

LARGE SALMON.—Last Wednesday morning Messrs. Sheldon & Cox shipped from this place to a down river canner a salmon weighing 82 pounds, the largest one caught here this year. At the present price, 4 cents a pound, this fish netted \$3.28. It is seldom that a fish of this size is caught, although no doubt there are many of them in the river.

FAMILY POISONED.—Last Monday at Demucus, Clatskanie county, the family of John Heilman, a German, was poisoned by strychnine being put into the spring from which they used water. One of the children died, and another was not expected to live. The family all suffered more or less. No cause for the deed having been committed is known.

LET THEM GO.—A Willamette valley paper reports that the continued late cold rains have almost annihilated the codlin moth. This pest probably learned early in the spring that the fruit crop was to be a failure this year, and hence does not care to make its appearance when there is so little to devour. However, the fruit-raisers could afford to lose one crop to be rid of such a pest.

TOO MUCH MOTHER-IN-LAW.—C. E. Wikstrom was granted a divorce from Mary E. Wikstrom, Monday in Portland, by Judge Stearns. The plaintiff testified that the defendant neglected her household duties and her child, and allowed herself to be controlled by her mother, and generally rendered his life burdensome, and also willfully deserted him. The plaintiff was granted the custody of the child.

WOODMEN.—F. J. McHenry, state deputy grand consul of the Woodmen of the World, has been in the city several days working in the interest of the order. Last evening he delivered a lecture at the opera house. Mr. McHenry exhibits some excellent photos of the different camps of Woodmen in Oregon, which shows conclusively that the order in this state is composed of substantial men. The main feature of the order is insurance, an article which every man should invest in, at least to some extent.

WEDDING DAY.—This is evidently wedding day for Lane county, remarked the Eugene Guard one day last week. The Guard has accounts of five young couples who will be linked together in the holy bonds of matrimony before the evening dew will have fallen again. No. 6 applied for license last evening, but the young lady being under age and the application paper not being properly made out the county clerk could not issue the license and the matter had to be deferred until the groom-elect will have had time to return home and get the proper papers correctly signed.

TOO MANY WIVES.—Several days ago, a Mrs. Taylor, with several children, arrived in Albany, expecting to meet her husband. She was married to Mr. Taylor about four years ago, it being her second marriage. Several months ago Taylor disappeared, leaving her with the children. Not long ago she received word from him to come to Albany, and that he would meet her. So she sold all of her household effects and came, but Taylor had failed to appear. Instead, she learned that he was at Astoria, and for the first time, that he had another wife, to whom he had been married previously, with whom he was again living. Why he sent for wife No. 2 is an enigma. She is now in Albany without a cent and in destitute circumstances.

IMMIGRATION BOARD.—This office is in receipt of "The Pacific Northwest," a pamphlet containing 128 pages, descriptive of Oregon, Washington and Idaho. It is issued by the Oregon Immigration Board at Portland, and furnishes much valuable information concerning the Pacific Northwest. Several thousand copies have been printed most of which have been distributed throughout the East among people who contemplate emigrating westward. The illustrations and descriptive matter contained in the pamphlet do justice to the country it represents, and good results may be expected. It is said that already letters of inquiry to the number of several hundred daily are received by the secretary of the board.

PRESS ASSOCIATION.—President C. C. Doughty, of the Oregon Press Association, assisted by the executive committee, has outlined a programme for the meeting this fall which, if carried out, will make the session this year the most interesting one ever held in this state. Papers will be read and addresses made on many important subjects by newspaper men from all parts of the state. The annual meeting may be held in Portland about September 1, although the time and place has not been decided upon definitely, and promises to be one of more than usual importance. Every newspaper man in the state ought to take part in these annual gatherings and assist in every possible way to make them useful to the profession. A literary programme as outlined by the president and executive committee cannot fail to be interesting.

NEW WAGON ROAD.—The right-of-way for the new road from Arch Cape to Nehalem has been practically finished for several days, says the Astorian. Grading will probably commence at once, so that the road can be completed within a few weeks' time. Those who have ever traveled over the narrow trail around the face of Necanic mountain, can appreciate the advantages of a roadway of sufficient width to allow a wagon to go over with perfect safety. The part of the road around the mountain will be a much traveled thoroughfare during the summer time, it being in several places over 600 feet directly above the ocean, and commanding a vista unequalled on the coast. The opening up of the Nehalem will undoubtedly lead to an early development of the coal beds in that neighborhood, as well as a large area of government land heretofore inaccessible to take provisions and products in and out. The merchants of Astoria who already reap the enterprise finally will surely reap a rich reward in the near future.

