OREGON MIST.

PUBLISHED EVERY FRIDAY.

SIDE-HEAD PARAGRAPHS.

MAKING HAY.—The crop of early hay in most places is very heavy, and in some parts of the county it is falling badly. Harvesting of the first crop of clover has already been commenced and some timothy is being cut. The yield is generally good in these parts.

SUNDAY SCHOOL EXCURSION.—Trinity sunday school, of Portland, and St. David's sunday school, of Albina, are coming to St. Helens Park tomorrow to hold a picnic. The free use of the ground has been tendered them and they have notified Mr. E.E. Quick to their coming, June 22.

PRISONER DISCHARGED.—John W. Cline, of Scappoose, who was arrested some time ago charged by his wife with having threatened to kill her, was arraigned in the justice court here last Monday, and after a hard fought legal battle between T. J. Cleeton for the defense, and W. J. Rice for the prosecution, the defendant was discharged.

SCHOOL PICNIC.—School closes here today, and tomorrow Mrs. Gaddis, the teacher, has in contemplation a picnic for the children. She will take them all to Portland, where they will spend the day in the city park, returning in the evening. The term of school just ended here seems to have been very satisfactory, both to pupils and patrons.

GOING TO SOUTHERN OREGON.—Mr. R. Freye and wife, who have lived for a number of years at Peris, this county, will leave next Monday for Southern Oregon in search of a location for engaging in the hotel business. Mr. Freye has rented his place to other parties for the year. He expects to go direct to Grants Pass and from there he will visit a number of smaller places in search of a location.

FRUIT GETTING RIPE.—The green fruit season is fairly begun in these parts. Strawberries, it is true, are about gone, but cherries, gooseberries and currants are just coming in, and the good housewives are busying themselves these days canning and preserving fruit for winter use. The gooseberry crop is somewhat short this year, and also below the average in quality; cherries are also said to be below the average.

MUST BE EXCUSED.—This office acknowledges the receipt of an invitation from the Clatskanie Board of Trade to join that city in celebrating the nation's birthday on July Fourth. Sorry, gentlemen, that we cannot be with you, but since the Fourth comes on press day we are obliged to stay at home. We trust, however, that Clatskanie as well as every other place which publicly celebrates on that day, most cherished by American hearts, will realize the fullest enjoyment.

MASONIC GRAND LODGE.—The grand lodge of Masons met in Portland last week and elected the following officers for the ensuing year: M. D. Clifford, grand master; Phil Metschan, deputy grand master; W. H. Hodson, senior warden; J. B. Cleland, junior warden; J. F. Roberts, secretary; D. McKercher, treasurer; J. Maver, trustee of educational fund; J. R. N. Bell, chaplain; George McD. Stroud, grand lecturer; S. M. Yoran, grand orator; Gustaf Wilson, grand tyler.

ENFORCE THE LAW.—Judge T. A. McBride on Monday charged the grand jury of Clatsop county to see that the Oregon fish laws regarding Sunday fishing were observed to the letter, and enforced to low-water mark on the Washington side of the river. The sheriff arrested two trap fishermen for working on Sunday. The numbers of twenty-six traps, fishing Sunday, were taken down by the sheriff and Commissionor McGuire. Two seine fishers were arrested for contempt of court, growing out of a controversey between Cook and Warren over the Fitzpatrick seining ground.

THE REED BURNED.—The hulk of the old steamer S. G. Reed was towed down to Coffin Rock last Sunday and about 10 o'clock that night was fired for the especial amusement of several hundred people who had come, principally from Portland, to witness the scene. The Potter, Kehani, City of Frankfort and Baker, the two latter with bargeloads of people, all went with excursion parties to the point of destruction, and the Queen came up from Astoria with another curious crowd. The burning of the boat is said to have been very exciting by those who witnessed it.

A LITTLE PARTICULAR.—An Astoria editor says: "We want a girl! Not a girl to love, to fill with ice cream soda water, to act as bookkeeper, typewriter, or check drawer, nor one to wear bloomers and show us how to ride a bicycle, read Ibsen and "Coin's Financial School," or teach us lawn tennis or the Rye waltz or the sublimity of the sublime, but a plain everyday maiden, who has a face that would scorch the sun, a hand that would act as a stove lid, and a foot that would give the Goddess of Liberty odds and then beat her in the race for the prize as a Trilby model."

