

OREGON MIST.

PUBLISHED EVERY FRIDAY.

SIDE-HEAD PARAGRAPHS.

OUT TO NEHALEM.—Deputy Clerk Harris paid a visit to the Nehalem valley this week, and to his ranch, which is in the vicinity of Vernonia.

NEXT.—Mr. D. H. Pope, of Carico, exhibits oats which measure 6 feet 4 inches in height. The heads are 18 inches long with a stalk one-third of an inch in diameter.

ANNIVERSARY BALL.—As announced last week the second anniversary ball I. O. O. F. will be given in the opera house next Monday night. Tickets, including supper, \$1.25.

SOME IMPROVEMENTS.—Mr. W. H. Dolman is having a new floor put down in his store, and some other noticeable improvements made which will add to the general appearance of the interior.

NEW QUARTERS.—Pong, the laundryman, has relocated his laundry in one of the old houses in the south end of town, and is having an addition erected somewhat higher than the main building, for drying purposes.

ADDITIONAL STOCK.—N. A. Perry, the Houlton merchant, has purchased the stock of dry goods and groceries of J. H. Swager, and together with the fixtures, has moved them to his Houlton store, where the goods will be sent out in the usual trade channels.

STAMBOAT RACING.—Steamboating on the Columbia is quite exciting these days. The Potter and Telephone are nearly evenly matched in speed, and contest the right-of-way daily on the Astoria route, sometimes one and sometimes the other in the lead. The Thompson and Lurline are also speeding for supremacy every day. It is exciting for the passengers.

NATURAL TALENT.—Miss Frankie Way, who has been attending the Portland High School for the past year and a half, is now at home spending her vacation. Miss Way is now taking the Latin course and expects to devote about three years more to various studies at the High School, after which the young lady expects to take up vocal music for which she has natural talent.

GOVE CAMPING.—Dr. Edwin Ross and Mr. A. Davis left on Tuesday on a camping trip up Lewis river. It is said by others camping out just now, that the two gentlemen are Jonath, for as soon as they took their departure the clouds began to gather and the temperature raised until Wednesday it began to rain in dead earnest. They seem equal to the rain-makers of Texas.

GOOD CROPS.—Mr. R. Seary, after spending the winter in Gilliam county returned last Saturday. He says that throughout Eastern Oregon the crop yield will be enormous, far surpassing any wheat yield in that section in the history of the country. But here is where the trouble begins, and there is no market for the crop and consequently the country is a little better off for the abundant yield.

RAPID WORK.—The Oregon Railway Navigation Company's line from Portland east which was washed away along the Columbia river by the recent freshet is being repaired very rapidly and is expected to have the entire line ready for through trains by the first of August. For several days trains have been running on schedule time as far as The Dalles. The damage to the road is not nearly so bad as was at first supposed.

FEES IN ADVANCE.—Sheriff Doan has had placed in his hands several writs of attachment for service. Under the new law the fees for the work must be paid in advance by the complainant which was not done, hence the sheriff cannot serve the papers. The attorneys declare they will not put up the fees in advance and therefore no service can be had. The defendants are satisfied with this state of things.

SUNDAY SERVICES.—Presiding Elder M. C. Wire preached here last Sunday. At 10:30 a. m. and at 3 p. m. the services were held in the grove just back of town. The evening service was held in the church, and quite a goodly number were present. A considerable amount of enthusiasm was manifested and at the close of the services the pastor invited all those who had a desire to lead a better life to come forward as an evidence of such desire. The call was promptly responded to by nine persons.

TEMPERANCE LECTURE.—Mrs. Ida Urrub, of McMinnville, state lecturer for the W. C. T. U., delivered an address here Tuesday evening to a fair sized audience. During the course of her remarks the lady made some very loud statements, among them that out of nearly 400 men in the Oregon penitentiary only two were over the age of 35 years, and that the liquor traffic was either the direct or indirect cause of all the crimes for which they were punished. We are inclined to believe the lady has not visited the penitentiary lately, or else the governor has recently pardoned all the old men out except the two referred to, perhaps the latter.

