PUBLISHED EVERY FRIDAY.

SIDE-HEAD PARAGRAPHS.

THIGH FRACTURED.—The little four-year-old son of Frank Swager, at Seapoope, had his right thigh fractured about midway between the knee and hip last Friday.

LIVELY BUT SHORT.—A team attached to a wood wagon was left standing in the street here last Monday evening, and when the steamer Mascot whistled to leave they took fright and started up the street at full speed.

OUT OF BATH.—A. J. Kench, who, a few weeks ago, was held in answer to Justice Swager's court, charged with committing rape on the person of Mrs. J. B. Kench, was committed to the Multnomah county jail in default of \$500 bail.

THREE MEN DROWNED.—During the first race of the regatta at Astoria last Monday the sloop Monogram overturned and drowned three men. They were, Lewis Bilger, of Portland, and Frank Meadows and John Osseberger, of Astoria.

A PROFITABLE SESSION.—County School Superintendent Watts was in town a short time Monday, accompanied by Mrs. Watts, on their return from the teachers' institute and examination held at Clatskanie last week.

BACK FROM ALASKA.—Mr. W. B. Dillard, who left here about a month ago, after visiting San Francisco and other points in California, including San Luis Obispo, where he formerly resided, went to Alaska, where he spent some time in Juneau and surrounding country.

ON AN OLD CHARGE.—During the month of November last year, Mrs. C. Selene, living on the Williams street, along about five miles above this place, swore out a warrant for the arrest of Charles Lamberson, charging him with having stolen some of her goods.

K. OF P. EXCURSION.—The excursion given under the auspices of the lodges of Knights of Pythias of St. Helens, Kalama and Rainier, last week was a success in all features, save that of finance, and while the expenses were something more than the receipts, the boys felt that they did their part, inasmuch as all who availed themselves of the opportunity to visit the coast at nominal cost thoroughly enjoyed the trip.

RESOLUTIONS ADOPTED.—The following resolutions were adopted by the teachers' institute at its session held at Clatskanie August 12 to 16, 1905: We, the undersigned committee, do hereby offer the following resolutions, to-wit: Resolved, That we, the teachers of

CLATSKANIE.

Public school begins next week in our city.

Those who got out early enough saw some fine morning.

Rev. White is now the owner of a pony to ride on the county.

R. H. Mitchell of the Sentinel spent two or three days of last week in town.

Mrs. Mary Lockwood is spending a few days in the city on a visit to friends here.

Miss Mildred Boyle has secured the school at Seapoope for the coming term.

Henry Kratz started for Mayger Monday evening to catch the steamer for Portland.

R. S. Hattan has bought a horse expecting to ride to and from his school at Marshland.

C. A. Himpel returned Saturday night from Nehalem bay for a short visit with his family here.

G. P. Hatt is making some addition to his place, adding a new woodshed and storage room.

Conyers' hall, very generously tendered, proved an excellent place to hold evening entertainments last week.

Tom Dawson was another unfortunate who cut his leg at the logging camp in Marshland. He is walking about with care now.

A. S. Graham and wife were among visitors to the institute last week. Mrs. Graham formerly taught in the county, and retains an interest in school matters.

A. B. Little has been spending some days with us as a member of the committee for examination of teachers, and we understand is doing some surveying work also.

Professor T. J. Cleon's absence from the institute was very much regretted, as he was expected as an examiner, and the program committee expected to secure him for an evening's address.

Mrs. Wetzel's visit to our town last Friday was very much enjoyed. She has raised a fine family, and was willing to render any assistance for the success of the evening's entertainment.

Mrs. Swenson is a blushing bride again, closely following her daughter into the blissful state of matrimony. The community seems satisfied, and wish that all may go well with the young (?) couple.

Professor Fabrique and wife are entitled to the thanks of everybody for the free use of their piano during last week's institute. The professor is a very excellent violinist, and during the exercises that were appreciated.

Alex Chisholm cut his foot accidentally at Saldern's camp last Wednesday, severing a large artery which caused a great deal of inconvenience until he got to town and got the bleeding stopped by a ligature in the doctor's office. It is reported that George Irwin, the foreman, met with a similar accident the same day.

E. R. Glenn died last Saturday evening of consumption, aged about 42 years. He has been a sufferer for a year or more, spending a considerable portion of his time with his brother, Harvey, on his ranch on Lower Beaver. It was there that he ended his life. His remains were deposited in the graveyard back of the school house, at Lower Beaver on Sunday evening.

