

OREGON MIST.

PUBLISHED EVERY FRIDAY.

NUMEROUS SANDBARS.—The recent high water changed the channel in many places along the river and built up sand bars where none had heretofore existed. These changes cause great inconvenience to steamboats and will continue to do so until another survey of the channel is made.

ANOTHER ARREST.—Ed Lamberson was arrested by Constable Fowler at Seaside, on a warrant sworn out by Mrs. Saline, charged with having killed and sold calves belonging to complainant. Lamberson was placed under bonds to appear for trial in Justice Brown's court next Monday.

PLenty of Berries.—C. H. Newell and Mr. Palmer went out to Bunker Hill last Friday in search of berries. They returned Monday and brought with them a good supply of blackberries. They also report a good many people in that locality, and in order to get the best fruit it is necessary to go some distance from the road.

THE GRAIN FLEET.—The Oregon grain fleet has begun to arrive at the Columbia river. Several ships of large tonnage have arrived in Portland already, and from this time on it will be no uncommon thing to see from one to four or five ships passing up the river most any day. The wheat crop will be larger this year than for some time, but the demand is not so large, and the Oriental war seems to be our only salvation.

VETERANS RE-UNION.—A reunion of the old soldiers of Oregon, including those of the late civil, Indian and Mexican wars, was held at Forest Grove last week. Captain A. Henderson, of Houlton, was present and reports having had a rousing time, and declares he had a pleasant trip, meeting many old comrades and friends of his younger days. He says there were thousands of people and the exercises were first-class as was also the address of General Thorp.

BAIN'S BODY EXHUMED.—The body of John H. Bain, the reputed thief and desperado, who was shot by a posse of peace officers near his cabin, near Bonser's landing, about ten days ago, and subsequently buried near the spot by Coroner Cornelius, was exhumed by Undertaker Finley, Tuesday, and brought to this city in a metallic casket. Today the friends of the deceased have made arrangements for the interment of the remains at River-view cemetery, with funeral ceremonies—Oregonian, Wednesday.

BAIN WAS NOT A CONVICT.—Among the reports published about John Bain, recently shot and killed by a constable's posse on Scappoose mountain, was one to the effect that he was an ex-convict. Now it is pronounced incorrect by several Portland men who know the deceased's career. One of them is Mr. C. F. Hoag, who states that Bain never spent a day in any penal institution. About 12 years ago he was tried at Astoria for killing a man with a hatchet, but the verdict was justifiable homicide, as the evidence showed that he acted purely in self-defense—Oregonian, Monday.

CRIMINAL ASSAULT.—Last Friday one Sibiski, living in the Poland settlement, came into town and stated that one Glineski had found Mrs. Sibiski in a berry patch, and struck her several blows with a club, finally knocking her down, after which he began choking her until two other women near by interfered. Sibiski went to Reuben and swore out a warrant for Glineski's arrest, which was served Saturday. He was taken before Justice Brown, and placed under bonds to appear tomorrow for trial. There seems to have been an old grievance about land which prompted the assault.

JUSTICE BROWN'S COURT.—Matthew Truckenits and Henry Potter, who were arrested last week at Scappoose by Constable Fowler on a warrant charging them with larceny, had their preliminary hearing before Justice Brown, at Reuben last Friday. The accused were supposed to be accessories of John Bain who was shot at Scappoose a few days ago while resisting the officers. Truckenits was acquitted but Potter was held to await the action of the grand jury with bonds fixed at \$250. Potter admitted he had taken articles that did not belong to him and offered to pay for them when brought into court. From what can be learned there was no positive evidence against Truckenits.

NEW ROAD PROPOSITION.—A movement is on foot in the Vernonia settlement looking to better roads. The object now is to build a main line from Vernonia across the mountains to some point at or between St. Helens and Scappoose. At a meeting held at Vernonia some time ago a plan was discussed like this: Lay three logs about two or three feet in diameter far enough apart lengthwise of the proposed road to admit the wheels of a wagon between the two outer logs, then split timber about the same size in halves and place them between the round logs, flat side up, leaving a smooth surface for the wheels of wagons to roll on, the team to walk on either side of the center log which, like the two outer logs, will have a round surface. This road would necessarily have to have an easy grade and consequently will need a good one.