A TERRIBLE LOSS.—The following is taken from the Hillsboro Argus, the paper formerly run by the present editor of the Sentinel: "Between the republican effort to again get the reigns of government, and the calamity-crying of the populists, the democrats have had sufficient to contend with to bankrupt almost any party, numerically speaking. But these things are as nothing when we come to think of the recent great loss the organization has sustained. The defection of the only R. H. Mitchell from the party to populism is a blow that the Oregon democracy can illy stand up against. But, nevertheless, notwithstanding, a thorough examination might show that his political convictions are so "rotten" that they are in conformity to his newly found element. In truth he has never been a democrat, or, politically speaking, anything else."

PERSONAL AND GENERAL.

D. W. Freeman, of Fishhawk, was in the city yesterday.

Thomas C. Watts, of Reuben, spent the day in town Tuesday on business.

Mrs. C. G. Caples, of Columbia City, was in the city Tuesday visiting with relatives.

We learn of the death of Grandpa Orwig, which occurred at Mist on June 19, 1895.

We can furnish you the Weekly Oregonian and THE MIST, both together, one year for $2

Deputy Sheriff Blakesley paid Pittsburg and vicinity an official visit on Tuesday of this week.

I. G. Wikstrom is considering the plan of putting up a large store building on his wharf here.

Mrs. James Sheldon returned from Portland Saturday where had been visiting for several days.

The Portland Sun is the most popular paper in the state. THE MIST and Sun together, per year $1.75.

Mrs. J. R. Beegle returned Monday evening from a trip to Hillsboro, where she visited relatives for two weeks.

The tug-of-war at this place on the Fourth between the local team and the team from Ridgefield promises to be interesting.

THE MIST does not object to taking silver on subscription. We are even glad to get Columbia county warrants. They are taken at this office on all accounts.

The Astoria railroad right-of-way committee closed with R. S. Fullerton last Saturday for right-of-way across the Josiah Fullerton estate, the consideration being $100.

It was reported by some fishermen one day last week that they saw a man floating in the river off this place but up to this time we have heard of no one being picked up.

R. O. Hazen, the road supervisor in the Gillton district, has been doing some good work lately which will, we believe, be a permanent improvement, with a little care each year.

As an inducement to have people come here to spend the Fourth there is to be an extension put on the city water plant so that "he who is thirsty may drink freely" without leaving the park.

The steamer Young America seems to be a favorite with the traveling public. She makes two trips a week up Scappoose bay—Tuesday and Friday—which is a great accommodation to the Gillton people.

James Muckle went down to the Coweeman last Friday and did not return until Monday evening. He reparts the logging business very quiet on the Washington side, and many loggers are running at a loss.

Baseball players are just now in demand in St. Helens. It is intended to play a game with the Ridgefield nine on the Fourth. But, you know, baseball is too much like labor, and our stalwarts are loth to take it up.

The steamer Telephone is again on her old route in place of the Gatzert. The Telephone has undergone a thorough overhauling, and is now in first class condition, and, by the way, does not have to clear the track for any on 'em.

The steamer Mascot took sixteen passengers from here one morning last week. People are beginning to realize that the safe place for them is on the boat that does not nearly tip over every time the captain shifts his quid of tobacco.

The O. R. & N., always alert to the welfare of their patrons, have placed on sale at principal stations, a 1000-mile ticket at the rate of three cents per mile, good one year from date of sale, and good for passage over the rail and water lines of their system.

The two postoffices in the United States most widely separated from each other are those of Key West, Fla., and Ounalaska, Alaska. They are 6271 miles apart, and yet a 2-cent stamp will carry a letter from one to the other as readily as from New York to Brooklyn.

W. A. Bond resigned his office of county school superintendent Friday last on the condition that Austin Craig, of this city, be appointed to the office. The county court accepted the resignation and made the appointment. Mr. Bond will leave for a trip through Eastern Washington.—Forest Grove Times.

A young woman at Astoria, whose husband had been missing five days, hearing that the body of a man had been found in the river, at once decided it was that of her spouse. She immediately went to town and without troubling herself to identify the remains, spent $15 buying crape and material for a mourning dress. When she reached home she found her husband making a pot of tea at the kitchen fire.