A joint picnic between the Clatskanie and Quincy church congregations is anticipated for the 19th inst., being held at near Hill & Rutter's store building at Quincy. The invitation is general and it is expected that the occasion will be the most enjoyable ever held in the county.

The program for the teachers' institute was carried out very successfully, Professor Wetzel, of Oregon City, acting as able and satisfactory instructor. About forty teachers were enrolled as attendants, a few, however, remaining but a short time. The schoolhouse was used for the day sessions and the school bell, silent for some time, was used to call the scholars to duty. Some of our citizens dropped in occasionally to listen and were much pleased that they had learned something.

In Conyers' hall each evening during the institute an audience gathered to listen to literary and musical programs, which were vocal and instrumental music was varied by recitations and addresses. On Monday evening, as reported last week, Professor Wetzel, of Oregon City, occupied an hour in an excellent address. Tuesday evening Rev. White read a paper on "American Citizenship," which was well received, and was followed by Prof. Watson, who, for twenty minutes, lived the audience by a comparison of the old and new methods of teaching, especially reading, and in closing read a beautiful selection entitled "The Grandmother."

Wednesday evening, in addition to the music and recitations, Dr. Hall gave a talk on "interesting youth in things around us" and presented some matters in botany and chemistry that were listened to very attentively.

Thursday evening the entire time was taken up by recitations, vocal and instrumental music, in which a quartette of brass horns took a part, as well as an orchestra consisting of violin, piano and two cornets. The evening was enjoyably spent.

Friday evening the climax was reached in the way of entertainment. Mrs. Wetzel came in on the steamer from Portland that afternoon, and her presence consented to sing some selections. The city brass band was on hand, and the orchestra, too, so that music was a prominent feature. Resolutions and sentiments had been decided upon by the committee in charge, and a dozen or more persons were called upon, whose reminiscences of school days were especially interesting and enjoyed, and everything passed off pleasantly. Professor Watts, in answer to his sentiment, "The Week's Institute, and its Achievements," expressed satisfaction at what had been accomplished, and paid a graceful and generous tribute to the people of Clatskanie for the interest taken in promoting the success of the institute. After them, Miss Boyle came forward, and on behalf of the teachers, presented him with a basket of flowers, which he received with thanks, adding a few words as to his sentiments of good will and generous wishes for everybody. Miss Guild read a set of resolutions after which it was announced that further entertainment had been provided, to be served around a table, and getting the teachers seated they were served with ice cream and cake, with the compliments of the audience who wished were all treated in the same manner, and the good feeling of the evening was still further enhanced by this expression of generosity.

Still later a social dance was indulged in by those so inclined until the departure of the steamer, between 1 and 3 o'clock when a number of the ladies, and a few of the gentlemen, were invited to the dance. The dancing, however, was kept up until nearly morning. The week at Clatskanie will be long remembered, and the teachers and friends are invited to come again.

It would be a good plan if the members of Stewart Point lodge would all come out

COLUMBIA COUNTY.

Colombia county, do hereby extend our sincere thanks to the citizens of Clatskanie for the interesting and profitable time we spent during our stay among them so pleasant and enjoyable during our attendance at the institute.

Second—That our thanks are also extended to Superintendent J. G. Watts for his earnest efforts for our instruction and entertainment. We fully appreciate the efforts he is making for the advancement of our schools, and pledge him our earnest co-operation.

Third—Our thanks are also hereby extended to Professor Wetzel for the able and interesting instruction he has given us, and for the courteous manner in which he has contributed to our enjoyment and entertainment during our stay among the good people of this place.

Fourth—Our thanks are also due Professor Fabrique for the use of his piano, and for the courteous manner in which he has contributed to our enjoyment and entertainment during our stay among the good people of this place.

Fifth—We would also gratefully remember Mr. Conyers for the use of his hall during the evening sessions.

Sixth—We extend our thanks to all who have furnished us the excellent vocal and instrumental music we have listened to, and we wish to express our appreciation of their efforts to entertain us in Clatskanie in grateful remembrance. J. B. SHORBAKER, J. BLOOM, J. G. WATTS, MRS. N. S. KEARNEY, Committee on Resolutions.

DEER ISLAND DOINGS.