NEW RECORD BOOKS.—The county clerk's office has been supplied with two new record books, one a blank record of United States patents, printed form, and the other a record of warranty deeds also printed in blank form. The former can be successfully used because all patents are made out in the same form, but there is a grave question as to whether a printed record for warranty deeds will be a success, as there are so many different forms of deeds used. And as the record must compare verbatim with the original, some interlineations must necessarily be made in order to use the printed blank record of deeds. What the state needs just now is a uniformity of blanks. Sheriff Doan has a sheriff's fee book which is also a new departure in the blank book line.

At the Cascade Locks.

A gentleman who was at Cascade Locks Saturday made a pretty thorough examination of the portage road and the locks. He tells The Dalles Chronicle that the road is not seriously damaged, and that \$1000 will put it in good repair. The lower incline, or a part of it, floated, but as it was in an eddy all the timbers and rails drifted back into the canal, and were not lost. The Day Brothers have repaired a portion of the road, so they are now running their cars as far down as the lower end of the lock. It is thought that the end of the incline at the boat landing is still in place. The damage to the locks has been greatly overrated. A short piece of the north guard wall has gone out, and some of the masonry near the mouth of the canal in the north side, was undermined and fell over into the canal. On the lower end, from the steps on the south wall to the lower breakwater, the rip-rap got water-soaked, and slid down. Major Post says that no more dry wall will be laid, and the rip-rap will be replaced by solid masonry. About fifty stone cutters are at work, and a large number of men are at work on the wall getting it ready to lay the coping. The work will be prosecuted vigorously, and every man that can be used will be put at work just as fast as the receding waters will permit.

Bold Attack of a Cougar. Quite a thrilling adventure took place up the Wynoochee last week. The heroine, Mrs. George Evers, was boating in the garden when a cougar made its appearance, coming towards her. She started to retreat, walking backwards. The cougar came close enough to spring upon her, and was not scared at her brandishing the hoe. When he was in striking distance she brought the hoe down on his nose. This act caused the animal to retreat, upon which she hastily entered the house and called for assistance. Frank Palmer, a neighbor, was near, and pursued the cougar, firing two shots at him. He followed him into the brush, and disturbed another cougar. One of them took refuge in an old root house near by, and a boy was sent after a rifle. A second attack was then made and Palmer succeeded in killing the cougar which had taken refuge in the house. He was about five feet in length, and was very poor, which probably accounted for his boldness.

Mr. Minto Will Be There. Hon. John H. Minto took the 11:17 train from Salem Sunday to Albany, says the Oregonian, where he expected to join the parties from Benton and Lincoln counties who expect to explore the Santiam region with a view to extending the Oregon Pacific railroad several miles, and continuing by wagon road to an Eastern Oregon connection. Mr. Minto first intended going on horseback to Mill City, but concluded that at the age of seventy-two years he ought to spare himself a little so as to be able to take to the woods with the rest of the crowd.

The Mississippi Warrants Case. WASHINGTON, July 24.—The alleged violation of the laws of the United States by the state of Mississippi, in issuing warrants bearing similitude to the United States money, was considered at the cabinet meeting. The matter was referred to Attorney-General Olney, with power to act. He directed the district attorney at St. Louis to commence proceedings against the national bank note firm that printed the warrants.

SALE CLOSED YESTERDAY.—The sheriff's sale of land for delinquent taxes closed yesterday. Hereafter the penalty of 20 per cent will be added. Since the 9th of June Sheriff Watts has collected \$5,593.28 of the delinquent taxes, and since the roll was turned over to him the total amount outstanding and unpaid has decreased about three-fourths. There are but very few residents of the county who have not paid. Judge Blanchard was on hand yesterday and bid in the remaining land for the county as required by law, and now the penalty on the remainder of the tax will go to the county instead of speculators so that the county is fully protected in the matter, and the property is subject to redemption now the same as if bid in by private parties—the penalty no less nor more—but the land is still held for the tax, cost and penalty. The amount collected is that much clear gain as the delinquent tax has not heretofore been collected.