While in Stockton, Cal., some time ago, Thomas F. Langan, of Los Banos, that state, was taken very severely with cramps and diarrhœa. He by chance met Mr. C. M. Carter, who was similarly afflicted. He says: "I told him of Chamberlain's Colic, Cholera and Diarrhœa Remedy, and we went to the Holden Drug Store and procured a bottle of it. It gave Mr. Carter prompt relief, and I can vouch for its having cured me." For sale by Dr. Edwin Ross, druggist.

Cottage Grove Echo-Leader: The charge brought against one of our citizens, of larceny of flour, here last week, and not tried because it was not a case, is about a fair sample of what is going on in every county in Oregon. Persons get angry at some one and for revenge, endeavor to drag them into a court without any cause, and a large bill of costs, for the county to pay, and the tax-payers are the real sufferers. This outrageous farce should have been squelched long ago. It has been permitted to grow until it has become an incubus, disastrous to justice and the best interests of the people.

CLATSKANIE COMMENTS.

W. H. Conyers is spending some days in the Nehalem valley.

W. K. Tichenor was a passenger for Portland on the steamer Monday evening.

The Merrill boys were at home over Sunday and took their places in the band practice.

Mrs. W. H. Durham, of McMinnville, is visiting her parents and brothers and sisters in this vicinity.

Charles Boisvert got a sprained ankle while at work in the mill a few days ago, and is off duty in consequence.

Will and Charlie Conyers were out to Puget island Saturday and report the Mullen crew doing well with their seine.

There is quite a demand in this section of the county for beef cattle now, and the gratifying feature to farmers is that they bring the cash.

Ben Mattheissen can tell something about the weight of 3-inch cedar plank, as three of them fell on his foot Saturday while at work in Bryant's mill.

Persons calling at the drug store these days get a copy of the Clatskanie Courier free. It contains interesting reading matter and is worth all it costs to get it.

The city band paraded the streets Sunday afternoon, giving us the benefit of some musical selections to show that they had not forgotten how to do it. The music sounded well.

Our city shingle mill has "struck" and is silent and the employees have struck out for other situations. Even the proprietor himself has given it up as a bad job and moved out of town.

Professor Fabrique spends his spare moments in constructing baloons for the Fourth. Baloon ascensions figure on the program, and the professor is on time with what he agrees to do.

Morris Carr, a successful rancher from Fishhawk, was in town on Monday shipping some butter, in which he is a large dealer. He has ordered a separator and expects to run a regular creamery for the manufacture of first class butter only.

John Bryant spent Sunday at home again and started back on Monday for Puget island, taking with him the scow built by Carter, on which he carried a five cow along with his other freight. John-son went along as first officer of the scow.

An organizer of the A. P. A. gave a talk in Conyers hall Saturday evening on the merits and advantages of the order he represents. He was listened to by considerable of an audience but did not get enough names to justify him in organizing a council at present.

We noticed Frank Clark and Jimmy Doran leisurely walking our streets Monday and learned they had quit teaming for the present. Barnes seems to be in charge of one of the teams, with a driver to get, for the other. The boys don't take kindly to lumber hauling at long range.

Miss Abbie Bryant returned from McMinnville Friday. Last week's MIST informed us she had secured a position as teacher there, a statement she confirms, and expects to begin work at the opening of the fall term. She is a competent teacher, and does good work in the schoolroom wherever she has taught.

Mrs. A. Louison was in town Monday and reports the Chief mistaken in the statement that their loss by fire had been paid by the State Insurance Co. She and her husband have waited about four months since the fire for payment but have seen no money yet. Promptness in settling losses is one of that company's virtues, according to its own statements, but to keep up the company's reputation about here it ought to come down more promptly in this case.

Sam Tedford has been one of the unfortunates the past week, and is tenderly caring for a hand that got too close to an edger saw at Edgerton's mill. When Sam got his hand away he thought there was not much of it left, but when he got down to town and got it dressed he found that the fore finger was the only one taken entirely off, and that all the others, though more or less injured, can probably be saved, and that besides the fingers the hand is all right. He is putting in time leisurely waiting for the fingers to get in shape again, but says he wants no more work about an edger saw.

