

OREGON MIST

PUBLISHED EVERY FRIDAY.

SIDE-HEAD PARAGRAPHS.

MARRIED.—At the Oriental hotel, in this city, on Wednesday evening, Jan. 20, 1895, Mr. S. A. Washburn and Mrs. Sadie Kyeer, Rev. Wilson, officiating.

ON TWO COMMITTEES.—Representative Cleston is chairman of the committee on internal improvements and a member of the educational committee. These are two very good committees, and Mr. Cleston may be able to do some good work in these respective lines.

BIRTHDAY PARTY.—Last Tuesday evening Miss Maud Decker gave a birthday party to a number of her young friends. The evening was very pleasantly spent, so we are told, by those present, in games and other features of amusement. It was the young lady's 16th birthday.

NOT GUILTY.—Fred Weatherwax, of Rainier, who was tried in the justice court here Friday on a charge of grand larceny which grew out of the net-stealing case, was acquitted. Just when this fish net business will end is hard to say. One thing is certain it is coming pretty thick these days.

SUIT TO RECOVER.—R. H. King has been sued in Justice Swager's court by John Weatherwax, of Rainier, to recover back the sum of \$125 alleged to have been paid King to forego the prosecution of young Fred Weatherwax on a charge of grand larceny. The complaint also asks \$50 damages. The case will be tried tomorrow.

HELD TO ANSWER.—R. H. King, of Rainier, who was arrested on a warrant sworn out by William Lee, charging him with compounding a felony had his trial before Justice Swager last Saturday. After the examination of a number of witnesses in a long-drawn out trial, King was held in the sum of \$300 to await the action of the grand jury.

OVER THE ICE.—During the past week the ice back of town on the lakes has been sufficiently strong for skating but very rough, owing to the snow which fell some time ago. Sunday a large crowd spent the greater part of the day on the lakes, and, while the ice was not smooth, the skaters seemed to make the best of a bad condition and enjoyed themselves very much.

COULD NOT GIVE BONDS.—The populists elected the county treasurer in Pierce and King counties in Washington, but neither could furnish the statutory bonds, so the court was obliged to appoint men who were considered responsible. This is no new thing, however, but rather of frequent occurrence in this day of many political parties.

SHERIFF'S SALE.—Sheriff Doan sold at public auction at the court house last Saturday the Maynard farm on Nehalem upon execution to satisfy a judgment held by Mrs. Robert McMath, in the sum of \$500, with interest and costs added. The judgment creditor bid in the property for \$500, the exact amount of the judgment and took judgment against the debtor for the interest and costs.

HUNGRY APPLICANTS.—The populist sheriff, Williams, was inaugurated Monday at Sorague, Wash., but was so besieged by applicants for deputyships that he entered into an agreement with J. B. Gray, the outgoing republican county clerk, whereby Gray would take the office, run it, keep \$110 of monthly salary and turn over the remaining \$40 to Williams. The populists held an indignation meeting, sent for Williams and prevailed on him to resign. Gray, who had entered upon the discharge of his duties, vacated the office. The county commissioners appointed Sam Derackin to fill the place.

A MATTER OF RECORD.—Mr. William Lee takes THE MIST to task for its statement last week that Albert Matthews, who was placed in his official custody escaped. Mr. Lee avers that Matthews was never placed in his official custody and that this still remains to be proven. However, THE MIST has no authority only the court record, which says that Lee is charged with allowing Matthews to escape, and the court held him on that charge. It is our desire to give only the facts in the case and it is not our business as to whether or not Mr. Lee is guilty as charged. We only quote the court record, without intent to do anyone an injustice.

FIREMEN'S GRAND BALL.—This (Friday) evening the firemen's ball will take place in the opera house. The proceeds will be used for the purpose of purchasing uniforms for the members of the fire company. Local pride should prompt every man in St. Helens to purchase a ticket and thereby assist the boys in their commendable effort to improve and more thoroughly equip the fire department of the city. To those who are fond of such sport we will say that the occasion promises to be all that the heart of the pleasure seeker could desire, and their presence will aid in promoting a good cause. It is not a money-making scheme only in the way of the public good, in which cause all are equally interested.