The plan constructed on this plan would not cost a great deal of actual cash as the timber is unlimited and labor along the proposed route is abundant. Besides, such a highway would last for years. A second meeting has been called to meet at Vernonia tomorrow at 1 o'clock, at which time some more definite action will probably be taken. It is a matter that everybody should be interested in, and not only the people along the proposed route but the merchants and other business men as well. A public improvement benefits all classes of people, and more especially is well for the citizens of this locality to hold a meeting to consider the same proposition and work in unison with Vernonia.

W. H. Powell returned from Clackamas county, Wednesday, where he had been attending the Chautauque Assembly and the teachers' institute.

CROP AND WEATHER BULLETIN

For the Week Ending Monday, August 8, 1894.

WEATHER.—The weather was decidedly warm during the most of the week in the interior. In the coast counties the weather continued cool. The temperature averaged three degrees cooler than the normal in the coast sections, where also some light showers occurred at the end of the week. In the interior no precipitation occurred and the temperature was normal. There was an average of sunshine.

CROPS. The harvest of fall-sown grain is practically completed in the Willamette valley and in the southern counties, but continues in the coast counties. Some crops have been cut. The weather was most favorable for harvest, being decidedly warm. The warm weather, while favorable for harvest and maturing grain, gave a check to the growth of vegetables, with the exception of the potato crop which still continues to look well, giving promise of excellent yields. Threshing has commenced in some sections; more has been done in Lane county than in other sections. Threshing will become general about the latter part of the present week. Some spring grain has been cut. The crop of spring grain is generally considered superior to last year's crop, while the speculation as to the yield and quality of fall-sown grain continues unabated with much difference of opinion. Some contend that the grain has shriveled, while others say that there is no noticeable damage. From the grain already threshed the yield is very satisfactory. Hops are making good progress and a large yield is now assured. In Polk county many hop bines have been observed. All crops are making fair progress and the product will be abundant.

KNIGHTS OF PYTHIAS.—A petition having been previously circulated and signed by a large number of the leading business men of this community for the purpose of instituting a Knights of Pythias lodge in St. Helens, a steambot load of Portland Knights including the grand lodge officers came down Wednesday night and instituted Avon Lodge No. 62, Knights of Pythias. There were a number from Rainier, Kalama and other places near by, indeed there were visitors from thirteen different lodges. With the party from Portland came a number of ladies. The steamer arrived at 8:30 from Portland bearing a party of forty-eight and immediately the work of initiation began and continued until twenty-five members were admitted and the officers for the current term installed. Along toward the middle of the night supper which had been prepared at the St. Helens hotel, was served, and we might say here that Mrs. George received many compliments upon the splendid supper gotten up. The ladies who accompanied the visitors were entertained at the residence of Mr. and Mrs. James Muckle. It was 4 a. m. before the lodge was duly organized and G. F. McConnell, grand K. of B. and S., announced Avon lodge No. 62 duly instituted, and the party started for home. The new lodge for the present will meet on Wednesday, and its officers are: J. R. Beagle, P. G.; H. R. Cliff, C. C.; David Davis, V. C.; Edwin Ross, Prelate; W. H. St. Clair, M. of W.; E. E. Quick, M. E.; W. A. Harris, M. F.; S. C. Davis, K. of B. and S.; Frank Clear, M. A.; P. A. Frazer, I. G.; Frank Dow, O. G. The next lodge starts out under most favorable circumstances with an splendid roster to begin with. It is expected the grand chancellor will visit this lodge in about two weeks.

PERSONAL.

Tom Muckle was in the metropolis Wednesday.

Mrs. A. Davis visited Portland during the week.

Mrs. W. I. Sweetland is visiting her mother at Grant's Pass.

N. A. Perry and wife, of Houlton, were in Portland Wednesday.

County Clerk Weed was over in the Nebalem the first of the week.

Chas. Meeker, well known here, was in town Tuesday and Wednesday.

Superintendent Watts has been in town since Wednesday holding a teachers' examination.

Hon. T. J. Cleston was in town this week assisting in the teachers' examination. He has been spending several weeks at Yaquina.