DESTRUCTIVE FOREST FIRES.—Forest fires are raging over on the Washington side of the Lower Columbia, and indications are that vast amounts of timber are being destroyed. Over on Deep river a great cloud of smoke can be seen from the south side of the bay, and judging from its size, the whole country must be on fire. The hills from Fort Canby east, are veiled in a mist of smoke from the burning forests. Another smaller fire is raging just back of the Knappton mills.

THIRTEEN DAYS IN JAIL.—James Kentch was tried in Justice Hall's court at Clatskanie last Saturday, charged with larceny of \$2 from Mrs. Ramsey, and sentenced to pay a fine of \$25 and costs. In the absence of the wherewithal to pay the fine the defendant was brought to St. Helens by Marshal Haines and turned over to the sheriff to serve a thirteen day sentence in the county jail. Kentch claims he borrowed the money from Mrs. Ramsey and had no intention of stealing it. He also says he has been with the Coxey army for the last three months and has never been in jail before.

Religious services at the church at St. Helens Saturday evening at 8 o'clock, and Sunday morning at 10:30 o'clock, and evening at 7:45 o'clock; Sunday School at the close of the morning service. Song service for thirty minutes at evening service. Everybody invited.

Commissioner Appointed. President Cleveland has appointed John D. Kernan, of New York, and Nicholas E. Worthington, of Peoria, Ill., to act with the labor commissioner, Carroll D. Wright, to investigate the cause of the recent strike and who is responsible for the loss of property.

War Between China and Japan. War has been declared between the two powerful nations of the Orient, China and Japan. The latest reports are to the effect that fighting has already begun in different parts of Corea, principally participated in by Chinese. In the first conflict a Japanese cruiser sank a Chinese transport, causing the death of many persons. Open hostilities have been going on throughout the two countries for several days, and from present indications nothing can prevent a bloody conflict between the two nations, which is the outgrowth of the Korean dispute.

PERSONAL.

"Make hay while the sun shines." J. D. Wharton was in town Tuesday last. You can always get a good cigar at Ross' drug store. Mrs. Kenoy, of Nehalem valley, was in town Monday. I. S. Bumgardner, of Deer Island, was a caller Tuesday.

The wettest rain of the season fell Wednesday, so those say who forgot their umbrellas. Judge Blanchard, of Rainier, was at the county seat attending to official business yesterday.

Deputy Sheriff Blakesley was down in the Marshland neighborhood Tuesday, serving some papers. Mrs. J. G. Muckle attended the Chautauqua Assembly at Gladstone, Clatskanie county, Wednesday last.

The Oregon City Enterprise, with its usual enterprise, issued a daily during the Chautauqua Assembly at Gladstone this week. William Fluhrer, of Mist, made final proof on his homestead Wednesday, with Fred Gates and William McDonald as witnesses. Mrs. M. Richardson, of Portland, was in St. Helens Wednesday on her way home from Astoria where she had been visiting her daughter.

Professor John P. Hawes, of Astoria, was a caller Tuesday. Professor Hawes, besides being an affable gentleman is one of the most successful educators in the state. Martin Manning, of Washington county, was in town Saturday. He had been out in the Nehalem valley taking observations, in company with Railroad Commissioner S. B. Rose.

Dr. McLaren, of Rainier, was in the city Wednesday and took out his first papers to become a citizen. The only thing to be regretted is that we are not receiving many more such citizens. Mr. W. B. Dillard is rusticating at the seaside, mingling with the clans, somewhere between the Straits of Fuca and the Golden Gate. Wherever he is it is safe to predict the time passes pleasantly. Mrs. E. A. Willis came down from Hillsboro Friday to visit her daughter, Mrs. J. R. Beagle. She was accompanied by Miss May Willis. The former returned home Monday, while the latter will remain here some time.