CHATTEL MORTGAGE SALE.—The goods and chattels of W. A. Meeker, consisting of the furniture and bar fixtures in the Banquet saloon, together with household furniture, were sold at sheriff's sale last Saturday. There was a judgment against the property for \$700 held by VanSchuyver & Company of Portland, and the total receipts of the sale amounted to only \$375, including a number of the larger articles, such as billiard and pool tables, cash register, etc., which were bid in by Mr. Dillard, the plaintiff's attorney. The purchase price of the goods and chattels when new would have aggregated probably \$1500, but all of the articles were more or less damaged, and being a class of goods only adapted to the saloon business they were hard to realize on.

MURPHY MADE A MISTAKE.—United States Attorney Murphy has, since he assumed office, prosecuted many persons for violations of the postal laws, says the Oregonian. He never contemplated violating any of the postal regulations himself, but at last he has done so, unwittingly, and now that he knows how easy it is to do such things he may have a fellow-feeling for others who make such mistakes. A gentleman inclosed a postal card to Mr. Murphy, asking him to visit thereon the address of the prosecuting attorney of Alaska. Mr. Murphy did this, and mailed the card. The next day it was back on his desk, stamped, "Field for Postage." No one around the office could understand what was the matter with the card, or why it had not been forwarded, and every one who came in tried to solve the conundrum, but in vain. At length Assistant Attorney Schnabel discovered that the card was a fraction narrower than the regulation size, and it was found that the party who had enclosed it to Mr. Murphy had cut a strip off one edge to make it go into the envelope. Uncle Sam allows no tampering with postal cards, and if they are changed in size or shape they can't be sent through the mails without postage being paid on them. Of all the people who looked at the card not one knew this, and the fact may be made a note of by all who read this, and perhaps save some one trouble.

THE SURVEY MADE.—The survey for the proposed plank walk from Houlton to St. Helens was made last Tuesday, and it was discovered that the distance of the proposed route will be one mile and an eighth. The grade is said to be comparatively an easy one, there being no hills or canyons of any consequence to cross. Another public meeting will be held next Monday night at which time arrangements will be completed for the commencement of work, and at no distant day the people of the two towns will be promenading on a substantial plank walk instead of in the mud as is the case at present.

A BIG CONTRACT.—The Sarah Dixon is now engaged in a contract of transporting lumber from Astoria to Portland. She has a contract to transport 900,000 feet of lumber to the latter city for which she receives \$2.25 per thousand. The steamer carries about 25,000 feet each trip, so that to complete the contract will take some time. Indeed, the Dixon seems to be a favorite on the Astoria route, and has been well patronized from the beginning.

Mrs. Dow SERIOUSLY ILL.—While on her way to Portland last Sunday the steamer young America was hailed at Frank Dow's place, about ten miles up the slough, and sent back to St. Helens for a physician. Mrs. Dow had been taken suddenly ill with pneumonia, and there was no other way to get immediate assistance only to send the steamer back. Dr. Cliff is attending the patient and reports her condition somewhat improved.

DEER ISLAND.

Mr. Lemon Dean is still confined to his room, but is convalescing.

A. A. Merrill's family is reported to have typhoid fever, but not serious.

Robert Cummings made Hood river a sick last week, where his daughter, Mrs. Mays, resides, and whose health is impaired, and condition quite serious at present.

J. C. Payne, of Clatskanie, has just bought the Girty place, and will move up in a few days. Mr. Payne is highly pleased with his purchase, and the neighborhood extends a welcome to the family.

It may be possible that it would be advisable to discontinue the bounty on wild animals, but we are of the opinion that there should be at least \$10 offered for the cougar, as he is a wild and very ferocious animal, scarce, and hard to kill. We believe that the county could do no a wiser thing than to maintain the bounty on them.

A very enthusiastic school meeting was held in the school house last Friday to levy a tax to pay indebtedness carried by the district, at which time a one and one-quarter mill tax was levied. This will about pay off the indebtedness, which cannot be paid from the common school fund. It looks very strange that there was not more interest manifested.