SEASIDE STEAMERS.—The White Collar Line and the O. R. & N. Co. have together arranged a "four-day service" between Portland, Astoria and Ilwaco. The seaside business will be carried at night on the steamers Ocean Wave and T. J. Potter, one boat leaving each end of the route every night, during the season. The daylight run will be made by the Telephone and R. R. Thompson. The rates will be the same as charged last year by both companies, and the new schedule will give the most convenient service to the seaside seeking public ever arranged between the points mentioned. The new service began Monday night. The steamers Thompson and Telephone will carry the mail, each making three mail trips a week, the former leaving Portland Monday, Wednesday and Friday mornings, and the latter Tuesday, Thursday and Saturday mornings at 7 o'clock. The Telephone will also make a trip direct to Clatsop beach, leaving Portland Sunday night at 8 o'clock.

SAWMILL BURNED.—Last Friday afternoon the large plant of the Willamette Steam Mills Company in Portland was destroyed by fire. The loss is estimated at \$150,000, with \$40,000 insurance. The loss in this fire is not confined to the mill entirely, because a number of the mill's creditors for logs purchased and other purposes, will probably lose. The career of the Willamette Steam Mills has been a checkered one. It was built by Ben Holiday many years ago, and for many years did a profitable business. Two or three years ago the power plant of the mill was burned, but was subsequently rebuilt. A little later the entire property passed into the hands of a receiver, and has struggled along under pressure of the hard times until last Friday when the unexpected wiped the property out. It is said the plant will be rebuilt.

NEW OFFICERS NEXT MONDAY.—Probate court will be in session next Monday and the regular July term of county court will begin Wednesday. On Monday the bonds of the officers-elect will be filed and the oath of office administered to the county judge. The bonds will be submitted to the county court for approval Wednesday, whereupon the new officers will enter upon their official duties. In addition to the officers who hold over by reelection there will be new officers as follows: County judge, J. B. Doan; sheriff, J. N. Rice; commissioner, N. D. Peterson; treasurer, W. H. Dolman; representative, Norman Merrill. We are not advised in the matter, but presume the bonds of all the officers are ready to be submitted for the court's approval next week. The justices and constables in the different precincts also take the oath of office Monday.

AN OFFICIAL VISIT.—Avon lodge No. 62 of this place was honored last Tuesday night with the presence of Grand Chancellor E. P. Geary, who arrived from Portland that evening. After the business meeting a splendid luncheon was served by the members, at which the wives of the members were present. The evening was pleasantly spent until 12 o'clock. Both the business meeting and the social feature afterwards were very pleasant. A large and beautiful pyramid or rather profusion of flowers was prepared by Mrs. J. G. Muckle and Miss Tillie Muckle and presented to the grand chancellor during the evening. The attendance was fairly good, but would have been better had these members living in the country received notice in time. Dr. Geary left Wednesday morning for Astoria on official business connected with his office.

CLATSKANIE TO CELEBRATE.—For some time past the citizens of Clatskanie have been making preparations to appropriately celebrate the Fourth, and now everything seems to be in readiness for a royal good time. Judge McBride has accepted the invitation to deliver the oration, and this fact alone ought to be an inducement to people to go there, for the judge has a reputation for saying many good things of a patriotic nature and is an entertaining speaker. The sports which have been arranged for promise to be attractive, and no one doubts for one moment but that there will be an abundance of good things to eat. The St. Helens baseball team has accepted an invitation to meet the Clatskanie team on the latter's grounds, and there promises to be a lively contest for the honors.

BIG RUN OF LOGS.—By the use of the large dam on Milton creek a large run of logs was made Tuesday. It is estimated that over two million feet were landed in tide water on that day. These logs belong to several different parties, but the major portion of them were put in by Muckle Bros. and I. Stanwood. This is said to be by far the largest run ever made from Milton creek in a single day.

Jones, He Pays the Freight. Send for a copy of "The Buyers' Guide," with latest reductions and market reports sent free to any address. Freight on \$20 order of goods paid to any point on the Columbia river, reached by Portland boats. Jones' Cash Store, 105 Front street, between Washington and Stark, Portland, Oregon.

