

SIDE-HEAD PARAGRAPHS.

NORTHERN PACIFIC TAXES PAID.—Sheriff Doan received a draft Monday for the amount of taxes due from the Northern Pacific Railroad company, amounting to \$3,955.33.

JUDICIAL APPOINTMENTS.—Governor Lord has made the following appointments to fill judicial positions created by the formation of new judicial districts in Eastern Oregon by the last legislature.

STEAMER LURLINE LIBERATED.—Tuesday afternoon Jacob Kamm's steamer Lurline, was libeled by the Shaver Transportation Company for \$2000. The libellants allege that the Lurline crashed into the steamer Sarah Dixon, and that the damage done, together with the loss of time, is reasonably worth the amount claimed.

COUNTY TREASURER.—County Treasurer Wharton forwarded to State Treasurer Metchan Monday the full amount of state taxes due from Columbia county. We do not know the exact amount, but it reached up into the thousands.

NEW MEDICAL LAW.—The late legislature passed a law requiring that all physicians who had not obtained a certificate to practice under a former law, go before a board of medical examiners, consisting of five members, and pass the required examination.

TRAMP KILLED.—An unknown man 6 feet 1 inch tall, weighing about 200 pounds, dressed as a laborer, was found by a brakeman and killed at Kalama Monday night while the northbound through freight train was pulling off the transfer boat.

THE POMEROYS AGAIN.—A dispatch to the Oregonian from Hillsboro Monday contains the following: Sheriff Ford's office had more the appearance today of a dry goods, or second-hand clothing store than that of a county official.

MURDERER BLANK KILLED.—Thos. Blank, one of the murderers who broke jail at Seattle ten days ago was killed by two deputy sheriffs several miles out from that city on Thursday last week.

DIED BY THE BOTTLE.—Says the Pendleton Tribune of last week: Last Monday evening at about 6:30 o'clock the news was brought in that an Indian had fallen from his horse on the agency road and was probably badly injured.

A TEST CASE.—Secretary of State Kincaid has refused to honor the bills of the state food, game and railroad commissioners, claiming there is a question as to whether or not the officials have any claim against the state.

SCHOOL NEXT MONDAY.—The public school of St. Helens will begin next Monday with Mrs. Bell Gaddis as teacher. Provision has only been made so far for a three months school, which would bring it to a close the first of July.

THE CITY TICKET.—At the caucus held at the courthouse Wednesday evening the following city ticket was nominated to be voted for next Monday: President of the council, W. H. Dolman; councilmen, W. B. Dillard, A. H. Blakesley, E. A. Miles, James Dart; treasurer, E. E. Quick; recorder, Harrison Allen; marshal, E. Weaver.

WHO IS MOST BENEFITED? FISHAWK, Or., March 21, 1895. EDITORS MIST.—Seeing an article in your issue of the 18th inst., pertaining to high taxation, calls to mind the old joke, "Be it ever so little, there is some consolation."

THE POMEROYS AGAIN.—A dispatch to the Oregonian from Hillsboro Monday contains the following: Sheriff Ford's office had more the appearance today of a dry goods, or second-hand clothing store than that of a county official.

PERSONAL AND GENERAL.

Bottom-rock prices at Dolman's. In summer dress goods Dolman leads the county.

Note and receipt books for sale at this office. Abe Near, of Goble, was in the city Wednesday.

A large arrival of new goods at Dolman's this week. Mr. and Mrs. F. M. Hoyt, of Gillton, were in the city Monday.

City election next Monday evening between 7 and 8 o'clock. James Muckle made a business trip to the metropolis Monday.

Houlton is now spoken of as the residence suburb of St. Helens. Israel Spencer and A. F. Adams, of Vernonia, were in this city Monday.

E. O. Darling, editor of the Vernonia Sentinel, was on our streets Tuesday. Mr. and Mrs. Dave Davis went to Portland Monday returning Tuesday evening.

Harry West, of Scappoose, breeder of imported stock, was in St. Helens Sunday. There will be no meeting of the Oregon Breeding & Speed Association this year.

We are pleased to see D. J. Switzer out again after a severe attack of pneumonia. Dr. H. R. Cliff has been in Portland most of the week attending to professional business.

Thomas Saindon, the Deer Island blacksmith, was doing business in the county seat Monday. A. H. Imus, one of Kalama's prominent legal lights, was doing business in this city on Saturday last.

The Portland Sun is the most popular paper in the state. The Sun and Sun together, per year \$1.75. W. H. Imus, the genial poetical editor of the Rainier Review, was in St. Helens Saturday and made this office a pleasant call.

Hon. and Mrs. T. J. Clifton went to Rainier Monday and shipped their household goods to Houlton, where they will in future reside. We have completed arrangements with the Portland Weekly Sun where by we can furnish the Weekly Sun and Tax Mist, both one year for \$1.75 cash.

