A public meeting was held at Creswell, Lane county, Or., a few days ago to agitate the question of removing the county-seat from Engene to that place. It was argued that Eugene was only a temporary county-seat, and that land and money would be donated at Creswell for county building, and that the county property at Eugene could then be sold for sufficient money to pay off the debt of the county. It was charged that affairs were now in the hands of a corrupt and extravagent set of men, who used the public offices for private gain.

The State of Oregon has filed its au-wer to the cross bill of Multnomah ounty in the tax suit. The answer admits several unimportant charges, and asserts that the object of the equalization was to maintain a uniform assessment. The charge that assessment on mortgages in some of the counties is lower than that some of the counties is lower than that of Multnomah county, and other assertions to the same effect, are deffied. The answer also denies that mortgages were discriminated against in favor of other real estate in Multnomah county, and also that only 10 per cent was added to the assessment of mortgages in Coos, Linn and Washington counties; 25 per cent in Douglas, 30 per cent in Yamhil, and 7 per cent in Marion. The answer asks for the dismissal of the cross bill, and that the county be compelled to pay \$66,068.89 taxes to the State, which it has refused to do.

Washington State day at the Chicago Fair, which was to have been May 17, has been postponed until some time in June, owing to the unfinished condition of the State building. Commissioner Forsyth has presented a communication from wine growers of California. There have been charges that restaurantkeepers at the fair placed such high prices on California wines that no one will call for them, as they can obtain foreign wines at almost the same price. Californians assert that restaurants at the grounds will not place any wines upon their lists unless a bonus of \$2,000 to \$5,000 is paid them. Californians say this would exclude their wines, as they cannot afford to pay any such sums. They propose therefore to establish a cafe at the California building, in which all the wines of the California exhibitors will be listed. New York, Ohio and other domestic winemakers will be given a show on the same cards. The council of administration is asked to reduce the usual 25 per cent, turned in to them as their share of sales to 10 per cent, to enable wine to be sold at reduced prices.

duced prices. The World's Fair gates will be open to the public Sunday, and the vexed question is settled. At the regular monthly meeting of the local Directors of the World's Fair, it was decided to open the gates of Jackson Park to the public for half the sum of the admittance to the fair during the week, viz: 25 cents. This action has nothing to do with the opening of buildings. The latter will remain closed as required under the laws passed by Congress, and as agreed to when the \$2,500,000 was accepted from the Fifty-second Congress. The vote by which the resolution was adopted was twenty-seven to seven. Under the resolution Midway Plaisance is also thrown open. Edwin Walker, att rney for the board, submitted an opinion, and on the strength of the opinion the board acted. Briefly, Walker decided the exposition grounds altogether a distinct and seperate thing.