DELENA. Farmers in this vicinity are making rapid progress putting up their hay, as the weather has been most excellent for that purpose. The Lost creek school is progressing nicely under the management of Miss Ida Morgan. W. N. Meserve, county surveyor, went to St. Helens the first of the week to survey out a county road near there. Syverson Bros. have their log chute completed, and with a little more work on the road they will be ready to commence hauling logs. J. W. Turner has purchased a tract of land near Maygers, and expects to move his family there in the near future. Miss Fannie Meserve finished her school in the Tryon district last Friday, and on Monday opened school in this district, with a large enrollment. Miss Gilliam, of Clatskanie, has been engaged to teach the Morris school this fall. A very pleasant excursion and picnic to Beaver Falls was enjoyed by some of our young folks last Sunday, and all report a pleasant time. Miss Estella Hoasapple, who has been attending school at Portland, is spending her vacation at home.

DEER ISLAND. The farmers need rain. Ole Olsson is still very sick. Mr. Galvin has returned to Portland. Blackberries are very scarce this summer. Two of Ben Emyert's sons are down the river fishing. Edwin Merrill has a fine field of wheat about ready to harvest. This high water has done lots of damage to almost everyone. The water is getting off the meadows and they are beginning to look green again. The Cataract boys have purchased themselves a team of horses and are hauling out their wood. Mrs. Annie Nichols, of Portland, has been visiting her sister, Mrs. Mattie English, but has returned home again. The parties who took the contract to fill Merrill's Lake are now at work and will soon have the fill completed. It will be a great benefit to the neighborhood as the old bridge has been very dangerous for a long time.

MAYGER.

Harry Henderson went to Portland this week. Forest fires are raging near here again this year, and we are anxiously waiting for rain that will thoroughly drench things. There was a pleasant social dance at the house of Harry Hoffman Saturday night last. All had a good time who were there. Mrs. J. G. Watt's of Scappoose, is here on a visit to her parents, Mr. and Mrs. Ewing. She will return home the first of the week.

The combination of Harry Coleman's is already out on a tour. Harry says if the old man Coleman holds out he can make all the money he wants. The bear can't be beat on the wrestle or drink-laws and find his wife. His organ man, Jimmie Coakly, and the show would make a dog laugh.

James Kinch returned one night last week and went to the house where he formerly lived and which is now occupied by Walter Black. Kinch began to yell loudly for admittance and Walter let him yell until he was hoarse and then he told him to go. Kinch is the man who took Mrs. Ramsey's money and skipped out a few weeks ago, and there has been a warrant for his arrest ever since. As soon as Judge Henderson found out Kinch was back he had him placed in the Clatskanie jail to await trial, and it is to be hoped that he will go up for some time.

Death of a Pioneer. Jesse Bacon died at his home in Gilliam county, Oregon, on July 18, 1894. The subject of this sketch was born in Vermont in 1812, and was married to Louvina Scott in 1840. The fruits of their union were four children. Mr. Bacon moved to Oregon in 1852; was a faithful member of the Evangelical church, and was loved and respected by all who had the pleasure of his acquaintance. G. M. STROUT.

Summer Complaint. Last fall I was taken with a kind of summer complaint, accompanied with a wonderful diarrhoea. Soon after, my wife's sister, who lives with us, was taken in the same way. We used almost everything without benefit. Then I said, let us try Chamberlain's Colic, Cholera and Diarrhoea Remedy, which we did, and that cured us for what it is recommended to do. John Hartler, Bethel, Berke Co., Pa. 25 and 50 cent bottles for sale by Edwin Ross.

PERIS NEWS. The vegetable crop needs rain badly. A number of people from Peris attended the hop at Mainville Saturday night, and had a good time. The farmers are done haying. Miss Dell Caples closed a three months term of school at this place last Friday. Blackberries are scarce. We think the crop was killed by the late frosts.

AWARDED Highest Honors—World's Fair. DR. PRICE'S CREAM BAKING POWDER MOST PERFECT MADE.

It saves the Children. My little boy was very bad off for two months with diarrhoea. We used various medicines, also called in two doctors, but nothing done him any good until I used Chamberlain's Colic, Cholera and Diarrhoea Remedy, which gave immediate relief and soon cured him. I consider it the best medicine made and can conscientiously recommend it to all who need a diarrhoea or colic medicine. J. E. Hare, Trenton, Tex. 25 and 50 cent bottles for sale by Edwin Ross.
