

OREGON MIST.

PUBLISHED EVERY FRIDAY.

SIDE-HEAD PARAGRAPHS.

PETITIONS NOT LEGAL.—Persons petitioning for the location of new roads should be careful that no one signs the petition except bona fide residents of the county, and also that the petition be signed only by persons over twenty-one years of age. Otherwise the petitions are liable to be rejected.

NEW ASYLUM PHYSICIAN.—At the meeting of the state board at Salem Monday Dr. DeWitt A. Paine, of Eugene, was elected superintendent of the Oregon insane asylum to succeed Dr. Rowland. Secretary of State Kincaid and Governor Lord voted for Dr. Paine and State Treasurer Meischen voted to retain Dr. Rowland. W. H. Odell was chosen clerk of the board of school land commissioners by the same vote.

AFTER HORSE THIEVES.—The sheriff of Garfield county, Wash., has been rounding up horse thieves for the last few days. He now has four of them in jail at Pomeroy. While in the vicinity of Pomeroy this gang of thieves had been stealing saddles, bridles and so on. We hope and trust justice will not be robbed, neither shall it be, unless rope is desired in the upper country than it is with us, says the Times-Mountaineer.

PETTY THIEVES.—Petty thieves have been getting in their work about St. Helens of late. During the past week a number of articles of more or less value have been stolen. Mr. Thomas Cooper lost a set of harness from his livery stable and George Lemont mourns the loss of a set of double harness from his barn during the past ten days. Other articles have been taken from different parties. These little trifles are very annoying and the guilty pilferers should be hunted out.

FOR MILITARY DUTY.—There are in the United States belonging to the different militia companies 114,146 men subject to military duty. New York has the highest number, 12,846, while Oklahoma has the smallest number, 130. Oregon has 1582 militiamen subject to duty. The report recently sent out from the war department at Washington shows that the whole number of citizens in the United States liable to military duty is 9,945,043, which would make a very respectable showing in case they were needed.

RETURNED FROM EUROPE.—Mr. John Johnson, of Scappoose, returned last week from an extended trip in Europe. He visited his old home in Sweden, which he left twenty-six years ago, but found very few of his old acquaintances and associates there. After spending eight days at the scene of his boyhood days he visited Liverpool, London, Southampton and many other places across the great pond, and says he enjoyed the trip very much, and that wonderful changes have taken place during the last twenty-six years.

A RUSH.—Corvallis Times: There promises to be something of a rush for lands on the Siletts when the day arrives for filing. Four teams passed through town Saturday, three Tuesday and one Wednesday, all bound for that vicinity. Those who expect to settle should not forget that half a dollar per acre must be paid when the filing is made on the land, and an additional dollar per acre when final proof is made. It is probable that many of the land hunters, when they find they cannot get, when they find well improved by some Indian, with a fine house, with hot and cold water conveniences, will turn their backs on the Siletts and return disgusted from whence they came.

PROFESSOR JONES MARRIED.—Prof. C. H. Jones and Miss Blanche Miller, formerly instructors at the Oswego school, were married at the home of the bride, near North Yamhill, on Wednesday, June 26th, Rev. W. E. McCutcheon, of Carlton, officiating. After the services Mr. and Mrs. Jones left for Portland, visited Astoria, and on Tuesday were the guests of Mr. and Mrs. W. M. Evans. They will spend the summer at Yacquina bay, after which the professor will enter upon his duties as principal of the McMinnville schools.—Oswego Iron-works.

BE CAREFUL.—We find the following gem going through the rounds of the press without credit: "Remember this, all young men, be careful what you say about a woman's character. Think how many years she has been building it, of the trials and privations endured, of the wounds received, and let no suspicion follow her actions. The purity of the woman is the salvation of the race, the hope of future greatness and the redemption of man. Wipe out her purity and man sinks beneath the wave of despair, without a star to guide his life into the channel of safety. Think, then, before you speak, and remember that any hog can root up the fairest flower that ever grew, so the vilest man can ruin the purest woman's character."

THE STEAMBOAT BUSINESS.—The Sunday Oregonian has a good cut of Colonel Joseph Teal, one of the pioneer merchants of this city, says the Eugene Guard. Mr. Teal is still alive and well in Portland. He tells about the first steamboat that ever reached Eugene. It was the steamer James Clinton, a stern wheeler, in the year 1857, and she was loaded with goods for Mr. Teal, at the rate of \$40 per ton. Before she would undertake the trip he had to give the proprietors an indemnifying bond in the sum of one-third of her value, which was \$27,000. He ends the interview with the following words: "That was a great day at Eugene. The fun and revelry was carried far into the night. The children set up a grand ball, and there's a lot of old timers left up the valley today who will remember the day the first steamer came to Eugene."

PERSONAL AND GENERAL.

Mrs. W. J. Rice is reported quite sick. Real "summer" weather, with an abundance of smoke. The residence of C. H. Johns is nearing completion. W. J. Muecke, of Rainier, was in town Saturday last. Mrs. J. B. Cloninger has been very sick for several days. C. F. Blyth, of Oregon City, was in town during the week. Attorney R. P. Graham, of Portland, was in the city Tuesday. Mr. and Mrs. Harrison Allen went to Portland Saturday evening. Mr. and Mrs. N. A. Perry, of Houlton, visited Portland last Sunday. Hot! did you say? Well, I guess so, was the common remark last Tuesday. Frank Dow, of Sauvie island, was in town Monday in attendance on probate court.

