

PORTLAND HONORED.—L. D. Cole, of Portland, who was delegate of the Northwestern Manufacturers' Association to the meeting of the National Manufacturing Association, has been elected one of the vice presidents of the latter body. Mr. Cole is manager of firm of J. M. Moyer & Company. He ably represented the interests of this coast in the national meeting, and his influence will doubtless attract many prospective investors to the West.

ALL NEW WOMEN.—Newberg is up-to-date. The Graphic says that all of the babies born in that community this year have been girls. But what is going to become of them? This is leap year, but the most advanced female that ever shrieked woman's rights from the stump has not yet tackled the infant question, and those babies in the wood cannot marry. The experienced editor of the Graphic suggests to inform us—what of it, if they all are girls?

I. O. G. T. LODGE AT DELERA.—H. C. Tripp, state deputy I. O. G. T., organized a Good Templars' lodge at Delera, on February 13th, of fourteen members. It will meet at Meerve's hall on Sunday afternoons at 2 o'clock. Its officers are A. K. Morgan, C. T.; Mrs. L. M. Little, V. T.; Mrs. E. M. Wonderly, chaplain; W. N. Meserve, secretary; Mrs. Kate Atkins, financial secretary; Elmer Meserve, treasurer; S. M. Boals, marshal; Charles Little, deputy marshal; Harry Meserve, G. M.; Mrs. L. A. Richardson, P. C.; J. W. Meserve, lodge deputy. The charter will be kept open three weeks for charter members.

COUNTY REVENUE.—Copies of the assessment roll for 1895 are now completed and taxes are payable. The amount of revenue to be collected this year exceeds by nearly \$2000 that of last year. The total tax to be collected this year by Sheriff Doan, exclusive of poll tax, is \$38,305.54, divided as follows: County tax, \$22,201.65; state, \$6,188.44; county school, \$6,461.55; special school, \$2,541.78; non-resident road tax, \$857.52; city tax, Vernonia, \$54.60. In addition to this there appears on the tax roll \$678 of poll tax to be collected at the same time as the property tax, making a total to be collected of \$38,983.54. Of this amount only \$22,201.65 is for county purposes.

ANNIVERSARY.—A very pleasant evening was spent by the Knights of Pythias in this city Tuesday, the occasion being in commemoration of the 32nd anniversary of the order. After lodge closed those assembled members and their wives and a few friends to the number of about 30, and enjoyed the remainder of the evening in a game of drive wheel. About 10 o'clock the Knights served a lunch consisting of coffee, sandwiches and fruit, and endeavored in every way possible to make their visitors happy. Those present were Mr. and Mrs. J. H. Sheldon, Mr. and Mrs. C. H. Johns, Mr. and Mrs. Frank Dow, Mr. and Mrs. Dave Davis, Mr. and Mrs. James Mucke, Mr. and Mrs. J. R. Boegle, Mr. and Mrs. M. C. Gray, the Misses Tillie Mucke, Flora George, Frankie Way, and Mrs. H. R. Cliff, Messrs. M. C. Case, W. A. Harris, Jacob George, James Cox, Dr. Ross, C. W. Blackledge, Fred Caples and C. H. Newell.

RAILS TO ARRIVE.—The first consignment of rails for the railroad from Astoria to Goble is now on its way to Astoria. The British ship Brenhilda sailed from Maryport on January 31, and if she meets with no mishap will arrive here about July 1st. Two more ships are loading rails, and will soon leave English ports. In all there are 10,000 tons. These rails are the best railroad steel, weighing 75 pounds to the yard. No other line in the Northwest has such a heavy rail except the Great Northern. Work on the ten-mile section from Tongue point east has been going ahead steadily all winter, notwithstanding the bad weather. There are over 300 men at work now and more are being employed. On Taney point about three miles of grade have been completed. Contracts will soon be let for more grade work. The Youngs bay bridge is being put to completion, and will be finished in time to lay the railroad iron when it arrives.

HIS RULING.—County Clerk P. W. Gordon, of Seattle, Wash., evidently considers his time valuable, for he has issued the following schedule of how long he may be seen by his friends and others: Friendly calls, 2 minutes; friendly calls with a good cigar accompaniment, 15 minutes; friendly calls when busy, 1 minute; life insurance agents, 5 minutes; calls to discuss the silver question, 2 seconds; friendly calls with a great scheme, 5 seconds; same willing to let us in on the ground floor, 1 minute; friendly calls with subscription list, 1 minute; males with subscription list, 0; friends who want to go fishing, 10 minutes; 2 seconds; friends who want to go to lunch, as long as necessary to adsorb the lunch, 0-1 hour; friends who want to borrow \$5, 2 seconds; friends who want to borrow \$10, 2 seconds; friends who want to borrow over \$10, 0; boro-male, 0; boro-female, 2 minutes; friends with an axe to grind (if plausible) 9 seconds; friends who want to give us advice, 30 seconds.