George Kelley and family, of Houlton, spent a few days out on the Clatskanie at the camp of his brother, C. H. English.

Sam Kelley and family, of Clatskanie, are visiting friends here, and spent a few days at the English camp out on the Clatskanie river.

Hon. Norman Merrill, of Clatskanie, visited relatives and friends here several days of the week, including his new niece, Effie Elizabeth, the daughter of Jennie and Alex McDonald.

Mrs. Ross Connell and family, of Columbia City, has moved to Portland. This is the granddaughter of E. House, who is now in St. Vincent hospital, Portland, at the expense of this county. As it is now a fact that the family and all their belongings have moved away from this county there is no reason that he should receive this county's support any longer.

It is a deplorable fact that when some people commit a gross error, more especially when it is done through malice aforethought, they are allowed to escape punishment through some personal influence, and fear not the law nor its enforcement, because the authorities will not, or are not prepared to enforce the law. It is a fact, but should not be the case. Still, it is allowed, and who are to blame? If the party who set so much fire out between Clatskanie and Clatskanie, and set an example of forest fire might not be so frequent in the future and settlers would feel easier than they do.

Forest fire is now raging in this neighborhood and an enormous amount of damage is being done. Several hundred acres of logging camps have been badly damaged. J. C. Enyart being the heaviest loser. He lost his camp, barn, six or eight oxen, yokes, roads and over 200,000 feet of logs that were in the creek. His loss is fully a thousand dollars. Samuel Kinder and E. J. Barnes are also heavy losers. Several ranches have lost a great deal of fence but no residences have been destroyed. Considerable loud talk is used toward the parties who so recklessly kindled a fire, and a destructive agent has brought hardship upon people who feel the sharp edge of desperation driving fast behind their energy, to be thus cut off from their hard earnings, which is not very comfortable, and is being excused for their free indulgence.

DEEP CREEK.

The Sunnyside school will close a term of four months next Friday.

The ranchers are now very busy harvesting their beautiful crops of grain. Hay is plentiful and of a most superior quality.

The Astoria butcher is again in the valley buying several head of fine beef cattle. This is the third lot to be driven out overland to Astoria via Jewell.

All indications go to show that summer is drawing to a close, and that autumn is right at hand, and the effect of frost is quite perceptible on tender vegetation.

W. N. Meserve has been doing quite an extensive job of surveying on Deep Creek the past two weeks. We believe Mr. Meserve is a very competent hand with the compass.

The Deep Creek mill is undergoing a thorough course of repairs, preparatory to the coming busy season of grinding the fine wheat into flour which will abundantly supply the local demand and save the farmers many dollars, which would otherwise be sent to Portland.

The principal event of the season took place at Mr. A. Anderson's, of Fishhawk, last Thursday, the 10th inst., being the fiftieth anniversary of the wedding of that grand old couple, Mr. A. and Mrs. Elizabeth Anderson. A family reunion was had, the being of Oregon City, and seven grand children present. Friends and neighbors to the goodly number of eighty-one persons gathered in to help celebrate the Golden Wedding, the ceremonies of which were officiated by Rev. Nissen, of Cathlamet, being a Lutheran minister. A sumptuous repast was then had to which the many friends and relatives did not fail to attend. The afternoon was spent in merry-making generally, with songs, recitations and instrumental music. A commodious table was provided for the evening, and the whole was heartily participated in by both old and young, the aged bride being the most conspicuous figure, dancing with children and grand children, saying at the time, "Let us be young and gay while we can, for we have plenty of time to be old." The following is a brief sketch of the eventful lives of this venerable couple.

Mr. Anderson was born in 1817 in the city of Christiansburg, Norway, in the year 1816 and 1821 respectively, they now having reached the ages of 79 and 76 in the latter stated. Their wedding took place in the city of their nativity just fifty years ago. They emigrated to the city of Chicago in 1847, and ten years later they came to Oregon and here resided on Fishhawk ever since. Mr. Anderson is a first-class mechanic and can show some specimens in his cabinet work which are creditable monuments to his skill and industry. He is a kind and affectionate mother. We join in the numerous friends in wishing them joy and peace in their declining years.

O, mother, fond and faithful, Thou trust earthly friend, May I be near to soothe thee 'Till all thy struggles end.

QUINCY ITEMS.

We are having very smoky weather.

Mrs. White went to St. Helens last Friday.