AN ARMY OF CRICKETS.—Railroad Commissioner Eddy, who returned from Huntington today, says that some of the farmers along Burnt river have been visited by a pest and others are fearful lest the invaders shall denude their gardens, says the La Grande Chronicle. About Friday of last week the vanguard of an army of crickets appeared on the banks of the river about five miles east of Huntington. They came from the west and were journeying east. On reaching the river the leaders plunged boldly in and the rank and file followed. Millions floated down and were drowned, and millions more reached the opposite bank and proceeded on in an easterly direction. Every rock and stick in the stream below the point where the crickets took the water for hundreds of yards is literally covered with insects. Where bridges cross they climb up the posts, over the bridge and on. Every garden that happens in the way is left bare of verdure. They follow the cornstalks and eat them an inch or so below the surface.

Any one who has ever had an attack of inflammatory rheumatism will rejoice with Mr. J.A. Stumm, 220 Boyle Heights, Los Angeles, over his fortunate escape from a siege of that distressing ailment. Mr. Stumm is foreman of Merriam's confectionery establishment. Some months ago, on leaving the heated work room to run across the street on an errand, he was caught out in the rain. The result was that when ready to go home that night he was unable to walk, owing to inflammatory rheumatism. He was taken home, and on arrival was placed before a good fire and thoroughly rubbed with Chamberlain's Pain Balm. During the evening and night he was repeatedly bathed with this liniment, and by morning was relieved of all rheumatic pains. He now takes great pleasure in praising Chamberlain's Pain Balm, and always keeps a bottle of it in the house. For sale by Dr. Edwin Ross, druggist.

The people of Quincy were somewhat disappointed by not getting Hon. T. J. Cleeton, as orator on the Fourth of July, but they will not be without a speaker, as the Hon. Mr. Schueibble, deputy district attorney, of Portland, has consented to deliver the oration. Mr. Schneibble is a very able speaker and will do justice to the occasion.

The residence being constructed by C. H. Newell for Joseph Hayburn at Warrior Rock is progressing nicely, and is now almost ready to receive a coat of paint on the outside.

Whooping Cough.

There is no danger from this disease when Chamberlain's Cough Remedy is freely given. It liquifies the tough mucus and aids its expectoration. It also lessens the severity and frequency of paroxysms of coughing, and insures a speedy recovery. There is not the least danger in giving the remedy to children or babies, as it contains no injurious substance. For sale by Dr. Edwin Ross, druggist.

MAYGER.

Conda Ewing is clearing land now for the Mayger Company.

Jack Johnson and Harry Coleman paid a visit to Stella Saturday night.

Wm. Ewing is on the sick list, therefore he and Walter Severn got no fish last week.

The Big Four minstrel troupe turned out to be a great fake, and we are all out our two bits.

Our genial road boss has the new Boals road almost opened through. Keep on Ed, with the good work.

C. N. Davidson has been to Portland and purchased a new wagon, which he intends to use in hauling lumber from Johnson Bros. mill to Mayger's wharf.

The big raft at Stella is nearing completion and we hope to see it on its way to San Francisco, where we hope to see it land in safety, for if it does it is bound to help a good many on this river.

Patsy Hogue is still pulling in the fish, but Saturday last Pat quite outdone everything we ever seen. They were making a haul, and when the seine was nearly in to the bank one large salmon made a rush and went under the seine in four fathoms of water and Patsy soon after him, and by all the faiths he got his fish and brought it to shore. Patsy says he will dive no more if all the fish get away. Stay with it, Pat, and if you get drowned while diving for fish, we will hunt for the seine and try to save that.

YANKTON.

Mr. L. Crouse made a flying trip to St. Helens Tuesday on his new bicycle recently purchased.

H. O. Howard was a Portland visitor Friday and Saturday of last week.

Miss Iris Tarbell is home again after a few weeks' stay in St. Helens with Mrs. N. E. Dolman.

Lesley Bailey, of Peris, was the guest of Mr. and Mrs. B. F. Pope Saturday and Sunday.

School is progressing nicely under the careful supervision of Miss Marie Watts of Scappoose.

George Bonny is kept quite busy filling orders for strawberries and other work pertaining to the ranch.

H. H. Howard has his mill in running order again after the breakdown Thursday last, which came near ending the worldly career of H. O. Howard, D. H. and B. F. Pope and George Barger. Fortunately, however, they all escaped without bodily injury. The damage was near $300 to the machinery.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

CASTORIA

for Infants and Children.

MOTHERS, Do You Know that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

Do You Know that 35 average doses of Castoria are furnished for 25 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of Chas. H. Fletcher is on every wrapper.