AGAINST EQUAL SUFFRAGE.—After the meeting of the McKinley republican club Wednesday night a very interesting session of the senate was held. A bill was introduced for the re-enactment of the McKinley law, and is to take effect upon its passage and approval. The woman suffrage bill was passed to its third reading. The evening was most devoted to the discussion of this bill, but when the nays and yeas were called for it was defeated by 10 to 9, there being a number of pairs announced. During the discussion of the question interest ran high, and at intervals questions of parliamentary practice were urged with vigor. The bill was principally championed by the democrats and populists, though some republicans voted for and some democrats against the measure. Discussion of the bill to increase the circulating medium \$500,000,000 will probably be taken up at the next meeting.

## FROM BITTER ANIMOSITY

### Carl Albright Wreaks Sweet Revenge.

The Woman Who Would No Longer Support Him was Deliberately Shot Down.

MARSHFIELD, Or., Feb. 18.—This community was thrown into a fever of excitement this afternoon when it was learned that Carl Albright had shot down his wife in cold blood.

Albright had been very cruel to his wife for a number of years, and his treatment became so bitter a week ago that she left him and instituted divorce proceedings. Albright did his utmost to get her to return and yesterday said that he would talk no longer, but would kill her. Today after Mrs. Albright had returned from doing a day's washing for the family of John Pruss, in South Marshfield, he made good his threat.

Mrs. Albright had been at Pruss's house and was taking a basket of clothes to her daughter, when Albright met her. He spoke to her about leaving him and she replied by asking him to go away and leave her alone, but this he would not do. Mrs. Albright first sought protection at Judge Watson's residence from her pursuing husband, but was intercepted by Albright. Mrs. Cox appeared then and began to intercede for Mrs. Albright, but he placed his hand on his hip pocket as if to shoot Mrs. Cox, and the latter hurriedly got out of the way. A few moments later Albright walked up to his wife and placing a revolver to her back, fired five shots, the first two taking effect. After the first shot Mrs. Albright fell to the ground, and the other four shots were fired after she was down. She was dead when picked up.

When his dastardly deed was committed Albright turned and pointed his revolver at himself, as if he were going to take his own life, and then took to his heels to get out of the reach of the officers. William Webster shadowed him in his flight, Albright keeping him at a respectable distance by threatening to shoot. Webster pointed out Albright's hiding place to Marshal Errod, who went up to him and ordered him to throw up his hands; but Albright hid up only one, and was in the act of shooting at Errod when the latter fired. The third shot brought the wife murderer to the ground. At first it was thought that Albright would die, but on examination it was found that he had received only flesh wounds. Two bullets struck him, one in the right shoulder and one in the right hip. Albright is now in the hospital. The feeling is very bitter against him, and a "necktie party" is talked of. Mrs. Albright was a woman who bore a good reputation in this community, and made a living for both herself and husband at the wash tub and by any work she could get. Albright is a worthless wretch, given to the drink habit, and was drunk when he killed his wife.

## CLATSkanie

Dan Rice is taking in the sights of the great city this week.

W. K. Tichenor was a passenger for Portland by steamer Monday evening.

G. R. Higgins is at Rainier this week, presumably on a political errand.

Mrs. Merrill, er., came in on the steamer Wednesday to visit her son Frank.

Gus Blair and Jesse Nichols have been in from the river supplying some fish for the hungry.

Mrs. Alex McDonald, of Deer Island, was in our city last week on a visit to her brother, N. Merrill.

Mrs. Norman Merrill is spending this week with her mother and friends at Woodland, Wash.

Mr. and Mrs. Chas. Stock left on the steamer Wednesday for their home near Ostrander, Wash.

The city corn band has been gathering in some new material, and have lately been spending evenings in practice.

The friends of Fannie Meserve in this locality unite with her friends elsewhere in wishing her a happy married life.

We understand that the ahinge mill now being moved back to the city, will be in shape to cut shingles by next week.

We notice by the Chief that Silvio Graham is now proprietor of the Columbia meat market. Will Fouts seems to be assistant manager.

Some fine apples were shipped one day last week by the Lovgrens boys, raised on the Lovgren place near here. Glad to see good fruit raised for sale.

We notice the engine on the track again between Saldern's logging camp and the log chute at the river, and learn that work is going ahead at the camp.

W. A. Edgerton is doing road work it may be judged by the plowing and scraping that he and his team have been doing. We will wait until the work is finished before commenting.

The new firm of Page and Warren are now attending to the wants of customers at the Edgerton store room. They are capable business men and will do their best to merit the success as merchants which their friends hope for them.

We learn that Miss Maud Bryant has secured the school at Mist for the next term, while Prof. Hattan is to train the young idea at Mayer. It is a re-election for both these teachers, and shows that their work has given satisfaction.

