Portland.

W. J. Rice was in Portland and Hillsboro during the week on business.

Orders for job work of all kinds executed at The Oregonist office at reasonable prices.

A. B. Little has been busy this week locating land west of Enterprise, for Portland parties.

There will be services at the church at this place next Sunday morning and evening at the usual hours.

The regular examination of teachers will be held at this place on May 10th. See announcement in another column.

The plat of Greenwood addition to the town of Scappoose, this county, was filed with the county clerk on the 25th.

In the bright moonlight Tuesday evening Mt. St. Helens showed off in magnificent style. It was a sight worth seeing.

Very satisfactory result are attending the efforts of the band boys, who are rehearsing diligently and making rapid progress.

A grand ball is announced to take place at Mayger, on Saturday night, May 6th. Good music and a splendid supper are guaranteed.

Wednesday's warm sunshine was a pusher on fruit blossoms. A few more pleasant days and the bloom and foliage will be quite complete.

W. J. Eastbrook, of this place, who is a delegate-at-large to the Trans-Mississippi Congress, has been elected assistant secretary of the congress.

Wm. Strachan wishes us to announce that he would consider it as a great favor if the parties who are making use of his tools and other property at his rock quarry would discontinue such actions.

J. H. Swager has a stock of men's new straw hats just received. Spring is here and in order to keep pace with the times it behooves you to step into Swager's and "spring" yourself for a straw hat.

Since the opening of work on the river a conservative estimate places the catch of salmon at 35,000 fish, giving about 600 cases to each of the canneries. This is a fair showing for the April run.

C. Bureau, of Manzanita, was a caller at this office Saturday. Mr. Bureau reports the business prospects of his locality picking up and predicts a comparatively lively season there this summer.

In mentioning the safe for the new bank last week, THE OREGONIST stated that the safe was purchased of J. H. Johnson. It should have been Henry C. Johnson, of The Peoples' Freighting Company, instead.

The safe for the bank at this place will not arrive till tomorrow, but it will be placed in position at once and the house will be ready for business the first of the week. The cash will be here Tuesday.

Two rare coins were received at the sheriff's office Tuesday. One is a \$10 gold piece of the coinage of 1850, valued at \$15, and another of the denomination of \$5, minted in 1834 and valued at \$10.

Taxes are coming in at a very satisfactory rate. Sheriff Massie reported for over \$1000 Tuesday, and it is thought that several thousand dollars more will be received before the list becomes delinquent.

In our writup of the bank building last week we unintentionally neglected to state that Mr. C. H. Newell was the designer and overseer of the construction of the building. The work bespeaks for his ability.

The Rainier Hotel, C. Y. Smith, proprietor, is conducted strictly first-class in every respect. Mr. Smith is a thorough hotel man and patrons of his house are assured of having their comforts promptly looked after.

The steamer Potter broke her rudder on the up trip last Monday at Mayger. The remainder of the trip to Portland was made by using the disconnected engines to steer the boat which was successfully done, the steamer arriving at her destination only a little later than usual. The necessary repairs are now being made in Portland and the Potter will be back on her route in a few days. In the meantime the Harvest Queen is carrying the mail to Astoria.

Once, if not on any other occasion, the adage that "if it rains on Easter Sunday it will rain for seven successive and consecutive Sundays," has proven false. Sunday last at this place was a real spring day, notwithstanding there were banks of clouds lurking here and there in almost every direction one might look, yet no rain fell here. The warm sunshine brought out many persons who had been confined to the house for so long and tedious a time, and the expressions of gratitude were many and striking.

Two subjects of the republic of France waged war on each other last Sunday morning and as a result they both appeared in Recorder Swager's court Monday evening. The proceedings were conducted in the French tongue, but were very interesting and amusing, that is, we suppose they were. One of the belligerents was assessed five dollars and costs.

There are several copies of last week's Misc remaining in this office which will be sent to the address of those mentioned by any of our subscribers or others who send in the names of any friends in the east. The paper contains a very accurate write-up of this county and will be the means of disposing of letter writing, greatly to the relief of many.

A sad accident occurred at Buxton, Washington county, Monday, by which an infant son of W. H. Stowell lost its life. Someone carelessly left the yard gate open and the little fellow who was scarcely two years old, made his way to a small stream which passes near the house, into which he tumbled and was drowned.

Work is being pushed rapidly on the new logging railroad on Fall creek. The plant formerly used at the Trullinger camp on the Wallaki, in Clatsop county, has been removed to the former stream, where lively logging operations will be carried on as soon as everything can be placed in readiness.