Attorney G. W. Cole was commissioned a notary public by Governor Lord Tuesday. Edwin Merrill, of Deer Island, was doing business in this place Wednesday of this week. Attorneys Tanner, Hill and Jones, of Portland, have been in the city during the past week. A letter from George Anderson contains the intelligence that he is now residing in Yreka, Cal. B. F. Giltner came down from Salem last Saturday and spent Sunday with relatives in this city. The steamer Kihani is again on the Portland-St. Helens route via the Willamette slough, making daily trips. It was warm at Astoria last Tuesday. The thermometer registered 92 degrees in the shade there on that day. Miss Rose Wilcox, who has been in this city visiting friends for the past two weeks, returned to her home in Hillsboro last Monday. Assessor White and his deputy, G. W. Barnes, arrived in St. Helens Monday, having, with a few exceptions, completed the assessment of 1895. The Daily Oregonian has made a 25 per cent reduction in its yearly subscription price, which will, no doubt, be appreciated by the readers of that journal. The dedication of the new St. Vincent's hospital will take place in Portland next Sunday. THE MIST acknowledges the receipt of an invitation to be present. The sum of \$82,000 was distributed among the woolgrowers of the Smith river country last week by a gentleman from Bandon. He purchased more than 200,000 pounds. Mr. and Mrs. James Muecke and children went to Skamokawa last Saturday to visit Mr. and Mrs. Ray Price. Mr. Muecke returned home Sunday, leaving the family there for a few days. Sheriff Doan took Fannie Bell, of Deer Island, to the asylum for the insane at Salem last Saturday. She was committed to that institution by Justice Swager; Dr. Chalmers, examining physician. Quite a number of people from Scappoose and Sauvie island were in town Monday as witnesses before the probate court in the case of Jack Ables against J. Weed, administrator of the estate of Ozias Cherrington, deceased. S. G. Schoonover, advertising solicitor for the Sentinel, has been doing the town this week. We do not know what success he met with, but soliciting taken in connection with county court work ought to prove profitable. The residence of Joseph Hayburn, at Warrior Rock, is nearing completion, and when the finishing touches are made it will present a comfortable appearance. A substantial wharf at the same place is in course of erection. In Marion county five contracts have been recorded wherein three hop raisers are to furnish 20,000 pounds of hops at 7 1/2 cents a pound; another grower, 20,000 pounds at 8 cents; and another hop raiser, 15,000 pounds at 8 cents. The fishermen at the mouth of the river were greatly encouraged the first of the week, so reports from Astoria say. The catch of salmon last Monday was larger than at any time since the first of June, some of Kinney's men bringing in forty fish to the boat. The large run is attributed to the warm weather. Lloyd Detrick, of Pittsburg, accompanied by his mother, went to Portland Tuesday to consult an oculist regarding his eyes. Some time ago, Mr. Detrick, while running through the brush, ran a little twig into his left eye, since which time the wound has grown worse until now it is not thought possible to save the sight. It is a remarkable fact that the county of Grant, Oregon, has not one mile of railroad, telegraph or telephone line; not a mile of express route, nor a bank within its limits. It is rich in all the resources of mineral, stock, agricultural and lumber industries, but has never been developed. The people there do not expect ever to have a railroad. We learn of the accident to the little daughter of A. H. Matthews, of Pittsburg, on Monday. Mr. Matthews had just harnessed his scythe and set it outside of the door when the little girl ran against the point of the blade, cutting a severe gash in the calf of the right leg. Dr. Newth, of Vernonia, was obliged to administer opium to dress the wound. Among the numerous persons who have been cured of rheumatism by Chamberlain's Pain Balm, mention should be made of Mrs. Emily Thorne, of Toledo, Wash., who says: "I have never been able to procure any medicine that would relieve me of rheumatism like Chamberlain's Pain Balm. I have also used it for lame back with great success. It is the best liniment I have ever used, and I take pleasure in recommending it to my friends." For sale by Dr. Edwin Ross, druggist.

COMMISSIONERS' PROCEEDINGS.

In the matter of the resignation of J. C. Coulter and Joseph Vanblaricum, boudsmen for L. W. VanDyke, justice of the peace for Auburn precinct; ordered by the court that L. W. VanDyke be requested to file a new bond to be approved by the county clerk before acting further in the capacity of justice of the peace for Auburn precinct. In the matter of appraisers' report of damages on V. Glieniski road, report read awarding Matilda Rambloski \$125 and St. Joseph church \$50, it appearing to the court that the road is not of sufficient utility to warrant the county in paying the damages, it is ordered that the petitioners pay the damages and the road ordered opened on filing with the court a receipt showing the payment of the same by the petitioners. In the matter of the petition of John Brown et al, for county road; petition dismissed. Application for remission of taxes of A. Houston and H. Rittenhouse; continued for the term. Petition for road by John H. Adams, continued for the term. In the matter of the per diem and mileage of jurors and witnesses, May term circuit court, examined and ordered paid as corrected. F. Doan for \$12.22. Ordered that further aid to Mrs. Wood and Mrs. Warruna be withheld, and that the clerk deliver a certified copy of this order to E. W. Conyers. Ordered that for medical attendance on county charges within the city limits shall be not more than \$1.00 per visit, and outside the city limits \$1.00 per visit and 10 cents per mile going and coming. Ordered that the salary of deputy sheriff be fixed at \$780 per year. The commissioners voting aye and Judge Blanchard not voting.

CASTORIA for Infants and Children. MOTHERS, Do You Know that Castoria, Babcock's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine? Do You Know that opium and morphine are stupefying narcotic poisons? Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons? Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed? Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle? Do You Know that Castoria is the prescription of the famous Dr. Samuel P. Fitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined? Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive rights to Dr. Fitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense? Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless? Do You Know that 35 average doses of Castoria are furnished for 25 cents, or one cent a dose? Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest? Well, these things are worth knowing. They are facts. The formula signature of Dr. S. P. Fitcher is on every wrapper. Children Cry for Fitcher's Castoria.