STRAYED.—From R. Cox's ranch at Warren, one dark-red bull, two years old, tops of horns sawed off. Anyone finding same will please leave word at THE MIST office. FRANK NAGLE.

Last summer one of our grand children was sick with a severe bowel trouble. Our doctor's remedies had failed, then we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, which gave very speedy relief. We regard it as the best medicine ever put on the market for bowel complaints.—Mrs. E. G. Gregory, Frederickstown, Mo. This certainly is the best medicine ever put on the market for dysentery, summer complaint, colic and cholera infantum in children. It never fails to give prompt relief when used in reasonable doses, and the plain printed directions are followed. Many mothers have expressed their sincere gratitude for the cure it has effected. For sale by Dr. Edwin Ross.

PERSONAL AND LOCAL.

THE MIST and Oregonian one year for \$2.00 in advance. Captain West Whitcomb is pilot on the Ocean Wave.

Mr. W. F. Slaughter, of Mayger, was in this city Monday.

Mr. A. Shanahan, of Vernonia, was in this city last Saturday.

A marriage license has been granted to H. A. Oberg and Christine Olsen, both of Deer Island.

Mr. and Mrs. James Sheldon were passengers for Portland on the Telephone Wednesday.

Washington Muckle is home again after being in Portland for some time having his eyes treated.

Erwin Seffert, of Deer Island, was in this city Wednesday on his way to Portland, where he will spend the Fourth.

Chamberlain's Cough Remedy cures colds, croup and whooping cough. It is pleasant, safe and reliable. For sale by Dr. Edwin Ross.

Miss Julia Cowperthwaite, of Fisher's Landing, has been visiting in this city this week with the family of her uncle, Mr. Charles Newell.

Hon. T. J. Cleston will deliver the oration at Hillsboro on the Fourth. Accompanied by Mrs. Cleston he will attend the commencement exercises at Forest Grove.

Mrs. Bell Gaddis, of Goble, who has been undergoing treatment in a Portland hospital for some time, was in this city Monday, apparently much improved in health.

Mr. R. S. Hatton, who is to be deputy sheriff for the next two years, arrived here with his family and household effects last Tuesday and has taken up his residence at Houlton.

Sheriff-elect J. N. Rice, of Clatskanie, arrived in this city Wednesday last and proceeded to familiarize himself with the office which he is to fill for the next two years.

Last Saturday evening a few friends from this city spent a very pleasant hour or more with Mr. and Mrs. N. A. Perry, of Houlton. Whist and ice cream were indulged in.

It is estimated that it cost \$4,000,000 to hold the St. Louis convention, and that the Chicago convention will cost fully that amount. These little gatherings are indeed expensive.

THE MIST is pleased to note that the teachers of the county are very generally having published a monthly as well as term report of their respective schools. This is indeed a good way to inspire interest in school work, and more especially with the pupils.

George Baxter, who was tried in Portland last week for the murder of his wife, was convicted of manslaughter, and sentenced to fifteen years in the penitentiary by Judge Stephens. He was also required to pay a fine of \$500. A motion for a new trial is pending.

The county school superintendent has arranged to have the teachers' institute at St. Helens, commencing July 27, and ending the 31st. A meeting of great importance is expected. Speakers and lecturers of the highest order will be in attendance. Full announcement of the meeting will appear soon.

Mrs. Rhodie Noah, of this place, was taken in the night with cramping pains and the next day diarrhoea set in. She took half a bottle of black berry cordial but got no relief. She then sent to me to see if I had anything that would help her. I sent her a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and the first dose relieved her. Another of our neighbors had been sick for about a week and had tried different remedies for diarrhoea but kept getting worse. I sent him this same remedy. Only four doses of it were required to cure him. He says he owes his recovery to this wonderful remedy.—Mrs. Mary Sibley, Sidney, Mich. For sale by Dr. Edwin Ross.