Oliver Barnes is visiting his sister, Mrs. Welch, at Portland.

Miss Rhoda John attended the institute at Clatskanie last week.

G. W. Barnes was among the good people at church last Sunday.

The school commenced Monday with Miss John as teacher.

Arthur Lowe, of Hazel Grove, is working for Mrs. A. T. Laws this week.

Frank Barnes started for Gresham, where he and his cousins will commence picking hops.

PERIS POINTEERS.

John Ullman is erecting a new house on his place.

If the smoke gets much thicker we will have to shovel it out of the road in order to get through.

Fire has run all through this part of the country in streaks, doing considerable damage, especially to the road between this place and Yankton.

There has been a great deal of trouble experienced in this locality from the fallen timber, which has, at some times, nearly entirely stopped travel upon our roads.

Last Saturday night there was a family camped at the bridge on Salmon creek, and from the amount of noise made we would judge that they had a good time.

S. Rock's wagon broke down under the weight of a load of lumber the other day and the load was deposited by the roadside at Smith's place, where it remained until the wagon was repaired.

KEUBEN.

Cal Bladell, of Portland, was in town over Sunday.

J. M. Archibald, having been bedfast for the past week, is gradually improving.

H. Johnson returned from Seattle Tuesday. He reports dull times on the Sound.

Mr. Hall is much improved under Dr. Sims' care and has returned to his home in Portland.

H. B. Borthwick went to Coville Tuesday to fill a contract on immediate demand for shrimp bolts.

Miss Neer, daughter of J. D. Neer, of Portland, is visiting her grandmother, Mrs. C. Stehman, this week.

W. C. and Ellis King have just returned from their farms out near Aplary, where they have been making hay for the past six weeks.

YANKTON.

Rain is prayed for by everybody.

H. O. Howard was a Portland visitor last Thursday.

A number of our people took in the excursion to the beach Friday.

Services were held in this place Sunday by Rev. Judy, who preached an excellent sermon.

Mrs. Pope and Mrs. Bailey left this place for Butteville Thursday, where they will stay for some time.

We wonder why that person was singing "There is Somebody Waiting" as he walked along the street? We were near, but we did not see anybody waiting.

PERSONAL AND GENERAL.

Mrs. J. G. Muckle went to Skamokawa last Friday to visit her sister, Mrs. Price, of that place. She returned home Tuesday.

Phillip Neer, of Gillton, who has been suffering for several months with rheumatism, most of which time he has been confined to his house, was in St. Helens Friday. His condition, however, is not greatly improved.

If cordwood was legal tender for all obligations St. Helens would be in good circumstances financially. If steamboats did not have tall smokestacks their presence would not be known by persons on the shore, for the wood piled along the bank.

Edward Cline, living at Seapoope, was arrested Tuesday, says the Oregonian, on a charge of threatening to kill G. L. Watson, a man 70 years of age. The men got into a dispute last Saturday over the building of a fence, in which Watson was assaulted.

The steamer Kahani on her down trip last Monday broke one of her engines and in consequence could work only one engine, making her somewhat late in arriving at this place. Tuesday the steamer Hustler was put on the route in place of the Kahani while the latter was being repaired.

Mr. Frank Dow, the Oak Island dairyman, has been on the sick list for some time, not sick enough to stay in bed all the time, but afflicted with "that tired feeling" so common in Oregon during the summer days, and especially in smoky August. By the way, the man who is sick, yet not sick, is the most uncomfortable man to be found.

Among the numerous persons who have been cured of rheumatism by Chamberlain's Pain Balm, mention should be made of Mrs. Emily Thorne, of Toledo, Wash., who says: "I have never been able to procure any medicine that would relieve me of rheumatism like Chamberlain's Pain Balm. I have also used it for lame back with great success. It is the best liniment I have ever used, and I take pleasure in recommending it to my friends." For sale by Dr. Edwin Ross, druggist.

"We had an epidemic of dysentery in this vicinity last summer," says Samuel S. Pollock, of Briceland, Cal. "I was taken with it and suffered severely until some one called my attention to Chamberlain's Colic, Cholera, Diarrhoea Remedy. I procured a bottle and felt better after the first dose. Before one-half of the bottle had been used I was well. I recommended it to my friends and their experience was the same. We all unite in saying it is the best." For sale by Dr. Edwin Ross, druggist.