It requires almost constant watching to keep track of the atmospheric movements. Early Wednesday morning the wind was strong from the north. Later a south wind prevailed, and finally a squall struck us from the north, accompanied by a dust-lifting supply of precipitation.

The season of sunshine this week was of short duration, though very enjoyable while it lasted. It would seem that B. S. Pague and Jupiter Pluvius have conspired to keep us in mud and darkness all summer.

Superintendent Orchard, of the water works, is making rapid progress with the work of laying the mains, and will have connections made and be ready to supply water about the middle of next month.

Cashier Newell, of the Columbia Bank, is painting and decorating the new bank building in a highly artistic manner.

Work on the new city hall is progressing slowly and the building will not be completed before the middle of June.

C. H. D-mier recently purchased 40 acres of land adjoining his place on Sauvie's island, from Moore Bros.

Miss Annie Burns, of Hudson, is reported dangerously ill at East Portland.

The Exclusion Law.

District Attorney Carter, of California, has been very busy the past few days trying to get instructions for carrying out the provisions of the Geary exclusion law which takes effect next Saturday. The collector of customs at San Francisco has made elaborate preparations to round up and deport the Chinese of that city immediately after May 6, but it seems that the United States supreme court must first pass upon the constitutionality of the law, and the attorney-general has instructed the district attorney to suspend execution pending the hearing before the Supreme court which has been arranged to take place at once. The Chinese Six Companies have decided to violate the provisions of the act with a view to having indigent members of the Chinese colony returned to China free of charge.

Salmon Poisoning.

The first case of what is known as "salmon poisoning" was brought to the attention of the medical men of Astoria Tuesday afternoon. George Karnol was the victim, and it is probable that he will lose his right hand. This disease, to which the Cape Cod fishermen are subject, has an inexplicable origin. It is the poisoning of some member of the body and does not necessarily come from immediate contact with the fish. It appears as a felon and spreads quickly until the affected part shrinks away to the bone. The local doctors propose this year to attempt to explain the cause of its coming, and to find a means of avoiding it. This has never yet been successfully accomplished.

World's Fair Rates.

An arrangement has been arrived at among the representatives of the various transcontinental lines in regard to reduced rates to the Columbian Exposition. On and after May 1, round-trip tickets to Chicago will be sold for \$98 50, a reduction of \$11 50 from the present rates. Round-trip tickets to Omaha, Kansas City and St. Paul will be \$80, and to St. Louis \$92. The tickets will be good for the nine months, and will carry the usual lay-over privileges west of the Missouri river. It is the opinion of some of the ticket agents that a further reduction will be made, and that there is a liability of a regular smash before the fair is over.

Two Children Drowned.

From La Center, Wash., just opposite this place, comes the intelligence that G. A. Pierce, of Armby, lost two of his children by drowning in Cedar creek Monday forenoon. Their ages were three and five years. Both were girls. Mr. Pierce was working across the creek from home, and it is supposed the children attempted to cross the creek on a board, and lost their footing. Mr. Pierce found one child near the crossing, and the other was found about 200 yards below. They had been in the water about half an hour before they were missed.

A Twister in Oklahoma.

Oklahoma was visited by two cyclones accompanied by a terrific hail storm and waterspout Wednesday. Over 40 persons are known to be killed while as many more are fatally and dangerously injured. Ten persons were killed in one house, and so great was the force of the wind that whole villages were wiped entirely out of existence. After the twister had finished its work of destruction a heavy storm of rain and hail set in which added to the sufferings of the homeless victims.

Greatly Surprised.

My wife was confined to her bed for over two months with a very severe attack of rheumatism. We could get nothing that would afford her any relief, and as a last resort gave Chamberlain's Pain Balm a trial. To our great surprise she began to improve after the first application, and by using it regularly she was soon able to get up and attend to her household work. E. H. Johnson, of C. J. Knutson & Co., Kensington, Minn., 50 cent bottles for sale by Edwin Ross, druggist.

PARIS.

News scarce.

Planting will be very late this season.

Mrs. Robert Frey was called to Portland to attend her father, who is seriously ill at the hospital.

DELENA.

Mr. Oscar Wagner is still very low with typhoid fever, though there is slight improvement in his condition at this time.

There will be a special meeting of the voters of school district No. 32 on the 27th of this month, at 2 o'clock P. M., for the purpose of raising means to complete the school house. All people interested should attend as the house should by all means be completed before another term of school begins.

Quite a large congregation attended services at the hall Sunday.

A Good Thing for Coughs and Colds.