The I. O. G. T. of Houlton, invited members of the order from St. Helens to meet with them at the residence of George Perry last Saturday evening for the purpose of displaying their ability in reducing to a mere nothing a very large bucketful of strawberries, one of cream, one of lemonade and several very fine cakes. All hands, old and young, and especially those from St. Helens, proved themselves quite equal to the occasion. After initiating two new members the lodge adjourned and the strawberries and other good things were quickly disposed of. The merry little party then engaged in playing games, and before they hardly realized it the hands of the clock were pointing very close to 12. It must be a very mean, obstinate person indeed, that would not enjoy such an entertainment, for no one who was never before known to crack a smile would, on such an occasion as this, be forced to give vent to loud peals of laughter.

School Report. Following is the report of the school in district No. 41, (Paris) for the month commencing June 1st, and ending June 30th: Number of days taught, 20; number of days attendance, 330½; number of days absence, 32½; number of times tardy, 3; number of boys enrolled on register, 9; number of girls enrolled on register, 10; average number belonging, 18; average daily attendance, 17. Those neither absent nor tardy were: Rosie Dupont, Lentine Dupont, Martha Sintek, John Sintek, Katie Dalatki, Mattie Dalatki, Sofia Ramblaski and Conrad Ramblaski.

Miss Tillie Chelbelin, Teacher.

The Discovery Saved His Life. Mr. G. Callonette, droggist, Beaverville, Illinois, says: "To Dr. King's New Discovery I owe my life. Was taken with a gripe, and tried all the physicians for miles about, but of no avail, and was given up, and told that I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use, and from the first dose began to get better, and after using three bottles was up and about again. It was worth its weight in gold. We won't keep store or house without it." Get a free trial at Dr. Ross' drug store.

CLATSKANIE.

Mrs. Hall is in Portland this week on a brief business trip. Mrs. N. Tingle, of Lower Beaver, returned Monday from a brief visit to Oregon City.

Miss Maud Bryant closed her term of school at Mist last week and returned home.

J. R. Beagle spent last Friday in our city and saw the water at about its highest for the season.

Miss Bonser, of the Nehalem valley, spent Sunday in town visiting in the family of N. Merrill.

Judge T. A. McBride is to be the orator at Clatskanie on July 4th. Everybody invited to hear him.

The C. F. Langfeldt shingle mill has shut down for a short time to allow some time for harvesting.

Artie Haines is in charge of the business at Kratz' store during the temporary absence of the proprietor.

Harry LeBarre spent a few days with his parents in the Willamette valley, returning Wednesday morning.

Some fine looking logs are coming down the logging road across the way lately that ought to bring a good price in the market.

J. M. Reddick is quite helpless yet after his severe injury three weeks ago. John will not be able to do much hard work this summer.

J. T. Johnson and T. L. Carter spent a day this week getting the floor of the new warehouse in shape for the closing scenes of the celebration.

Several teams are busy now hauling cedar lumber from the Nehalem valley to this point for shipment. Some fine looking lumber is coming over.

Louis Erickson is a sufferer from Quinsy that gives him quite a distressed look lately and interferes very greatly with any attempt to swallow anything.

The steamer Shaver is to run an excursion from Portland and intermediate points to this city on Saturday the 4th. Everybody invited to celebrate at Clatskanie.

A number of our people took the steamer on Monday evening for Portland. Among others were Henry Kratz, T. J. Filppen and brother, Ed., George Freeman, George Irwin and T. M. Warwick.

Some of our citizens with some leisure and good appetites have spent part of their spare time in spearing carp during this high water. Several fine specimens have been captured in this way.

Our townsman, A. M. Tichenor, has been entertaining his brother, Stephen, who came in from Mayger one day last week rather unexpectedly. He resides in California, if we are rightly informed.

The executive committee having charge of the exercises for the Fourth of July report everything in fine shape. Some decorating is being done on the streets already and the town is putting on its holiday suit at this writing.

Ed Carlson was over from Beaver Saturday and reports his arm entirely healed from the gash he got in his elbow just three weeks previous. Those who saw the injury were surprised to find it healed so soon.

C. F. Langfeldt came down one day last week with his brother-in-law, Earl, who had a gangrenous finger, thought to be the result of wrapping too tightly after a slight injury. The doctor found it necessary to amputate the finger at its middle joint. It is getting along very well.

In the course of human events H. L. Warren and T. J. Filppen have each had the honor of being presented with a boy at their homes. It being a new experience to each one of these gentlemen they are a little at a loss just how to reply to the many congratulations they receive, but after all, bear the honor with suitable composure.