Louis Kilby, of the lower sawmill, went off to Alaska a few days ago and brought back a bride from that place. He is receiving the congratulations of his friends and trying, he was very successfully, to look as though he was used to getting married and not embarrassed any.

Oscar Sheldell was in town the first of this week. He was one of the very few successful applicants for teachers' certificates at the county seat last week. It was a black check for some applicants, but will give a chance for more study and another trial.

Our city council is deserving of credit for getting that miserable mudhole between Warren's and the City hotel covered over with a substantial plank roadway. A vote of thanks will be seconded by everyone who travels over that portion of the street. Even the cows look much better satisfied as they walk over it.

Since the visit of Mr. Herman of the Rainier Review our town has had quite a write-up. We congratulate Mr. Herman on being able to know a good thing when he sees it, and on being able to tell the people in a very entertaining manner what he

## CUBANS AGAIN VICTORIOUS

### Forces of Gomez and Maceo Concentrated.

Arms and Ammunition Being Sent to the Insurgents From the United States.

HAVANA, Feb. 19.—Antonio Maceo, with a large following, yesterday made an attack upon Jaruco, the largest and most important town on the railroad between Havana and Matanzas. The official report states that the garrison made a heroic defense, but not a word is said of the losses on either side or of the damage inflicted by the insurgents. After the attack, Maceo left the town and joined the column led by Gomez, which came to meet him. It seems evident that Maceo and Gomez intend to move into Matanzas and form a junction with the insurgent forces from the east under other leaders who have arrived there. Their course from Jaruco was to Sabina Robles and La Caballana, and from there in the direction of Madruga, which is toward Matanzas.

Mr. Charles Mucke and his sisters, Mrs. Jacob George and Mrs. D. J. Switzer, will start tomorrow for Los Angeles, Cal., to remain some time. They all go on a recuperating trip, especially so does Mrs. George, whose health for the last few months has been such as to excite some alarm. They expect to be absent several weeks.

Mr. C. J. Curtis, proprietor of the Weekly Herald, of Astoria, will launch his new daily about the first of March, so it is reported. Curtis is an old-liner in the business, and if he cannot make a daily morning paper a success in that city it will be because circumstances are such that no one can. Astoria should support a good morning paper.

Call for Democratic County Reorganization.

Editor MRY.—At the request of fellow Democrats of Columbia county, I should like to call, through your paper, for some expression as to the holding of a convention for the reorganization of the Democratic party in Columbia county.

It is proposed to hold a county convention about April 4th, for the purpose of electing a county committee, delegates to the state convention and choosing a county ticket for the June election.

I should like to hear from county Democrats on the subject. Very Respectfully,

W. B. DILLARD,  
Member State Committee.

A Household Treasure.

D. W. Fuller, of Canajoharie, N. Y., says that he always keeps Dr. King's New Discovery in the house, and his family has always found the best results follow its use; that he would not be without it, if procurable. G. A. Dykeman, druggist, Catskill, N. Y., says that Dr. King's New Discovery is undoubtedly the best cough remedy that he has used it in his family for eight years, and it has never failed to do all that is claimed for it. Why not try a remedy so long tried and tested. Trial bottles free at Ross' drug store. Regular size 50c and \$1.

CIRCUIT COURT TODAY.—An adjourned term of the circuit court for Columbia county will be held here today, with Judge E. D. Shattuck, of Portland, on the bench. The case of Kelly vs. Lamberson is to be taken up, and inasmuch as Judge McBride being interested he did not desire to occupy the bench while it was being tried, and in consequence Judge Shattuck will preside.

A NOISY CONVENTION.—The populists of Washington county held their convention at Hillsboro last Saturday for the purpose of electing delegates to the state convention. The convention was divided into two factions. It was Hare and anti-Hare, and the anti-Hare seemed to have control. Very unpleasant things were said pro and con regarding the sincerity of a venerable gentleman whose oratory exceeds by far his consistency. It was no middle-of-the-road crowd against the fusionists, and the former seemed to be in the saddle. Mr. Hare was, however, permitted to go as a delegate to the state convention, but only after a personal plea had been made by some of the more conservative members of the party. The fight between the populist factions in Washington county is on, and no doubt the breach will widen in the future.

DIVORCE NOT A DIVORCE.—During the last term of the circuit court in this county a divorce was granted to Harry Viereck from Emily May Viereck. The plaintiff resides in Portland. The service was had by publication, it is claimed, but a copy of the complaint was not served on Mrs. Viereck who was in San Francisco at the time. The next day after procuring the divorce Viereck went to Vancouver and married another woman. Mrs. Viereck number one, upon learning the facts in the case, and that she was a widow without her knowledge or consent, claims that the proceedings were illegal and brings suit to obtain \$50 per month as alimony. The case has been taken into the circuit court of Multnomah county where it is attracting considerable attention. Wife number one and wife number two ought to fuse and bring a "too much" married man to terms.