The more Chamberlain's Cough Remedy is used the better it is liked. We know of no other remedy that always gives satisfaction. It is good when your cough is cold. It is good when your cough is settled and your lungs are sore. It is good in any kind of a cough. We have sold twenty-five dozen bottles of it and every bottle has given satisfaction. Steadman & Friedman, druggists, Minnesota Lake, Minn. 50 cent bottles for sale by Edwin Ross, druggist.

A Cook Book Free.

"Table and Kitchen" is the title of a new cook book published by the Price Baking Powder Company, Chicago. Just at this time it will be sent free by mail to any person who writes a postal card mentioning "The Misc." This book has been tried by ourselves and is one of the very best of its kind. Besides containing over 400 recipes for all kinds of pastry and home cooking, there are many hints for the table and kitchen, showing how to set a table, how to enter the dining room, etc.; a hundred and one hints in every branch of the culinary art. Cookery of the very finest and richest as well as the most economical and home like, is provided for. Remember "Table and Kitchen" will be sent to any lady sending her address (name, town and state) plainly given. A copy in German or Scandinavian will be sent if desired. Postal card is as good as letter. Address Price Baking Powder Co., Chicago, Ill.

Teachers' Examination.

NOTICE IS HEREBY GIVEN THAT for the purpose of making an examination of all persons who may offer themselves as candidates for teachers of the schools of this county, the County School Superintendent thereof will hold a public examination at St. Helens, Oregon, commencing at 1 o'clock, p. m. the 10th day of May, 1893. T. J. CLEETON, County School Superintendent, Col. County. Dated this 27th day of April, 1893.

A Minister's Wife Much Pleased.

Elder S. S. Beaver, of McAllisterville, Juniata county, Pa., says his wife is subject to cramp in the stomach. Last summer she tried Chamberlain's Colic, Cholera and Diarrhoea Remedy for it, and was much pleased with the relief afforded. She has since used it whenever necessary and found that it never fails. For sale by Edwin Ross, druggist.

ONE DAY CURE

HATTEES

CITY BARBER SHOP

BATH HOUSE.

C. L. COLBURN, Proprietor.

Has Been Thoroughly Refitted and Rearranged.

Only Baths in the City.

ST. HELENS, OREGON.

ELECTRICITY IS LIFE.

To prove the above assertion, read the following cures of people who have passed through the throes of agony and now rejoice in health and happiness. Drs. Darrin have the skill to harness and drive the electric current to the secret ambush of disease and rous it root and branch. Certainly medicine alone can never reach and cure such almost incurable diseases as the following:

C. A. Vanderford, of North Yamhill, Or., deafness and ringing noises; cured. Charles B. McCracken, Dallas, consumption, catarrh and bronchitis; restored to health. John M. Simmons, Oakville, Wash., catarrh, bronchitis and nervous debility, restored. C. A. Vorce, Antioch, Cal., deafness 22 years; could scarcely hear anything; cured. Miss Rose Berry, sister of Mrs. Miller, postmistress at Hillsdale, Or., tumor in the mouth, removed. Stephen Wylie, Nasel, Pacific county, Wash., liver complaint and aggravated case of piles, cured. O. E. Knotts, Mulino, Clackamas county, Or., nervous debility and pimples on the face, cured. Miss Netta Rosenthal, 1605 Stockton street, San Francisco, weakness of the optic nerve and catarrh 10 years; cured.

The Drs. will treat the poor free—except medicines—from 9 to 10 a. m., daily, and those who are able to pay will receive medical treatment at \$5 a month for each disease, or in that proportion, as the cases may need, consultation and special diseases excepted. Consultation free. No cases taken if not deemed curable or improvable. Office hours, 10 to 5 daily, evening 7 to 8, Sunday 10 to 12. They treat all curable nervous, chronic, acute and private diseases, and make a specialty of all diseases of eye, ear, nose, throat, catarrh and deafness, loss of manhood, loss of desire or sexual power in man or woman. All peculiar female troubles, irregularities, etc. are confidentially and successfully treated. Most cases can receive home treatment after a visit to the doctor's office. Inquiries answered. Circulars and question blanks sent free. Drs. Darrin charge at the low rate of \$5 per month; or in that proportion as the case may require. This applies to each and every disease except surgical and special complicated cases. The doctors' fall in prices is not only a boon to the poor, but will be appreciated by thousands unable to pay.

Moses Price Cured of Rheumatism.

The many cases of rheumatism cured by Chamberlain's Pain Balm during the past few months have given the people great confidence in its curative properties, and have shown that there is one preparation that can be depended upon for that painful and annoying disease. Honaker Bros., of Ohio, say: "Mr. Moses Price, of this place, was troubled with rheumatism for a long time. Chamberlain's Pain Balm has cured him. He says that the Balm has no equal." For sale by Edwin Ross, druggist.
