

MEEKER WON THE BIKE.—The bicycle which was raffled off at the store of Dart & Muckle last week was won by Lindley Meeker, of Houlton, his being the last number to be drawn from the box. The total cost of the bicycle to Mr. Meeker was about \$3, one half for tickets and the other half for cigars.

NEW PASTOR.—Rev. A. Weinert, formerly of Linn county, has been appointed by the Evangelical conference to the Houlton charge to succeed Rev. McElroy. The new pastor, with his family, consisting of wife and one child, arrived here Monday and are now quartered at Houlton for the ensuing year.

THREE WERE DROWNED.—On Wednesday last three persons were drowned in the Columbia river abreast of Skamokawa by the capsizing of a sailing boat. There were five persons in the boat, but two of them were saved more by accident than otherwise. The occupants of the boat were Frank Peterson, Charles Newell, Rudolph Kraft, Mrs. A. R. Crosby and Miss Anna Kennedy. Peterson, Newell and Mrs. Crosby were drowned and Miss Kennedy was only resuscitated after every effort had been spent. Mrs. Crosby was married on the 4th of April last and her husband is in the employ of the Skamokawa sawmill.

A PLEASANT PARTY.—The home of Mr. and Mrs. James Muckle was the scene of a very pleasant whist party last Wednesday evening, where friends to the number of fourteen assembled to enjoy abundant hospitality. Those present were: Mr. and Mrs. James Muckle, Mr. and Mrs. C. H. Johns, Mr. and Mrs. J. H. Sheldon, Mr. and Mrs. H. Allen, Mr. and Mrs. J. George, Mr. and Mrs. J. R. Beagle, Miss Mary Burke, Miss Tillie Muckle, Judge T. A. McBride and Mr. C. E. Runyon. The pleasure was divided into three parts: first, the games, which were followed by an excellent luncheon, and later, a general social chat, until, behold, it was 12 o'clock.

THREE MONTHS AND COSTS.—John Isenhart was, on Monday last, sentenced to three months in the county jail and to pay the costs in the case by Judge McBride after having been convicted of adultery with Mary C. Seaver. The case was tried at the last October term of court, and came up this time on a motion for a new trial. The motion was overruled by the court and sentence passed as above stated. An appeal to the supreme court has already been filed, and that tribunal will be called upon to decide whether or not a new hearing shall be had. The costs so far incurred in the case amount to \$318. Isenhart was admitted to bail in the sum of \$500 pending the appeal. When court was called Monday morning Judge McBride asked Isenhart if he had anything to say by way of defense should not be pronounced, and in response the defendant took the floor and talked in his own behalf for three quarters of an hour, reviewing the case throughout. His talk, however, did not seem to sway the court from the path of his official duty, but it did, to some extent, furnish amusement for the spectators.

JUDGE BENNETT HERE.—Last Monday evening Judge A. C. Bennett, of The Dalles, democratic candidate for congress, addressed the people of this city upon the political issues of the day, devoting most of his time to the question of finance. W. B. Dillard, state central committeeman for Columbia county, presided and in a short speech introduced Judge Bennett. The speaker's logic in handling the vexed question of money was, in most part, clear and forcible; but even then some democrats call in question the truthfulness of certain statistics presented by him. It has been said that Judge Bennett was advocating a tariff on wool, but if such is the case he forgot to mention it here; but on the contrary claimed that free silver was the only issue before the American people today, and that the tariff had nothing to do with the nation's present condition. Such an argument would not convert any number of people in a St. Helens audience, though the speaker presented his case in a very clear and concise manner. Judge Bennett as a man stands high in the estimation of the people of this county, he having at one time been judge of the circuit court here; but Judge Bennett as a politician is quite another person.

SPEECH BY AN ORATOR.—Professor William Rasmus addressed the McKinley republican club of this city last Tuesday evening upon the political issues of the day. Harrison Allen, president of the club, introduced the speaker, who at once began a forcible plea for the restoration of the republican party to power, setting forth his reasons as he proceeded. The democracy since the time that party first gained control of the government, the speaker declared, had shown itself incapable of grappling with the great questions of national importance, and especially had this proven true during the present administration of President Cleveland and a democratic senate and house. In unmistakable terms the speaker retraced the instances of poverty and want which had befallen the people, and more especially the laboring classes under operation of the Wilson tariff law, showing conclusively that the enforced idleness of the hundreds of thousands of workmen in this country today is the direct result of that measure of "perfidy and dishonor." Statistics were read showing that during the past three years our foreign commerce has suffered a great change. Prior to 1893 the balance of trade was in our favor by many millions of dollars annually, but since that time our imports have largely exceeded our exports. This is the direct result of opening our ports to the manufactured goods of Europe, made by cheap labor with whom our workmen cannot compete; hence our factories have been forced to close or work on short time with greatly reduced wages. The professor kept his hearers in good humor with an occasional story, and, by the way, he proved himself no mean artist in this role.