One of our neighbors had a peculiar (to himself) experience, being aroused from his slumbers by the baying of his dog. Arising, he plunged into the darkness to ascertain the cause of the disturbance, which proved to be a something up a tree. Fearing it was a cougar, he returned to the house to await the coming of daylight. When daylight approached he sallied forth to find that the cougar was a coon.

Mr. Dolman seems to be ever on the alert, looking for the best bargains to be found for ready cash. His rule of giving his patrons the benefit of every bargain by selling that much cheaper, is well known. These are the times we all make a dollar go just as far as possible.

An Old Soldier's Recommendation.—In the late war I was a soldier in the First Maryland Volunteer Company G. During my term of service I contracted chronic diarrhoea. Since then I have used a great amount of medicine, but when I found one that would give me relief it would injure my stomach, until Chamberlain's Colic, Cholera and Diarrhoea Remedy was brought to my notice. I used it and will say it is the only remedy that gave me permanent relief and no bad results followed. I take pleasure in recommending this preparation to all of my old comrades, who, while giving their services to their country, contracted this dreadful disease as I did, from eating unwholesome and uncooked food. Yours truly, A. E. Bending, Halsey, Oregon. For sale by Dr. Edwin Ross.

Attorney Allen has moved his office from the building on the corner of Front and Cowitt streets to the Taylor building on the opposite corner over the old Banquet saloon, a much more desirable location.

Senator Raley's bill to define and punish tramps will receive a warm welcome in the homes along railway lines where the people are peetered almost beyond endurance with the too frequent knight of the road.

No one can tell just what effect the gold standard, or the silver standard would have. But certain it is that we sell our merchandise at the very lowest price, for either gold, silver or greenbacks, no discrimination. Respectfully, W. H. DOLMAN.

The mail steamer, Thompson, was several hours late Wednesday on her way up. The reason of her delay was occasioned by the grounding of the Potter at Mayger, in which the former steamer stopped to render assistance and afterward got aground herself.

Wm. H. Dolman received a telegram from Brunswick, Missouri, last week announcing the death of his brother-in-law, Dr. John F. Cunningham. The deceased was a surgeon in the Union army during the late rebellion, and was a physician of prominence.

Some time ago Mr. Simon Goldbaum of San Luis Rey, Cal., was troubled with a lame back and rheumatism. He used Chamberlain's Balm and a prompt cure was effected. He says he has since advised many of his friends to try it and all who have done so have spoken highly of it. It is for sale by Dr. Edwin Ross, druggist.

There is a noticeable prevalence of whiskers in the La Grande land office, says the Chronicle of that city. The officials have entered into a cast-iron agreement not to shave for an indefinite period, with extreme penalties for violation of the contract. No other reason than that of economy is assigned for this extraordinary compact, which barbers are viewing with poignant grief.

The Big Four Minstrels who were billed to perform here Monday night did not perform. They were here all right, but the pleasure-seekers of the town found much better and cheaper sport on the ice. It was indeed, a cold night for the Big Four. However, they entertained a number of people on the street for a while in a futile attempt to gather a crowd by singing a quartette, which was very good.

Chamberlain's Cough Remedy is famous for its cures of bad colds. It opens the secretions, relieves the lungs and aids nature in restoring the system to a healthy condition. If freely used as soon as the cold has been contracted, and before it has become settled in the system, it greatly lessens the severity of the attack and has often cured in a single day what would have been a severe cold. For sale by Dr. Edwin Ross, druggist.

PERIS POINTERS.

Mrs. Pope is still on the sick list.

The special school meeting called in this district last week levied a 6-mill tax for school purposes.

Many of our people are still suffering with severe colds contracted during the early part of the winter.

Messrs. Bumgardner and Smith, of Tide creek, were in this vicinity with hounds a portion of last week scouring the woods for cougar, but without success, owing to the heavy crust on the snow at that time.

We, in this neighborhood, quite all agree that it is better to leave the county seat, where it is than to remove it to Rainier. We think if it is to be removed it would be better to change it to a more central location in the county, both ways. Why not let well enough alone, and save the county so much expense; at present, anyway.