J. T. Hayne, an A. P. A. editor, has been elected school clerk in Portland. Mr. Hayne is well qualified for the place, a position in which neither politics nor religion should figure. The Longshore printing office in Portland was destroyed by fire Sunday night. The loss is estimated at \$20,000, which includes damage to a commission house in the same building.

Lieutenant-Colonel O. Summers, of Portland, has been elected colonel of the Oregon National Guard to succeed C. F. Beebe, who has been promoted to the rank of brigadier general. Dr. Cauthorn, of Portland, was called in consultation with Dr. Cliff at the bedside of W. W. West at Scappoose last Sunday. Mr. West's condition is said to be very critical, and requires the closest attention all the time.

The East-Oregonian says: "The people are busy these days making two blades of grass grow where none grew before. They have dropped speculation and taken up production. The result is a good time coming. Do your share towards hastening it." There is considerable discussion among fishermen as to whether the late run of sturgeon came up or down the river. Some contend they came in the river and traveled up stream with the smelt, while others declare they came down stream to meet the little fishes.

Dr. E. T. Carna, dentist, of Portland, will visit Rainier April 19th and remain until April 20th. Dr. Carna is prepared to do all kinds of work pertaining to dentistry. Teeth on gold, silver, aluminum, and rubber plates. Gold crown and bridge work. Teeth extracted without pain. Mr. Dillard requests us to express his thanks for the kindness which prompted his nomination for councilman at the citizens' meeting Wednesday evening, but states that he is disinclined to accept the position, if elected, and therefore suggests that the ticket be filled by substitution.

Muckle Bros. are erecting a warehouse on their wharf to take the place of the one destroyed by the high water of last spring. The new building will not be nearly so large as the former one but will answer the purpose quite as well since there is not the amount of business now there was in years gone by. Mr. Dolman never seems to halt in his efforts to make St. Helens the center of Columbia county trade. There is quite a difference between talking business and doing business. A well selected, closely bought stock of goods is Mr. Dolman's best effort. Of course when goods are well bought they can be sold cheap.

The Lebanon Express says: "Immigration is coming Oregon's way this year, and it will continue to come, till Oregon is populated to its greatest capacity. She wants immigration, and as a state she will offer every inducement to homeseekers. All that is asked in return of newcomers is willingness and ambition to work and help themselves. Oregon will help those who help themselves." In the fall of 1893 a son of Mr. T. A. McFarland, a prominent merchant of Live Oak, Sutter Co., Cal., was taken with a very heavy cold. The pains in his chest were so severe that he had spasms and was threatened with pneumonia. His father gave him several large doses of Chamberlain's Cough Remedy which broke up the cough and cured him. Mr. McFarland says whenever his children have croup he invariably gives them Chamberlain's Cough Remedy and it always cures them. He considers it the best cough remedy in the market. For sale by Dr. E. W. Rose.

MORE TIME WANTED.

Astoria-Goble People Have a Hitch in Plans. Mr. John C. Stanton, who is prominently identified with the construction of the Astoria-Goble railroad, arrived in Portland Tuesday, accompanied by his wife, and left the same evening for Astoria, expecting to remain there several days.

At the hotel Portland Tuesday morning Mr. Stanton was found by an Oregonian representative to whom he said: "So far as the building of the Astoria road is concerned, it may be considered as an assured fact. Mr. Hammond has been an indefatigable worker in the enterprise, and it is his courage and indomitable will that will make the scheme a success. The present has been a most inauspicious time to negotiate any new securities on the market, and what has been done is due entirely to the effort of Mr. Hammond."

A party of engineers also accompanied Mr. Stanton to Astoria, for the purpose of going over the proposed line of road, preparatory to its permanent location. Until Mr. Hammond arrives no definite information concerning the future plans of those interested in constructing the road will be obtainable. In a general way it is known that the promoters of the road will apply to have some extension of time granted, and it is also probable that some changes in the existing contracts will be asked.

It is expected that a meeting will be held in Astoria on Mr. Hammond's arrival there when some arrangements will be made to meet the new aspect of affairs, in order to allow the construction of the road to be unhampered by conditions that were not anticipated when the contract was entered into several months ago.

A Brighter Outlook. ASTORIA, March 27.—J. C. Stanton, accompanied by his wife, arrived here this morning. In an interview the gentleman said: "I am here to go on with the work of the construction of the Astoria & Goble railroad. Mr. Hammond will arrive here tomorrow or Friday and work will be commenced Saturday morning at a point near Tongue Point."

The whole town is feeling quite jubilant over the fact that work is so soon to be commenced and before a week is ended Astoria will no doubt be filled with real estate boomers and speculators.

William Ransom is burning coal for John Boles at present. William Roberts has J. Huffin employed clearing land for him.

Conrad Schneider, of Delena, has been in town for a few days doing some work for William Roberts. School commences here the first of the month with R. S. Hutton as teacher, and we may expect a good school.