Our genial and good natured citizen from the river, R. G. Davy, was in town Tuesday and reports the water over his grounds so that he ties his boat to the house and goes by boat to his barn to attend to his stock. He does not exactly enjoy the situation, but smokes his pipe as contentedly as usual while he waits for the turn of the tide.

Our county clerk has been issuing bonds lately—blank bonds, bearing no interest—for the newly elected county officials to have properly filed before next Monday. The successful candidate for office does not have his troubles and with election day, but must file his bonds for good behavior before taking office, and some of those same newly elected brethren have been looking our town over a little to see if they could find any responsible men willing to vouch for them to the county court.

Cure for Headache. As a remedy for all forms of headache Electric Bitters has proved the very best. It effects a permanent cure, and the most dreaded habitual sick headache yield to its influence. We urge all who are afflicted to procure a bottle, and give this remedy a fair trial. In cases of habitual constipation Electric Bitters cures by giving the needed tone to the bowels, and few cases long resist the use of this medicine. Try it once. Fifty cents and \$1 at Dr. Ross' drug store.

MARRIED.

CASE-SHARRER.—At the home of the bride's parents, near Forest Grove, on Thursday, June 25, 1896, Miss M. Josephine Shearer and Mr. M. C. Case.

Mrs. Case is one of Washington county's most successful teachers, having been an active worker in the schools of that county for several years. Mr. Case has also had large experience in school work, and is well known in this part of Columbia county as a successful teacher. Mr. and Mrs. Case will reside temporarily at Houlton. THE MIST extends congratulations.

VERNONIA VARIETIES.

VERNONIA, June 30.—Prof. W. Powell and wife are visiting his parents near Pittsburg. Mr. Case is preparing to put in a "roller process" flouring mill.

Mr. John Hartman is making a model of D. F. Baker's patent "Victor" gate.

Mr. Spencer has a curiosity in the shape of a chicken which has two bills and three eyes.

Miss Elsie Ordway has returned to Nehalem and is teaching the Upper Pebble creek school.

Some of the young folks around here seem to think that night is the best time to visit a strawberry patch.

Quite a number of old soldiers from this vicinity are attending the soldiers' re-union at Forest Grove this week.

One would think the streams must be nearly full of trout to see the numerous large strings of trout which the sportsmen bring in.

There is considerable excitement over the new mining camp. A number of men are at work developing. Some people say they have a rich find.

A number of schools in this neighborhood participated in the celebration of children's day at the Vernonia camp grounds last Sunday. The services were conducted by Miss Guild, teacher of the Kenney school, and the program was well rendered, showing careful preparation. Miss Oral Spencer presided at the organ. A large and appreciative audience was present, and after the services were concluded, sat down to a basket-dinner, which showed that hard times had not affected the productiveness of Nehalem farms and gardens.

SCAPPOOSE. Scapoose, July 1.—Baseball every Sunday now. The cherry crop is nearly a failure this year. Mr. J. M. Joy is quite ill at his home near here.

The first crop of clover hay has been cut on many farms, and the quality and yield is exceptionally good.

Messrs. Johnson and Burdorfer, of Dain, are building a sawmill on Scapoose creek, near Anderson's place.

J. W. Harklerod, an old-timer here, is back visiting relatives and friends. He will go to Southern Oregon to reside.

The creameries here find their milk supply increasing right along. A good evidence that such establishments are a needed industry.

Hon. Wallace McCannan, of Portland, will deliver the oration here on the Fourth. Mr. McCannan comes highly recommended and we will expect a splendid address.

School Report. Report of school in district No. 12, Columbia county, for the month ending June 25, 1896, closing the term: Number of days taught during the month, 20; number days attendance, 332; number of days absence, 48; number of pupils enrolled, 20; average daily attendance, 18; department good; tardiness during the term, none. Those present every day during the term were: Lena Tucker, Clifton Tucker, Leroy Tucker and John Peck.

R. H. BAILEY, Teacher. Report of school board of district No. 12. "We, the undersigned, having examined the report of the above school, find all satisfactory, and furthermore will recommend Mr. Bailey as an efficient teacher."

CASTORIA for Infants and Children.

MOTHERS, Do You Know that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel P. Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

Do You Know that 35 average doses of Castoria are furnished for 25 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of *Samuel P. Pitcher* is on every wrapper.

Children Cry for Pitcher's Castoria.