Mrs. and Mrs. Lee M. Shellberger, of Portland, were in St. Helens yesterday the guest of Mr. and Mrs. J. R. Beagle.

Edgar and Mrs. Keithly and Miss J. V. Groves, of Portland, were the guests of Mr. and Mrs. James Muckle this week.

Lost—On Wednesday evening one pair of ladies white kid gloves with large dark buttons. Finder will please have same at this office.

Mrs. Charles McIntosh, of Wisconsin, is visiting her sister, Mrs. S. S. Way, of this place. She expects to remain here about a month.

W. H. Powell returned from Clackamas county, Wednesday, where he had been attending the Chautauque Assembly and the teachers' institute.

Over 400,000 pounds of wool have been sold at Heppner during the past week at prices running from 6 1/2 to 8 cents.

FIVE RACERS.—There was a very pretty race Sunday night up the river from Astoria, between five steamboats. They left Astoria in a bunch, the Lurline leading, with the Ocean Wave second, the Telephone third, the Sarah Dixon fourth, and the Potter trailing the Dixon, two miles behind the Lurline. Every boat was crowded to its fullest speed, the Potter reaching Portland first, the Lurline second, Telephone third, Ocean Wave fourth and Sarah Dixon fifth. The race created great excitement among the passengers, and reminded one of the palmy days of steambotting on the Mississippi between St. Louis and New Orleans.

WANTED—COUNTY WARRANTS!

I will pay the highest cash price for Columbia county warrants.

Send me an order for your county warrant, and receive the cash for it by return mail.

S. O. DAVIS,

CLATSKANIE, OREGON.

CLATSKANIE.

Miss Cora McIlure started this week to spend some time in Olympia, Wash.

R. C. Fritz came in on the steamer Monday evening, and began a general handshaking. Fritz goes away sometimes, but comes back as often as he goes.

F. C. Barnes and family, of Portland, with some other friends, came down last Wednesday to spend some time with Mrs. Barnes' brother, J. M. Payne. Miss Millie Boyle came over from Miss Friday evening, and spent a couple of days in town, returning in time to take up school Monday morning at the usual hour.

Miss Maud Bryant, having finished her term of school at Deep Creek, returned home last Friday evening. She has just completed her first term of school very successfully.

Capt. Bureau expects to discard water as a motive power for his mill, and has been getting an engine and boiler. This, of course, will be water, too, but it will be boiling water instead of cold that will make the wheels go round.

The Saldern camp is getting out some good logs of more than ordinary lengths, recently. Some were put in last week measuring 110 feet in length, each, while others range in various lengths, as ordered. The camp is working quite successfully at present.

Miss Cora Bryant went out on horseback one day last week for blackberries, and not returning by supper time, her friends got somewhat uneasy, fearing something had happened. She relieved their fears, however, by coming back a little after dark, safe and well.

It is a source of comfort to know that there is an increasing demand for manufactured lumber. A gentleman was in town Monday, who wanted some two million feet of rough lumber, for street improvements, and others have been around to see what facilities we have for manufacturing.

A two-horse carriage driving into town last Sabbath with a party destined for church, made some of the older folks think of the old times "in the states," when the village church used to be surrounded by horses and carriages, and the worshippers used to have a friendly chat as they gathered in little groups before and after services. Now, since we have the village church let us have the horses and carriages.

A party from here were down at Wallace island last Wednesday to see the fishing going on there. They were surprised to see how much additional land had covered the island that had been left there by the recent high water, but they watched the net coming in with a great deal of interest. Part of the crowd hailed the steamer Shaver and boarded her for the return trip while others returned in a small boat.

A party of Young ladies from Marshall came to our town last week to take an outing of a few days, camping somewhere in this vicinity. They found a vacant cabin out near the summit, and took possession of it, under the protection of B. G. Davey, who accompanied the party as chaperon and general manager. Returning Monday, they reported having had a splendid time. They found blackberries around them and spent part of their time gathering and canning them. H. L. Warren, who took supplies out to them, reports that their appetites increased amazingly during the few days they were out.

MAYGER.

The Mayger Company will begin the erection of their new store building this week, with A. Croaker as first mechanic.

Wm. Blackford has the contract for hauling the lumber to be used in the construction of Mayger's new store building, from Measerv's mill at Delena.