George Baker and wife, of Beaverton, are visiting Mrs. Baker's parents, Mr. and Mrs. W. K. Traylor, for a week or two. On Sunday last H. Henderson passed through our burg leading a cow, or more properly speaking, the cow was doing the leading.

O. E. Wonderly, our road supervisor, passed through here looking over the roads the other day, and now we may expect to be called out to work on the public highway almost any time. But we always like to work for a boss that takes a hand himself at whatever there is to be done. There is nothing that pleases me so much as to see a person who can foretell the future. The worthy correspondent of the Review says there is to be a church built on Mount Zion. Now that mountain looks about as much like Mount Zion as a hog looks like a horse. I live myself on that knob and it has always been called Hog Town, and I never knew of its being called anything else.

The weather has been very bad here for the past few days. Walter Black is cutting logs for The Mayer Company this year. John Boles is hauling out coal for the Astoria Packing Company.

We are sorry to learn that Mrs. Bee had to go to St. Helens for medical aid last week. She found relief in treatment by Dr. Cliff. We saw in last week's Review that the correspondent says "The Sanborn School House Literary Society is like a fading flower; there will be nothing left but the school house after while." This is the first time we ever heard that a "fading flower" left a school house. However, I think we can run the literary without that correspondent to dictate to us. The literary has changed its hour of meeting from 7:30 o'clock Saturday evening to 8 o'clock P. M. Sunday. The following officers were elected for the ensuing month: President W. R. Dotson, vice-president S. M. Boals, secretary Robert Boals, treasurer J. McAdams, editor Charles Bee Committee on programme, S. M. Boals and Miss Eva Callins. All are cordially invited to attend.

Want an Extra Session. NEW YORK, March 26.—President Cleveland was asked today by the Monroe Doctrine League to call an extra session of congress to deal with the action of Great Britain in gobbling up nearly one-third of Venezuela on the question of boundary, and attempting to gain possession of a portion of Nicaragua. The league is largely made up of Irish-Americans, who hate Great Britain on general principles, and who wish it understood that they are ready to go forward with arms in hand to do battle for these oppressed American republics.

Mr. Sarvine went to the city Monday. D. H. Pope is still nursing a sore hand. Mrs. B. F. Pope's health is improving very slowly.

The roads across Milton creek bottom are in an almost impassable condition. The ground was covered with the "beautiful" to the depth of 4 or 5 inches last week. We are informed that S. Rock has rented his ranch and is going down the river to work.

S. Vosberg and Jesse Hendricks went to the county seat on Saturday returning home on Monday. C. U. Moyer met with quite an accident last week by cutting his hand with a saw while at work for H. O. Howard.

Some of the ranchmen here are planting early potatoes. We are of the opinion they had better wait until spring comes.

How to Cure Rheumatism. ARAGO, Coos Co., Or., Nov. 10, 1893.—I wish to inform you of the great good Chamberlain's Pain Balm has done my wife. She has been troubled with rheumatism of the arms and hands for six months, and has tried many remedies prescribed for that complaint, but found no relief until she used this Pain Balm; one bottle of which has completely cured her. I take pleasure in recommending it for that trouble. Yours truly, C. A. Bullard. 50 cent and \$1.00 bottles for sale by Dr. E. Ross, druggist.

J. R. Cronk, of Goble, was in the city Wednesday. County Clerk Weed was doing business in Portland Wednesday. A. P. Anrys, of Rainier, was doing business at the courthouse Wednesday.

The Houlton school begins next Monday with Professor M. C. Case as teacher. The Bailey Gatzert made the run from Portland to St. Helens yesterday morning in one hour and twenty-nine minutes. The distance is 30 miles.

Sheriff Doan has collected so far on the 1894 tax roll \$12,000. This is nearly three times the amount collected by Sheriff Watts during a corresponding period last year. C. W. Frush, of Goble, was in the city Wednesday. Mr. Frush is an old pioneer and has held many positions of public trust on this coast. He is now residing on his farm down in the Bishop neighborhood back of Goble.

Dr. Ross desires us to publish the following extract from a letter of Chas. M. Guileid, of Reedley, Fresno Co., Cal., as he handles the remedy referred to and wants his customers to know what a splendid medicine it is: "It is with pleasure I tell you that by one day's use of Chamberlain's Cough Remedy I was relieved of a very severe cold. My head was completely stopped up and I could not sleep at nights. I can recommend this remedy." A cold nearly always starts in the head and afterwards extends to the throat and lungs. By using this remedy freely as soon as the cold has been contracted it will cure the cold at once and prevent it from extending to the lungs.

DIED. WEST.—At his home in Scappoose, Or., at 11 o'clock P. M. March 27, 1895, W. W. West, aged 62 years. The burial will take place at Fairview cemetery at 2 o'clock P. M. today, March 29th, 1895.