PRIZES FOR WRITING.—Professor J. M. Garrison, of Forest Grove, closed his writing school here Wednesday, completing the twelve lessons. He has been teaching two classes at the same time—one in St. Helens and one in Houlton, the latter in the afternoon and the former in the evening—each class containing 43 pupils, mostly small children. Two prizes were offered—the first for the best specimen of penmanship, which consisted of a silver napkin ring, and the second prize for the greatest improvement made during term, consisted of a five dollar gold piece. Wednesday afternoon the two classes were brought together in the school house in this city for the closing review and to witness the awarding of prizes. Mrs. W. H. Dolman and Messrs. N. A. Perry and J. R. Beagle were appointed judges, and with great care went over the different specimens of writing, each slip of paper containing on the back the person's name to whom it belonged, and after careful comparison the first prize was awarded to Miss Ora Meeker, of Houlton. It was more difficult, however, to decide which pupil had made the greatest improvement. In fact, all had improved very much. Two, however, were so nearly equal in advancement that it was almost impossible for the judges to decide, and finally they asked permission of the class to divide the prize equally between the two so near equal which was agreed to by an unanimous vote, and thus Miss Florence George, of St. Helens, and Miss Gerlie Weed, of Houlton, were awarded the prize for having made the greatest progress. The pupils all seemed satisfied with the result, though some, of course, for the moment, may have felt disappointed. But be that as it may, they are all deserving of congratulation for the marked improvement made during these twelve lessons. Professor Garrison left yesterday for Castle Rock, Wash., where he expects to organize a class.

For every quarter in a man's pocket there are a dozen uses; and to use each one in such a way as to derive the greatest benefit is a question every one must solve for himself. We believe, however, that no better use could be made of one of these quarters than to exchange it for a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, a medicine that every family should be provided with. For sale by **Dr. Edwin Ross**.

Mr. D. P. Davis, a prominent liveryman and merchant of Graham, Va., has this to say on the subject of rheumatism: "I take pleasure in recommending Chamberlain's Pain Balm for rheumatism, as I know from personal experience that it will do all that is claimed for it. A year ago this spring my brother was laid up in bed with inflammatory rheumatism, and suffered intensely. The first application of Chamberlain's Pain Balm eased the pain, and the use of one bottle completely cured him. For sale by **Dr. Edwin Ross**."

Jim Van says he got the speaker to Mayor Tuesday just in time to catch the last steamer. St. Helens came near losing their address for that evening.
It is not often one sees **Charles Gomme** on horseback, but he sits gracefully in the saddle and looks as though he knew all about it. The horse was not trotting, however, when he rode through town.
The city brass band gave us some exceptionally good music on the street last Monday evening and are certainly getting to the front in good shape as a musical organization.

W. H. Conyers has been a victim of misfortune the past few days owing to a swollen face, which has not only marred his beauty but has been a severe tax on his patience. It is nearly well now and he begins to assume his expression of benevolence again.
A piano was taken from Conyers' hall this week from which we infer that the entertainment in preparation must have been postponed. In fact it leaks out that there was a slight lack of harmony among the stars, which may, however, be restored in the near future.
J. B. Mettler, of Portland, has been in our city a few days trying to revive the fraternal order of the Knights of the Macabees that once started in this place and has dwindled down to about two members. Mr. Mettler reports encouraging prospects for putting the order on a good footing again.
William Rasmus, of Portland, gave us one of the best speeches of the campaign on Monday evening last. He is a fine speaker and had his subject well in hand. The address was calculated to make his political opponents a little warm under the collar, but all took their medicine and he believed as much as suited them. He believes in staying by the regular nominees.

The members of the Epworth League celebrated the seventh anniversary of the founding of that society last Sunday evening at the church. Very elaborate and tasty floral decorations gave the church a handsome appearance, while a large attendance and an interesting programme of exercises made the evening quite entertaining as well as profitable to those in attendance.
Messrs. Hughes and Hays, of Portland, after a few days spent here organized an assembly of United Artisans last Saturday evening in Kraus' hall. They occupied the church on Thursday and Friday evenings, where Mr. Hughes talked temperance to an audience for awhile, then urged the benefits of a good fraternal insurance organization. Cash is too scarce just now to make these orders very popular notwithstanding their great benefits.

EDITORS MIST: The political question is the all important topic of consideration and discussion at the present time. The people of this county are interested and wish to select the best and ablest men for the offices. There is no reason why the teachers should not feel an interest in the choice of their county school superintendent. Since there are only about a dozen male "school marns" in this county, the teachers haven't much of a chance to express their wishes as to their future superintendent. Being a lady teacher I cannot express my views by a vote, hence, take this pen.
I know of no teacher who has been displeased with our present officer. He has labored untiringly for the interests of the teachers and patrons. He never refuses to do a favor if it will benefit anyone. He works for our improvement and advancement. In examinations he has been strictly honest and shown no favoritism. He visited more schools in the last two years than any other superintendent ever did in the same length of time. He went to the remotest parts of the county and visited schools that were never visited prior to that time. I talked with several Nehalem teachers who say he visited schools in that part of the county and it was an encouragement to both teacher and pupils. I hope our kind citizens will consider how we have improved under the present administration, and show their appreciation of his great zeal and energy by giving him the election.
A LADY TEACHER.

Hon. T. J. Cleton spoke at Mooreville last Friday evening. He dwelt at length upon the tariff question, reviewing it from all sides. He also entered into a very comprehensive discussion of the money question, showing that neither the democratic or populist party could be trusted to solve it, and that the republican party was really the only party that could solve this question to the satisfaction of all and in the best interest of all. In a most humorous style the originators of populism and their principles were explained to the voters.

Mr. Fred Miller, of Irving, Ill., writes that he had a severe kidney trouble for many years, with severe pains in his back, and also that his bladder was affected. He tried many so-called kidney cures, but without any good result. About a year ago he began the use of Electric Bitters and found relief at once. Electric Bitters is especially adapted to the cure of all kidney and liver troubles, and often gives almost instant relief. One trial will prove our statement. Price 50 cents and \$1.00. CASTORIA

for Infants and Children.

MOTHERS, Do You Know that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupifying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Fisher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Fisher and his assigns to use the word "Castoria" and its L-Trade, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

Do You Know that 25 average doses of Castoria are furnished for 25 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The San-dinic signature of *Chas. H. Fletcher* is on every wrapper.