Mrs. Price and daughter, of Portland, spent last week with Mrs. Croaker, at this place.

Miss Fannie Meerve was a passenger up to the county seat from this place last Saturday.

Salmon are being caught here by the ton, but the season will soon end.

Mrs. M. Davidson has put up 150 quarts of wild blackberries this year.

John Tesnhart took a trip to the coast for his health, last week.

One day last week while the Green Creek Lumber Co. was chuting logs into the river, one large log jumped out of the chute and crashed through the warehouse, almost demolishing it.

Broke Jail at Oregon City.

ORANGE CITY, Aug. 5.—At 3 o'clock this afternoon three prisoners broke out of the county jail here by climbing up on the steel cells and making a hole through the ceiling into the recorder's office. They are Green and Edwards, in for assault, and Al Names, in for larceny. They were awaiting the action of the grand jury. Three other prisoners refused to climb out. About a year ago two prisoners escaped through the same hole.

TREASURER'S NOTICE.

COUNTY TREASURER'S OFFICE,
ST. HELENS, OR., July 27, 1894.

Notice is hereby given that all unpaid County Warrants of said county which have been presented and endorsed "Not paid for Want of Funds," up to July 27, 1894, will be paid upon presentation at this office. Interest will not be allowed after date of this notice. E. A. WALKTON,
Treasurer of Columbia County, Oregon.

CLEVELAND AND RUSSELL.

Two Powerful Trusts Working Under the President's Protection.

Chicago News, (Ind. Dem.)

The president has assumed a very significant attitude toward the bill, and his friends among the tariff reformers in congress are wondering what it means. He seems anxious that the sugar schedule should not be interfered with, and that coal should go on the free list. This bears out the theory that has prevailed so long that the sugar schedule, as prepared by Mr. Callie, was the result of a bargain made with the trust during the last campaign, and that the president will not stand in the way of its fulfillment. His anxiety to see coal on the free list is not unusual, for Secretary Lamont, ex-Secretary Whitney, and his intimate friend, John E. Russell, democratic candidate for governor of Massachusetts, last fall, are the principal owners of the Nova Scotia mines, which would be able to dump their produce into New England at profitable prices were it not for the duty on coal.

Those mines were purchased by Whitney, Lamont & Co., through Mr. Charles E. Bell, a banker of this city, who, by the way, is a brother of the inventor of the telephone, and, like him, a son-in-law of Gardiner E. Hubbard. Bell got them an option on the property until after the election in November, 1892, and when it was found that the house had seventy or eighty democratic majority, they regarded it as absolutely certain that coal would go on the free list, and bought the mines.

Mr. Russell is here looking after the interests of the company before the conference committee, and goes over to the White house to smoke a cigar with the president whenever an opportunity presents itself. But he has very little hope of winning his fight, for Mr. Gorman, Mr. Gibson, and Mr. Camden own coal fields in West Virginia, Mr. Bruce has large mines in Tennessee, and a large number of other senators are equally well interested. They have votes and he has not.

GENERAL NEWS.

The sternwheel steamer Columbia was burned on the Upper Columbia last week, just above the Canadian line. No lives were reported lost.

The Salem Democrat has suspended publication for the lack of support. The proprietors say they will hereafter confine their efforts to job printing instead of the dear people.

Heading is in full blast throughout Morrow and Gilliam counties. The yield of grain is immense, and the quality cannot be excelled. Threshing will begin right away if the sacks arrive in time.

That wool is a great factor in the resources of Oregon is fully shown by the fact that this year's clip is estimated at about 18,000,000 pounds, which, at a low price, six cents, is of the value of \$1,080,000.

Castle Thieves Shot.

DATTON, Wash., Aug. 5.—Billy Loyd, Bud Pettijohn and Chas. Taylor, cattle thieves, were arrested on the Alpowai last night. Loyd and Pettijohn were shot. Pettijohn, perhaps, fatally. John E. Church, buyer for Carsten Brothers, the BATTLE BUTCHERS, has not been seen since Friday, and it is feared he has been killed by the rustlers.

SUMMONS.

IN THE CIRCUIT COURT OF THE STATE OF OREGON, FOR THE COUNTY OF COLUMBIA:
MARTHA E. McLOUGHLIN, Plaintiff, vs. JOHN B. ORTEL, MARY AMANDA ORTEL, and EDWARD E. PARSONS, Defendants:
To Mary Amanda Ortel and John B. Ortel, two of the above-named defendants:
In the case of the State of Oregon vs. You are hereby notified and required to appear and answer the complaint filed in said court on the 16th day of May, 1894, against the above-named defendants in the foregoing title, on or before the first day of the next term of said court, next following the expiration of six weeks from the first publication of this summons, to-wit: By the Tuesday after the second Monday in October, 1894, being the 9th day of said month of October, and that if you fail to so appear and answer, the plaintiff will, for want thereof, apply to the Court for the relief demanded in said complaint, to-wit: For judgment against you and each of you, for the sum of \$200, with interest thereon from the 13th day of November, 1893, at ten per cent per annum, and for the further sum of \$50 as attorney's fees, and for his costs and disbursements in said suit, and for a decree of foreclosure of the mortgage in said complaint described, given by you, on the following-described real property, to-wit: The northwest 1/4 of section 12, township 5, north range 3 west of the Willamette meridian, Columbia county, Oregon, to secure said amount, and for an order of sale of said premises to satisfy said judgment, and for such further relief as to the court may seem right and just.

This summons is served by the publication thereof for six successive weeks, by the order of Hon. Thos. A. McBride, judge of said circuit court, made and dated May 16th, 1894.

All About Hops.

SALEM, Aug. 4.—About forty hopgrowers, representing about 1000 acres, met yesterday and decided not to pay more than 40 cents a box for picking this season's crop.

At this meeting was the first public announcement of the fact that the state fair management has provided two large premiums for the best exhibit of hops, with no bale and the best stand of hops, with no entrance fee. There will be a special hop day, and some prominent hopman to deliver an address. The announcement aroused great interest.

My boy was taken with a disease resembling bloody flux. The first thing I thought of was Chamberlain's Colic, Cholera, and Diarrhoea Remedy. Two doses of it settled the matter and cured him sound and well. I heartily recommend this remedy to all persons suffering with a like complaint. I will answer any inquiry regarding it when stamp is enclosed. I refer to any county official as to its reliability. Wm. Rosch, J. P., Primaroy, Campbell county, Tenn. For sale by Dr. Edwin Ross.

The Light Ship to be Brought In.

The United States lighthouse tender Manzanita is in Portland taking aboard the annual supplies for Destruction Island and other points in the district. The Columbine is at present undergoing a thorough overhauling, the boilers being in need of cleaning, and repairs of a similar character. It is expected that the work will take about ten days in all before it is complete, owing to the difficulty experienced by the men in working between the boilers, which are situated closely together. The lightship is also in need of an overhauling, and will be brought into the harbor at Astoria, soon in order to be cleaned, the bottom having become foul from being in salt water so long.

Kenneth Basmore had the good fortune to receive a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy when three members of his family were sick with dysentery. This one small bottle cured them all, and he had some left which he gave to Geo. W. Baker, a prominent merchant of the place, Lewiston, N. C., and it cured him of the same complaint. When troubled with dysentery, cholera, colic or cholera morbus, give this remedy a trial and you will be more than pleased with the result. The price that naturally follows its introduction and use has made it very popular. Twenty-five and fifty cent bottles for sale by Dr. Edwin Ross.

Teachers' Examination.

Teachers' quarterly examination has been in session this week under the charge of Superintendent Watts. Those attending are:

Miss Elsie Orday, Miss May Willie, Miss Fannie Meserve, Miss Hollis Shatto, J. E. Kirkwood, Wm. Daggett and Ralph Rodgers. W. A. Wood and W. L. Eyer were also present as applicants for state diplomas.

"I know an old soldier who had chronic diarrhoea of long standing, to have been permanently cured by taking Chamberlain's Colic, Cholera, and Diarrhoea Remedy," says Edward Shumpik, a prominent druggist, of Minneapolis, Minn. "I have sold the remedy in this city for over seven years and consider it superior to any other medicine now on the market, for bowel complaint." Twenty-five and fifty cent bottles of this remedy for sale by Dr. Edwin Ross.
